# 27 Ways to Say No

by Nancy Bergeron, R.Psych. | [info@nancybergeron.ca](mailto:info@nancybergeron.ca)

Are you a people pleaser? Do you have trouble finding the words to say no? Maybe you just need some time to evaluate whether you want to say yes. Don't let others rush or pressure you into something you may not have the capacity for.

### Here are 27 ways to say no or defer your answer:

- I am not comfortable with that.
- I have some other things that need my attention right now.
- I need to focus on myself/personal life/job.
- I'm sorry but I just don't feel qualified to help with that.
- I wish I could but I am unable to help.
- I can see you want my help but I am just unable to.
- I just don't have that to give right now.
- That sounds wonderful but I just can't commit.
- Gee, I wish I could, but I just can't right now.
- I'm sorry but I can't help you at this time.

- I'm just too occupied at this time, so I can't.
- Unfortunately, it's not a good time.
- Circle back to me in few weeks.
- I can't make it this month, week, day, year.
- Perhaps another time.
- I am not available for this.
- Sorry, this is something I can't do right now.
- I really appreciate you asking me, but I can't commit to that right now.
- Sorry, I can't make it, maybe another time.
- I'm afraid I don't have any open time for that/this.
- I can't as I have some other pressing commitments.
- I've filled my schedule.
- I'm really swamped right now.
- I'm so overwhelmed these days that I can't take on any more.
- Right now, I've got way too much on my plate.
- I'm not taking on any more work/tasks/projects at the moment.
- No.

\*Remember that you do not have to provide any explanations for saying no.

People pleasers are constantly getting manipulated. You are not responsible for other people's emotions. Every time you say yes to something or someone, you are unwittingly saying no to someone or something else at the same time (usually your own needs). In trying to please everyone, you end up disappointing almost everyone, especially yourself.

People will actually learn to respect you more if you stay true to your values. It's empowering to say yes when you truly want to. You are of value; you have the right to say no.

## Bored? Think Twice Before Taking That Facebook Quiz

*from the Better Business Bureau*

Social media is used as a fun distraction for some people, and taking a Facebook quiz may seem like a harmless way to pass the time. But are you giving away more information than you think?

### How the scam works

A fun quiz pops up on your Facebook feed or another social media platform. A few questions are answered to prove how well you know a friend. Or a short personality test is offered to match you with a character from a favourite TV show.

These quizzes appear to be meaningless, but the intent behind them is to collect information. For example, questions like: "What was the first car you owned?", "What is your mother's maiden name?", or "What is the name of the street you grew up on?" These are common security questions for insurance, banking, and credit card accounts. Sharing this information can lead to accounts being hacked, and personal and financial information being stolen.

Not all social media quizzes are data collection scams; however, BBB cautions users to be careful about what they share online and to check the privacy settings on the account. Social media data and quiz answers can be used to steal identity or enable a scammer to impersonate you to your friends and family.

### Tips to avoid social media scams

- **Be skeptical:** Before answering a quiz, figure out who created it. Is it a brand you trust? Just because something appears to be fun and innocent, doesn't mean there isn't an inherent risk.
- **Adjust privacy settings:** Review the social media account's privacy settings and be strict about any information that is shared - and be mindful of who you are sharing it with.
- **Remove personal details from your profile:** Don't share information like your phone number or home address on social media accounts.
- **Don't give answers to common security questions:** Be cautious if the questions in a quiz ask for things like your mother's maiden name, street you grew up on, previously owned vehicles, favourite foods, or the name of your high school.
- **Monitor friend requests:** Don't accept friend requests from people you don't know. Also be wary of a second friend request from someone you are already connected with; the second profile may be an imposter trying to access your data and your friends list.

## How to Meet Your Neighbours

*A message from the Federation of Calgary Communities*

Moving to a new neighbourhood can be exciting and intimidating if you don't know anyone. Welcoming new neighbours into your community can be a great way to meet new friends and establish good relationships with neighbours. It has numerous benefits and even reduces the possibility of crime because people who know each other are more likely to look out for one another.

