The Copperfield Mahogany Community Association (CMCA) is an organization formed by the residents of both Copperfield and Mahogany:

- To manage and direct its social and recreational activities.
- To act as a liaison with all levels of government, especially civic matters like planning and development.
- To plan, develop and maintain community facilities and amenities.

**Copperfield-Mahogany Community Association Memberships**

Community associations are run by residents in our neighbourhoods, they bring us together as friends, they are a voice for our community, and they offer many exciting opportunities right here:

- Hockey/Skating
- Youth Programs
- Community-wide events like Stampede, Picnic in the Park, and Movie in the Park
- Committee work (planning and development, special events, safety, etc.)

**CMCA Members Can Register for Programs at the Mahogany HOA!**

Did you know that anybody can register for programs at the Mahogany HOA?

They have a wonderful indoor facility with a banquet hall, studios, and even a gymnasium that hosts youth and adult programs. You can check out their programs at <http://www.mahoganyhoa.com>.

The best part is that CMCA members can register at a discounted rate, compared to the general public. This is to thank members for their commitment to both of our communities. Getting your CMCA membership is quick and easy – just go to <https://cmcommunity.ca/memberships/>!

Once you have your CMCA membership, kindly reach out to the Mahogany HOA team at 403-453-1221 and they can assist you in setting up your profile and registering you at the discounted rate. If you have any questions, reach out to [programs@mahoganyhoa.com](mailto:programs@mahoganyhoa.com).

**Other Benefits Include:**

- Discounted rates to most programs that operate through the Copperfield Community Hall and many at the Mahogany Beach Club.
- Discounted rates on Copperfield Community Hall rentals.
- We are building a directory of businesses in the area that will offer discounts to you by showing your membership card! (Please contact us to become involved in this program).
- And so much more!

Community Associations are dedicated to making sure our communities are a great place to live, work, and play. Purchasing a Community Association membership is a great way to get involved and show your support for the many ways our neighbours work to ensure you love where you live.

Memberships are valid for one year from the date of purchase, allowing you to purchase one at any time of year. You can set up an online account for your family at [www.cmcommunity.ca](http://www.cmcommunity.ca) and use this to purchase and renew memberships, as well as register for programs held at the Copperfield Community Hall! Memberships are good for up to two adults per household and their children up to 17 years of age. Membership is a voluntary \$30 per household, per year and is not included in the mandatory Mahogany Homeowners Association fee. A CMCA Membership does not grant access to the lake in Mahogany. You also get a vote at the yearly AGM (October/November) and it entitles you to hold a position on the Board of Directors.

Show support for your community and purchase your membership today!

The Copperfield-Mahogany Community Association (CMCA) meets monthly on the third Thursday of every month at 7:00 pm (except July and December), and residents are welcome to join us as a visitor and find out what is happening in your communities first hand! You are also welcome to join the Board, as certain roles are still open.

## Tuna Tostadas

by Jennifer Puri

To fold or not to fold is the difference between a tostada and a taco.

The decision to stuff toppings into a taco or pile toppings on a tostada is up to you.

The early Mexicans determined that the best way to extend the shelf life of a stale tortilla was to toast it. It appears that avoiding food waste was as important then as it is now.

There are many popular Mexican food options, but the taco is an international favourite, and there are few better ways to achieve a combination of flavours in one bite.

A tortilla fried or toasted is a delicious crunch base and can be topped with refried beans, cheese, Mexican rice, lettuce, tomatoes, ground beef, shredded chicken, or ahi tuna used in the recipe for tuna tostadas.

**Prep Time:** 20 minutes

**Cook Time:** 8 minutes

**Servings:** 4

### Ingredients:

- 500 gm ahi tuna
- 2 cups thawed mango chunks
- 1 jalapeno pepper, seeded and chopped
- 3 tbsp. chopped coriander leaves
- ½ cup red onion, finely chopped
- 1 cup chopped cucumber
- 3 tbsp. extra virgin olive oil
- 2 tbsp. freshly squeezed lemon juice
- 6 tbp. mayonnaise
- 2 chipotle peppers in adobo sauce, finely chopped
- 4 x 6-inch corn or flour tortillas
- 4 tbsp. vegetable oil

### Directions:

- Slice ahi tuna into bite size pieces and set aside.
- Cut mango chunks into half-inch pieces and place in a medium size mixing bowl. Add chopped, de-seeded jalapeno, red onion, cucumber, coriander leaves, lemon juice, and olive oil. Now add ahi tuna pieces and gently blend together, cover, and set aside.
- Prepare the adobo mayo dressing by combining the chopped chipotle peppers and a little of the adobo sauce with the mayonnaise.
- In a heated frying pan or skillet, place a tablespoon of vegetable oil and one tortilla. Fry tortilla, flipping once or twice until crispy, approximately one to two minutes. Remove from pan and place on paper towel to drain of any excess oil. Repeat process with remaining tortillas.
- Place individual tostadas on dinner plates and top with ahi tuna mixture. Garnish with a tablespoon of adobo mayo dressing, a few coriander leaves, and serve.

