The Nutcracker

In 1892 Tchaikovsky premiered his third ballet, "The Nutcracker" in Saint Petersburg, and while in recent times it is know globally and considered a Christmas tradition for many people, the ballet was not well-loved upon release. In fact, it did not gain popularity until closer to the 1950s when companies began performing it annually, marketing it as a Christmas feature.

Welcome To Winter
The Board of Directors, Management and Staff at Midnapore Lake take this opportunity to wish you and your family a very Merry Christmas and a Happy Holiday season! Best wishes to everyone for the New Year.

Our Christmas light display is scheduled to be turned on starting December 1.

Please be advised that we will have reduced hours over the holidays and will be closed on Christmas Day to allow our staff to spend time with their families.

Please keep your eye on our website, www.midnaporelake.ca, or our Facebook page for updated park and office hours, ice conditions and operational limitations. Please know that we are working to have the hockey rinks and pathway open by the Christmas season.

Please remember that helmets are strongly recommended for skating and tobogganing. Have fun and be safe!

Invoicing | Important!
2027 Invoices will be distributed by email. If you have not provided the office with your email address, or if you think you may have an old email address on file, please contact us at 403-256-0550 and we will update your account.

Please ensure that you check your email before the first of December to access your invoice. If you have any questions or have not received your invoice by the middle of December, please call the office at 403-256-0550.

Please note that invoices are due by January 1 of each year. Not receiving your invoice is not a valid reason for non-payment. Fees for 2027 will be increasing by 3% to cover operating expenses. Fees for 2027 will be $323.00 + $16.15 (GST) = $339.15. For your convenience, we recommend payment by e-transfer. We will be charging a fee for lake fee payments by credit card. We do not accept credit card payments over the phone and do not accept cash.

New Technology
Midnapore Lake is excited to be offering an app. This app will allow you to carry a digital card rather than a hard card, it will allow you to check guests in on your phone and eventually allow you to view your account and pay your bill.

If you are interested, please contact the office, during business hours, at 403-256-0550.

Park Hours
Please check the website for up-to-date park hours. As we move into winter, the park will extend hours once we have ice and are able to open for the winter season.

Looking Forward

December 1	Turn on Christmas Lights
December 2026	Skate with Santa (date TBD)

Message From the President
The magic of winter has arrived at Lake Midnapore! With snow on the ground and the lake sparkling under frosty skies, it's one of our favourite times of year. We're so grateful to share another festive season with our wonderful community, and we hope everyone is finding time to get outside and enjoy all that the lake has to offer!

Skate with Santa and Holiday Fun
As we roll in December, we are hoping the skating rink will be open, and we're looking forward to our annual Skate with Santa! This much-loved community tradition is always filled with laughter, hot chocolate and plenty of holiday cheer. Watch for event details coming soon!

Please note that our Skate with Santa event will be dependent on the City of Calgary lifting its water restrictions in a timely manner, and cooperative cold weather. While restrictions are in place, we are unable to flood the upper rink to prepare it for skating. We'll keep everyone updated as we know more and certainly hope to see this favourite holiday tradition go ahead! This event may be announced with short notice.

We also encourage everyone to make the most of the park over the holidays. Bring the family down on Christmas Eve or Boxing Day and enjoy a little fresh air, some skating and a classic Lake Midnapore winter outing. It's a wonderful way to make memories close to home!

A Little Reminder About Ice Safety
While we love seeing everyone enjoy the lake, safety always comes first. Our Lake staff carefully monitors, measures and photographs ice conditions regularly to

help assess when the ice is ready for winter activities. Please remember, however, that all skating and fishing on the lake is at your own risk. Be mindful of the flag at the front of park — the green flag indicates the lake is ready to play on.

We encourage families to take a few minutes to review ice safety together, just as we do with water safety during the summer. Remind children to stay within supervised areas, pay attention to posted signs, stick to cleared skating pathways and skate with a buddy. There are also some great online videos that demonstrate ice safety and what to do if someone falls through the ice.

You may notice that our safety ropes and rings remain in place at the rescue stations throughout the winter. Hopefully, we won't need them, but it's important to be prepared!

Tobogganing and Winter Fun

As winter settles in, the toboggan hill and outdoor activities will be calling! Whether you're heading out for a skate, enjoying a sledding adventure or simply getting some fresh air, there's plenty of fun to be had at the lake. One small reminder: please make helmets part of your family's winter gear. Whether skating or sledding, a little extra protection goes a long way!

Thank you for doing your part to keep Lake Midnapore a safe, welcoming and fun place for everyone. Bundle up, get outside, enjoy the season and make the most of these special winter days.