Do your part to transition new neighbours into your community or to meet neighbours who have been in your community for a while that you haven't met yet. There are little things you can do that will go a long way for bringing neighbours together!

1. Introduce yourself to your neighbours and ask them a few questions about themselves. Tell them some information about yourself too. Some good starting points could be where they moved from

or how long they've been in the community. Also, new neighbours could use information about the community association's programs and services, how to become a member, upcoming events, and even great local businesses or restaurants.

2. Welcome your neighbour by making a small yet caring gesture or gift. It can be the traditional pie, a cup of coffee, some flowers, vegetables from your garden, or even an invite to dinner. Moving is hard work and a warm meal will be appreciated by your new neighbours!
3. After introducing yourself, make the effort to wave, greet, and make small talk with your neighbours continuously. This encourages friendly discussion and makes neighbours feel continuously welcomed.

### **Community Association Welcoming Committees**

Welcoming committees are a team of people who welcome new residents as they move to the community. Usually, they create welcome kits full of community association information on programs and services, business cards of local shops and restaurants, My Neighbour cards, emergency information and services, and maybe some small gifts like coffee cards. Upon moving into a home in the community, Welcoming Committees present these to new neighbours! Check with your community association to see if they have a welcoming committee, and if not, offer your help to develop one. One way to help distribute welcome kits is by asking local realtors, rental management companies, apartment managers, and landlords to inform the committee of new additions to the community. Then, you and your committee can deliver the packages!

Being welcoming can be very easy but it can be intimidating crossing cultural barriers. Keep in mind that good neighbours can be of all cultural backgrounds. Having an open heart and wanting to learn from new neighbours can make your community a diverse cultural hub. Be interested in getting to know your new neighbours, celebrating cultures, and sharing your family's own traditions.

# Homeowner Water Guide – Spring Checklist

from the City of Calgary

Protecting Calgary's precious water resources is a shared responsibility among The City, businesses, and Calgarians. There are many actions you can take to ensure your home is using water efficiently.

## Inside

As a part of your regular home maintenance, take the Leaky Toilet Test to find the most common cause of household leaks:

- Remove the tank cover.
- Put several drops of food colouring (or another coloured liquid, such as coffee or tea) into the tank.
- Wait 15 to 20 minutes.
- Look in the bowl. If the water changes colour, you've got a leak.

Most toilet leaks are silent and go unnoticed for long periods of time, so the sooner you find and repair leaks, the better.

## Outside

With spring around the corner, it's time to think about outdoor water efficiency. Add these items to your spring checklist:

- Check your outdoor taps, irrigation system, and water features (e.g. ponds or fountains) for leaks.
- Consult the YardSmart plant list before planning this year's garden.
- Set up your rain barrel.
- Clean and repair downspouts, directing stormwater away from your house, ideally towards your garden.

Being water efficient means you're helping protect Calgary's water resources by:

- Keeping our rivers healthy by removing less water.
- Saving money and energy on treating and delivering water.
- Extending the use of our water treatment plants.
- Making drought less impactful to our homes and businesses.
- Increasing our resiliency to climate change.

To learn more about water efficiency, visit [calgary.ca/waterguide](http://calgary.ca/waterguide).

## Oumuamua (oh-moo-ah-moo-ah)

Imagine that you wake one night to witness a strange vehicle racing past your house. Before you can get a good look at it, the object vanishes into the darkness.

On October 19, 2017, Robert Weryk, an astronomer at the University of Hawaii, observed just such an entity. Working backwards to plot its bizarre trajectory, Weryk eventually identified it as the first interstellar object ever discovered, meaning it originated from somewhere beyond our solar system.

By the time Oumuamua (Hawaiian for 'messenger from afar') was spotted, it was already on its way out of town, having made a hard left at the Sun 40 days earlier. This only allowed astronomers a scant 11 days to study this otherworldly visitor before it faded from view.