# Celebrating Your Parents in May and June

by Inna Kniazieva, Holistic Lifestyle Coach

The celebration of Mother's Day and Father's Day is important because it provides an opportunity to honour and show appreciation for the dedication of our parents. It can also strengthen family bonds and create lasting memories. These occasions serve as a reminder of the important role that parents play in our lives and give us a chance to express our gratitude for all that they do.

There are many ways to celebrate as a family on Mother's Day, which is on May 14 this year, and Father's Day that falls on June 18.

## So here are some ideas:

- Plan a special breakfast or brunch. You could make your parent's favourite dishes or surprise them with a new recipe you found.
- Have a family movie marathon. Pick out some of your parent's favourite films, shows, or sports game and spend the day watching them together.
- Go for a family picnic in the park or have a BBQ in the backyard. Spend the day outdoors enjoying the sunshine and each other's company. You can also go on a family outing, such as hike, bike ride, or a visit to a local museum or park.
- Create a handmade gift for your parent. This could be a card, a painting, or a craft project that you work on together as a family. You can also make a photo album, scrapbook, or a personalized mug with pictures or messages.
- Take them out for a special outing, such as a day trip to a nearby attraction or a spa day.

- Organize a family game night. This could include board games, card games, or video games. This is a great way to bond as a family and have so much fun.
- Do an activity together: You can plan a DIY project, such as building a birdhouse, planting a garden or flowers, or fixing something around the house together.
- Write your parent a heartfelt letter expressing your appreciation for all they do. This is a simple yet meaningful way to show them how much you care.
- Give parents a day off on their holiday. Take care of the household chores, cook their favorite meal, and let them relax and enjoy a day off from daily responsibilities.

Whatever you choose to do, remember that the most important thing is to spend quality time with your parents and show them how much they mean to you.

## Garage Sale Season is On!

The sun is shining, the flowers are about to bloom, and that means it's garage sales season! All residents are invited to participate in our community-wide garage sales event.

The first event will be the Annual Mega Parade of Garage Sales - Featuring Auburn Bay, Copperfield, Mahogany, McKenzie Towne, and New Brighton. It's on June 10 from 9:00 am to 2:00 pm.

Mark your calendars and come out to enjoy the garage sales event! This is a great opportunity to explore the community, meet your neighbours, and maybe even find some hidden treasures.

We will be sharing any upcoming garage sale events on our Facebook page, so follow us to keep posted.

# The Orient Express

In 1883, a luxurious passenger train called the Orient Express began serving the European continent and did so successfully for almost a century. Sadly, the emergence of air travel meant that it had to shorten its routes. On May 20, 1977, the Orient completed its last direct trip from Paris to Istanbul, the endpoints on their line.

# Sun Protection: Why It Matters and How to Stay Safe

by Inna Kniazieva, Holistic Lifestyle Coach

It's important to be extra cautious with sun exposure in Calgary because of the city's high elevation and clear skies. At an elevation of over 3,445 feet (1,050 meters) above sea level, Calgary is closer to the sun and its UV rays are more intense compared to cities at lower elevations. In addition, Calgary is known for its clear skies, which means that the sun's rays can be stronger and more damaging to the skin.

Prolonged exposure to the sun's UV rays can lead to skin damage, sunburn, and an increased risk of skin cancer. This risk is especially high for people who have fair skin or a history of sunburns, as well as children and adolescents who are more sensitive to the sun's rays.

## Here are some recommendations for sun protection:

**Wear protective clothing:** Cover your skin as much as possible with lightweight, loose-fitting clothing made of tightly woven fabrics that provide good sun protection. Consider wearing a wide-brimmed hat to protect your face, ears, and neck.

**Use sunscreen:** Apply a broad-spectrum sunscreen with an SPF of at least 30 to all exposed skin, including your face, neck, and hands. The use of sunscreen helps in protecting against skin cancer, prevention of premature aging, sunburn, and other skin damage. Reapply every two hours or after swimming or sweating.

**Seek shade:** When possible, seek shade during the sun's peak hours (ideally from 10:00 am to 4:00 pm) to minimize your exposure to UV rays.

**Wear sunglasses:** Protect your eyes from UV damage by wearing sunglasses with UV protection.

**Be extra cautious near water:** The reflection of the sun off water can increase your exposure to UV rays. Wear protective clothing and sunscreen when participating in water activities.

**Check the UV index:** Check the daily UV index forecast, which is available online, in the weather forecast, or through mobile apps, and plan your outdoor activities accordingly.

Remember, sun protection is important not only during the summer months but all year round. Even on cloudy days, the sun's UV rays can penetrate through the clouds and cause damage to your skin. By taking these precautions, you can enjoy the outdoors safely and reduce your risk of skin damage and skin cancer.

