## LETTER FROM THE EDITOR

Another year has come and gone in our beautiful neighbourhood. Happy New Year, Hawkwood! We here at the HCA hope you all had a wonderful holiday season!

Last year was incredible for the community, and we saw great turnouts for our events and programs. This year, we plan to continue with some of the community's favorites, so keep an eye out for those! More information will be provided as the year progresses, but you should see postings for community soccer and our casino fundraiser soon. Feel free to check out our website for volunteer opportunities.

As for our newsletter, we're always looking for community input. If you have any photos of our neighbourhood or events, please reach out to me at [hawkeye@hawkwoodca.com](mailto:hawkeye@hawkwoodca.com)! I'm excited to see what you have to share!

Wishing you all a wonderful new year,

*Haley Wells*

## News from the Friends of Nose Hill

by Anne Burke

On the Park's northern boundary, Alberta Government Telephone, in 1982, and Canadian Western Natural Gas, in 1990, had access rights. Carma Developments put waste in the MacEwan Glen ravine. Construction sites attracted four-by-fours and dirt bikes. Nose Hill Trail condition and use were studied between July 20 and September 20, 1993. Volunteers working in pairs came from the Nose Hill Park Users Group, Nose Hill Communities Board, and Calgary Field Naturalists Society. Their goal was to measure trail type and surface, width, and depth. An aerial photo mosaic marked the survey areas. Data was collected for the glacial moraine (the Hill plateau and side slopes), ravines (Many Owls and Porcupine Valley), and disturbed land. The time of day was morning (7:00 am to noon), afternoon (noon to 6:00 pm), and evening (6:00 pm to dark). During both the week and weekend, Hill use was greatest in the afternoon and evenings. On the weekend, people spent time in the ravines. However, during the week more were recorded on the plateau and side slopes. Pathway routes were widened by braiding but less rutted than trails. The greatest use was in disturbed sites, rather than on the moraine. All pathways and trails were used by cyclists, who preferred gravel pathways to grass trails. Walkers without dogs used pathways, unlike dog walkers in the ravines. A review revealed that areas damaged by vehicles, horse and cattle grazing, and gravel extraction were slowly regenerating, including severely damaged areas. Although some trails were rutted (and may remain so for a time) others had high grass growing in them without horse and vehicle traffic. Ravine trails were overgrown by tall grasses, thistles and nettles, so many people no longer used them.

## Upcoming Events in Hawkwood

### HCA Casino Fundraiser

The HCA has been awarded a casino fundraiser this year on March 10 and 11!

This is our major fundraising event for 2026, and we need all hands on deck! Please watch our social media pages or the website for the sign-up sheet to volunteer for a shift or two. This fundraiser enables us to keep the community park and programs running smoothly, and we can't do it without a large group of volunteers like you.

This is the perfect way to give back to your community! We look forward to seeing you there!

## PRESIDENT'S MESSAGE

As we turn the page to a new year, I want to extend my warmest wishes to every member of our community. May the year ahead bring you joy, good health, and many moments of connection with friends and neighbours.

I'm pleased to share that our Annual General Meeting, held on November 27, was very well attended. It was wonderful to see so many residents engaged, asking thoughtful questions, and showing such strong interest in the direction of our community. Your participation truly makes a difference.

Just two days later, on November 29, we hosted our Kids' Christmas Party—an event that was not only filled with excitement and holiday spirit, but also extremely well organized. A heartfelt thank you to the volunteers and organizers who helped make the day magical for our youngest community members.

We rounded out the season with our Seniors' Dinner on December 6, which was festive, lively, and very merry. It's always a highlight to witness the joy and camaraderie shared around the tables.

The CCA is hosting a Wine Tasting event on Thursday, February 5 at Wine & Beyond in Sage Hill. You may register at [citadelca.ab.ca](http://citadelca.ab.ca).

Thank you all for your continued support and involvement. Here's to a bright and happy new year for our entire community!

Warm Regards,

*Stephanie Christensen*

by Alberta Health Services

Emergency Health Services (EHS) – Alberta would like to remind parents and children about toboggan/sledding safety tips. Injuries may result from collisions with stationary objects on the hill, such as trees, poles, rocks, or even collisions with other people. Unprotected falls can also result in more serious injury if you lose control at high speeds. However, everyone can be safe on the hill by following these reminders.

### Equipment

- Always ensure your toboggan, or sledding device, is in good repair. Inspect it for any damaged or missing parts before each use.
- Be certain the operator is fully capable of staying in control of the sled at all times.
- Wear a ski helmet designed for use in cold weather and high speeds.

### Hazards

- Avoid hills that are too steep or icy.
- Choose hills free of all obstacles such as trees, rocks, utility poles, benches, or fences.
- Beware of loose scarves, or clothing containing drawstrings, which could present a strangulation hazard if they become caught or snagged.
- Look out for others. Move quickly to the side after finishing a run and stay to the side of the sliding path when walking up the hill.

- Children should be supervised by an adult; try not to toboggan alone.
- Sledding at night is not advised.

### Plan Ahead

- Anticipate weather changes and plan accordingly.
- Wear warm, insulating layers closer to the body, and wind/waterproof layers on the outside.
- Consider bringing extra sets of gloves and toques to exchange wet garments for dry ones.
- Take breaks out of the cold to warm up.
- Even when properly protected from the elements, the fingertips, toes, ears, the tip of the nose, and other high points on the face such as the forehead and cheek bones can be affected by frostbite; therefore, attempt to cover up any exposed skin.
- If frostbite has occurred, treat it by first getting out of the cold environment, or at least sheltered from any wind chill.
- Gently warm the affected skin by placing a warm hand over it, or by placing the affected part in warm - not hot - water until rewarmed.

A watercolor illustration featuring various wine and cheese-related items. At the top left is a wedge of Swiss cheese. To its right is a bunch of purple grapes with green leaves. Below the cheese is another bunch of grapes. In the center, a wine glass is shown with red wine splashing out. To the right of the glass is a fork with a wooden handle. At the bottom, there are more wedges of Swiss cheese, a bunch of grapes, and a wine glass filled with red wine. The background is a light, textured wash of colors.
