Let's Talk About Music

by Spike Richards

I need your help. We are hosting an all-ages pub style night on the fourth Friday of every month at the Hall. I am an avid supporter of local and live music, as you may have picked up, so unless we hear otherwise from you, this will be the central theme of each of these eves.

But what format? What would bring you and your friends out to the MCA Hall for a Friday night gathering in our hood?

Songwriter in the Round. Because this creates an opportunity for YYC and area songwriters to show off their work, I enjoy these types of evenings immensely. Think "coffee shop". Three minstrels, tall chairs, and acoustic guitars, sharing stories and songs for our benefit. Invitational, not an open jam.

Open Mic Night. Same stage set up, a (patient and skilled) host minstrel, plug and play for walk-up vocalists and acoustic guitarists to spontaneously present their own work and covers. Solo, duo, and trio. Are you a minstrel? Wanna join in?

Karaoke. Seeing parents and their smurfs, neighbours who've never met, and yes, some of my fellow MCA Board members up on our stage was darn entertaining. From your emails and comments, you enjoyed them too. So, yes, we will be holding a couple more this year.

Good Bands. Would you pay a cover charge to see some high calibre local musicians on our stage? We would like you to, but we want to hear from you.

Drum Circle. We hosted one in July, over sixty adults and a dozen little ones joining together to hammer out some rhythms. Would you like us to host another one?

Festival. Yup, we are working hard to bring you a big reason to come down to the MCA Hall on July 20. Okay, many big reasons. It's a 60th birthday party for Monty! We are looking for volunteers, vendors, and entertainers. More here soon.

Please drop me a note and tell me what you would like to see/hear in our MCA Hall!

THANK-YOU

DALE HODGES

MAY 19, 1941 – DECEMBER 31, 2023

Dale Hodges, was a prominent figure in Calgary's political landscape and was the city's longest-serving City Council Member. We thank him for his years of service and dedication in caring for the community of Montgomery and our city.

Montgomery is home to Dale Hodges Park- a 40.5 hectare natural environment urban park with incredible stormwater treatment sites, public artworks and home to native plants and animals. The park was dedicated to our former Alderman in recognition of his 30 years of public service and his many contributions to the area.

Use Common Scents

by Karl Plesz

One thing that some workers have started doing at their desks is installing a device that generates a scent of some kind, to 'freshen the air'. Many of us already deal with scents worn on the person. Perfume is like the most addictive drug. The more you use, the more you seem to need going forward. That may be the most outrageous analogy I've created. The problem is the amount of perfume or cologne many people use is in fact much more than is actually needed to broadcast a subtle aroma. Those desk-side scent generators people have started using however, take this potential problem to a whole new level.

Those of us who are sensitive to overpowering smells can't just keep our distance, because the scent is being belched in volumes that can fill an entire office floor. Yes, cinnamon smells great. But I need to be able to get away from it at some point. If my glass of water or my meeting minutes smell like cinnamon, that's not good. Worse, if it smells like lemongrass and sage, I'm going to start retching.

There are a few people that can handle this level of fumigation, but I'm definitely not one of them. I can barely make it through the perfume department at the department store. I can only imagine how it affects those with a keen sense of smell, or worse, allergies. This issue has gotten so bad, that in some workplaces, scents of any kind have been banned outright. The same goes for perfumes. It's just too much and it can lead to nausea and even migraines in some people.

So please do us all a favour. Save your favourite perfume for nights out on the town or the next dinner date. And install your scent dispersion device beside your computer at home. On behalf of everyone with a sensitive nose, we thank you.

The 25th Calgary Guides have had an exciting start to our guiding year. We asked the girls to tell us what they liked about being in Girl Guides, and they enjoy learning new hobbies and working in a team.

In late fall, our unit went camping and we joined with a Pathfinder unit out at Camp Jubilee in Cochrane! They learned about first aid, enjoyed spending time with friends, participated in a campfire sing-along, and continued to build their camp skills. At camp, the girls learned how to cook on tin can stoves, which uses a heat source underneath, to make grilled cheese. The girls had to be patient cooking as it took longer than it normally does on a regular kitchen stove.

In addition to camp, the 25th Guides have participated in many fun activities this year, including yoga, many different fun, and interesting crafts and of course cookie selling.