MyHealthAlberta.ca offers a simple, yet effective way to teach children how to protect their skin from the sun. Use the "ABCs" to do this. These are:

**A = Away** - Stay away from the sun as much as possible from 11:00 in the morning until 3:00 in the afternoon. Find shade if you need to be outdoors.

**B = Block** - Use a sunscreen with a sun protection factor (SPF) of 30 or higher to protect babies' and children's very sensitive skin.

**C = Cover up** - Have your child wear clothing that covers the skin, hats with wide brims, and sunglasses with UV protection. Even one-year-old children should wear sunglasses with UV protection.

## THE EMERALD

The emerald is May's official birthstone. Unlike some birthstones, emerald is classified as one of four precious gemstones. Although the oldest emeralds date back 2.97 billion years and were first mined in Egypt, emeralds have been found in Canada, although they're rare. Canada's first emeralds were found in 1998 in Yukon Territory!

# Wellness Reading

by Inna Kniazieva, Holistic Lifestyle Coach

If you're interested in learning how people around the world live longer, healthier lives, you may be pleased to read *The Blue Zones* series by Dan Buettner.

*The Blue Zones* series of books is a collection of publications by Dan Buettner, exploring the lifestyle habits of the world's longest-lived people in different regions. Each book in the series focuses on a specific 'Blue Zone' and shares insights and lessons from the inhabitants of these regions, who live long and healthy lives.

The first one *The Blue Zones: Lessons for Living Longer From the People Who've Lived the Longest* (2008) explores the lifestyles of five regions in the world with the highest concentrations of centenarians, known as 'Blue Zones'. These regions are Sardinia, Italy; Okinawa, Japan; Loma Linda, California; Nicoya, Costa Rica; and Ikaria, Greece.

## Here are some of the main highlights from the book:

**Diet:** Blue Zone residents typically eat a plant-based diet with small amounts of meat and fish. Their diets are high in whole grains, beans, vegetables, and nuts.

**Physical activity:** The people in Blue Zones are constantly active, but they don't engage in high-intensity exercise. Instead, they engage in low-intensity activities such as walking, gardening, and other daily activities.

**Sense of purpose:** The people in Blue Zones have a strong sense of purpose, which gives them a reason to get up in the morning and keeps them motivated.

**Social connections:** Blue Zone residents have strong social connections and prioritize spending time with friends and family.

**Stress reduction:** Blue Zone residents have developed practices to reduce stress, such as napping, taking breaks, and engaging in relaxing activities.

**Spirituality:** Blue Zone residents often have a strong spiritual or religious practice, which provides them with a sense of connection and meaning.

Overall, *The Blue Zones* series of books offers valuable insights into the lifestyles of some of the healthiest and longest-lived people in the world, with practical tips and advice for readers to incorporate these habits into their own lives.

Here are the other books in the series - *Thrive: Finding Happiness the Blue Zones Way* (2010), *The Blue Zones Solution: Eating and Living Like the World's Healthiest People* (2015), *The Blue Zones Kitchen: 100 Recipes to Live to 100* (2019).

# Engaging Outdoor Activities for Kids

by Inna Kniazieva, Holistic Lifestyle Coach

As children grow and develop, it's important to encourage them to spend time outdoors engaging in physical activity and exploration. Outdoor activities not only promote physical health but also foster social, emotional, and cognitive development. And now that spring is actually here, here are some fun and engaging activities that kids can do outside:

## **Nature walks in our communities or outside the city:**

Taking a nature walk is a fantastic way to get kids outdoors, exploring the natural world around them. You can make it educational by teaching them about the different plants, animals, and insects that they see along the way.

**Scavenger hunts outside:** Scavenger hunts are always a hit with kids, and they're a great way to encourage exploration and observation. You can create a list of items for kids to find, or you can give them clues to solve to reach the treasure.

**Water play:** Whether it's a trip to the beach or a simple water balloon fight in the backyard, water play is a great way to beat the heat and get some exercise. It's also an excellent opportunity for children to practice their social skills and build relationships with their peers.

**Gardening:** Gardening is a fun and educational activity that can teach kids about responsibility, patience, and the natural world. You can start a small garden patch or even just a few potted plants to get them started. Make sure to explain what would be the next steps and how your children will need to take care of their plant further.

**Sports and games:** Playing sports and games outside is a great way for kids to develop their physical skills, coordination, and teamwork. It's also an opportunity for them to build confidence and self-esteem as they learn new skills and improve their abilities.

**Art and crafts:** Outdoor arts and crafts activities, such as painting or making nature-inspired crafts, are a fun way to encourage creativity and imagination. It's also an opportunity for children to explore their artistic abilities and express themselves in a new way.

**Camping:** Camping is a great way to get kids out of their comfort zones and into the great outdoors. It can teach them valuable survival skills, build resilience and independence, and provide opportunities for bonding with family and friends.

In conclusion, there are countless outdoor activities that kids can do to stay active and engaged. Whether it's exploring nature, playing games, or creating art, these activities are sure to provide fun and educational experiences that children will cherish for years to come. So, get outside and have some fun!