Wishing everyone a wonderful holiday season. We look forward to seeing you at the lake!

Fall Highlights:
- Fall Festival
- Pumpkin Run
- Pumpkin Scavenger Hunt
- Rainbow Trout Fish Stocking

Thank you to all the volunteers that helped make these events a huge success. We couldn't do it without you!

Lake Ice Safety
As temperatures drop, ice will begin forming on the lake. Please watch for "Danger – Thin Ice" signs throughout the park. Lake Staff will be closely monitoring the ice thickness and its condition throughout the winter. The ice will open once management determines that the ice is safe, and the "Danger – Thin Ice" signs have been removed. Until then please do not go on the ice sheet.

Toboggan Hill Safety
Lake Sundance offers two different toboggan hills. The smaller hill on the west side is a good hill for younger children and beginners. The big hill facing the lake ice is longer, faster, and bumpier.

- Snowboards, snow skates, snow scooters, and downhill skies are not permitted.
- For more control, pick a sled that has brakes and can be steered.
- Helmets are recommended.
- Walk up the side of the hill and leave the middle open for other sledders.
- Don't go down the hill headfirst. Sit up or kneel instead.
- Check the path is clear before going.
- Get out of the way quickly when you finish your run. Don't linger at the bottom.
- Don't build jumps on the hill.

The small west facing toboggan hill will open once we have enough snow. The larger hill facing the lake will remain closed until the lake ice is open.

New Solar-Lit Pathway Helps Fish Creek School Students Walk Safely to Class

Children walking to Fish Creek School now have a safer, brighter and more accessible route to school thanks to a new solar-lit pathway installed by The City of Calgary. The project uses glow-in-the-dark lighting embedded in the asphalt to help students and families travel more confidently during low-light conditions.

"The pathway between Fish Creek School and Sunwood Way Southeast had been due for an upgrade," said Chris Hewitt, Manager Mobility Maintenance, The City of Calgary. Solar lighting technology appears white on the surface, yet glows in the dark in low light conditions.

In 2024, non for profit, Ever Active Schools, and The City of Calgary joint forces in an effort to increase the number of students using active and sustainable modes of travel to get to school. The idea first came to fruition during a community walkabout in Sundance. Some community members said there was a lack of well-lit, accessible sidewalk space especially during busy drop-off times at Fish Creek and Mid-Sun Schools.

"Children were trudging across a trail that was sometimes difficult to access based on terrain, snow, and mud," said Community Strategist, Pam Taylor, The City of Calgary.

The City wanted to support this project to encourage more active modes of transportation to and from the school, she said. Maintaining and improving public infrastructure is one of the goals at the City of Calgary. This project will make the pathway more accessible and while providing a direct benefit to students and community members in the area.

"This is a community collaboration, and we are thrilled to support this initiative," said Taylor.

City of Calgary employees take steps to ensure the city runs smoothly and safely—maintaining roads and pathways, delivering clean water, protecting neighbourhoods, and supporting local businesses—while serving with pride, compassion, and a shared mission to care for Calgary every day.

As December arrives and the holiday season begins, many of us look forward to gathering with family and friends, reflecting on the year behind us, and celebrating the traditions that bring us together. It is a special time to create new memories, appreciate those around us, and look ahead with hope and optimism.

This season serves as an important reminder of the values that strengthen our communities: kindness, generosity, and connection. Whether you are spending time with loved ones around the dinner table, volunteering in the community, supporting a local charity, or simply taking a well-deserved moment to rest and recharge, I hope you find joy in the moments that matter most.

As I reflect on the past year, I am incredibly grateful for the opportunity to serve the residents of Calgary-Fish Creek and to meet so many people who care deeply about our community and the future of Alberta. I am especially thankful for the dedicated volunteers, community associations, and local organizations that work tirelessly to foster the strong sense of belonging that makes Calgary- Fish Creek such a wonderful place to call home. I am equally grateful to the many businesses that proudly serve our neighborhoods with commitment, innovation, and community spirit.

On behalf of my constituency office staff and myself, I would like to extend our warmest wishes to you and your loved ones for a very Merry Christmas and a happy, healthy, and prosperous New Year.

Thank you for helping make Calgary-Fish Creek the remarkable community it is today. We look forward to continuing to work with you in the year ahead.

Merry Christmas and Happy New Year!

A positive dental experience in childhood can shape how a child feels about the dentist for life. **Dr. Kari Badwi** and **Dr. Riley Steed** build every visit around prevention, education, and trust so children feel comfortable and parents feel informed. We take the time to create calm, supportive appointments that help families build healthy habits and confident smiles.