Coming up, we look forward to learning how to hula hoop and keep safe, and many more fun activities, including another fun camp in the spring. In Guiding, there are always new adventures to be experienced, new crafts to learn and friendships to be made.

No matter how much you sweat, we can get the stink out!

We offer cleaning services for sports equipment and personal protective equipment, including helmets, shoulder and elbow pads, knee and shin pads, footwear, skates, or gloves – almost any equipment used by athletes or workers can be cleaned, disinfected, & refreshed.

OUR OZONE PROCESS

Using ozone, our system breaks down and penetrates stains, mucus, blood, sweat, fungus, bacteria, and mould. Ozone effectively annihilates 99% of bacteria and viruses upon contact, encompassing both odor-causing bacteria and those responsible for various illnesses, such as staph infections.

Montgomery Board Secretary Teigan and VP Spike co-managed the MCA Fundraising Casino on New Year's weekend. And both agree on how impressed they are with the team of Volunteers that made it happen. "Thank you" seems like such a small thing to say to people who step up and help our Community Association at this level, but you all get a huge one from your MCA Board. At our February 27 AGM, we will share some details of what we accomplished and how the money raised is allocated to help keep our doors open and lights on.

MCA Social Seniors Club

We have moved our monthly potluck brunch from the third Thursday to the Saturday after our fourth Friday Pub Night for various logistical reasons. We are joining forces with a number of strong Seniors associations and are quite pumped about the 2024 programs we will be offering. If you are 60+, do join us February 24! Our friends Gord and Harve will be revving up the room with singalong songs and stories from their combined multiple centuries of life. A massive and warm, thank you shout out to Kim and Terry for all the effort that went into making the 2023 series successful! Both our VP Spike and our new Seniors Director Kayla are looking forward to hearing what you would like to do during these monthly gatherings.

Trees

Did you know that Montgomery's tree coverage is far less compared to Bowness and Parkdale (twelve per cent versus twenty per cent)?

Trees add shade, windbreaks, reduced heating and cooling costs, habitats for birds, clean air, and beauty to our neighbourhood. Let's close the gap. The City of Calgary's Urban Forestry Planting Program supports homeowners to plant trees on the city-owned portion of the property (back-of-walk or boulevard) - for free! Homeowners work with city staff to choose a location and pick a tree (or multiple trees) from their approved list. The City safely digs the hole, plants the tree, and waters the tree for a few years until it is well established. To access this opportunity, submit a request to the Urban Forestry Planting Department through 311. Requests now may result in a tree on your property in the spring or summer of 2024.

If you are interested in planting trees on the portion of your property that isn't city-owned, check out the Branching Out program, returning in 2024: www.calgary.ca/parks-rec-programs/nature/tree-giveaway.html.

Planting Trees in Montgomery!

Calgary City Building

by the City of Calgary

The City of Calgary is updating plans that will shape the future of Calgary and make sure our city keeps on being a great place to live. As our city's population approaches two million, we must prepare to support this growth. The City Building program will align and strengthen our plans and tools to create a place where every Calgarian can thrive.

The Calgary Plan will merge the Municipal Development Plan with the Calgary Transportation Plan to guide the way we move and use land across the city.

The new Zoning Bylaw (currently the Land Use Bylaw) will simplify the rules that govern the use of land and the form of buildings in the city.

The new Street Manual (currently the Complete Streets Policy and Guide) will provide updated direction for the design of Calgary's streets to support safe travel options for all Calgarians.

All three of these documents will be created based on public feedback, existing policies, Council priorities, partnering with the Indigenous community, and extensive consultation with subject matter experts and interested parties. This effort will impact every Calgarian for the next 30 years.

The second phase of engagement will focus on the initial proposed direction of the Calgary Plan, Zoning Bylaw, and Street Manual. We invite all Calgarians to share their input, either in person or online, from January 29 to March 3. Learn more and participate at calgary.ca/citybuilding.

February Snow

by Garth Paul Ukrainetz

February snow can't miss your falling
Always sure to drift my way
Cling to pant legs, holding tightly
Begging me to come and play

Slide upon a long toboggan
Skate across a pond of ice
Downhill ski on powdered mountain
Friendly little snowball fight

February snow I know you're lonely
This time of year I feel it too
Maybe we should get together
Wintertime is over soon

Glide along the trails cross country
Snowshoe thru the meadows white
Snowmen build in brightest sunshine
Angels make on moonlit night