## What we know about Oumuamua:

- It was the weirdest object ever seen in our solar system.
- It came from the direction of constellation Lyra and is now headed toward constellation Pegasus.
- Despite being only a pinpoint of light in the Hubble telescope, NASA felt it had a 400 x 40 metre cigar shape that grew brighter then dimmer, indicating a tumbling rotation. Other scientists favoured a shiny pancake profile.
- SETI (Search for Extra Terrestrial Intelligence) detected no unusual radio emissions.
- It was originally categorized as a comet, but as it lacked a tail, was reclassified as an asteroid.
- It sped up to 315,800 km/hr as it approached the Sun then continued to briefly accelerate afterwards. While an asteroid can't do this, a comet can, but because of the missing tail, Oumuamua was re-reclassified in 2018 as neither a comet nor an asteroid.
- A controversial Harvard astronomer proclaimed that it may have been a spacecraft with a lightsail that utilized the Sun's radiation pressure to propel it forward.
- Whatever it was, Oumuamua is long gone and will not pass our way again.

### Dealing with a Cough

*from Alberta Health Services*

A cough is your body's response to something that bothers your throat or airways. Many things can cause a cough. You might cough because of a cold or influenza (flu), bronchitis, or asthma. Smoking, post-nasal drip, allergies, and stomach acid that backs up into your throat can also cause a cough.

A cough can be short-term (acute) or long-term (chronic). A chronic cough lasts more than eight weeks. A chronic cough is often caused by a long-term problem, such as asthma. Another cause might be a medicine, such as an ACE inhibitor.

A cough is a symptom, not a disease. To treat a chronic cough, you may need to treat the problem that causes it. You can take a few steps at home to cough less and feel better. Some people may also cough or clear their throat out of habit, for no clear reason.

#### **How Can You Care for Yourself at Home?**

- Drink plenty of water and other fluids. This may help soothe a dry or sore throat. Honey or lemon juice in hot water or tea may ease a dry cough.
- Prop up your head on pillows to help you breathe and ease a cough.
- Do not smoke or allow others to smoke around you. Smoke can make a cough worse. If you need help quitting, talk to your doctor about stop-smoking programs and medicines. These can increase your chances of quitting for good.
- Avoid exposure to smoke, dust, or other pollutants, or wear a face mask. Check with your doctor or pharmacist to find out which type of face mask will give you the most benefit.
- Take cough medicine as directed by your doctor.
- Try cough drops or hard candy to soothe a dry or sore throat.

#### **Throat Clearing**

When you have a chronic cough or a disease that may cause this type of cough, you may often feel like you want to clear your throat. This helps bring up mucus. But throat clearing does not always have a cause.

Throat clearing can become a habit. The more you do it, the more you feel like you need to do it. But frequent throat clearing can be hard on your vocal cords. It's like slamming them together.

#### **To Help Lessen Throat Clearing, You Can Try:**

- Taking small sips of water.
- Not clearing your throat when you feel you need to.
- Swallowing hard when you want to clear your throat.
- You may want to ask your doctor if a medicine that thins mucus would help.

Call 911 anytime you think you may need emergency care. For example, call if you have severe trouble breathing.

#### **Call Your Doctor or Health Link at 811, or Seek Immediate Medical Care If:**

- You cough up blood.
- You have new or worse trouble breathing.
- You have a new or higher fever.

#### **Watch Closely for Changes in Your Health and Contact Your Doctor or Nurse Advice Line If:**

- You cough more deeply or more often, especially if you notice more mucus or a change in the colour of your mucus.
- You do not get better as expected.

## Hoisin Pork with Pineapple Rice

by Jennifer Puri

Deliciously yellow fruit, a pineapple is neither a pine nor an apple but is a group of berries fused together.

Pineapples are indigenous to South America and are believed to have originated in the forests of Brazil and harvested by tribes who lived in the area. Christopher Columbus is credited with introducing the pineapple to Europe and “Pina Des Indes” or “Pinecone of the Indies” were the names used to describe the fruit by the Spanish.

The pineapple plant has a life span of up to fifty years, can take up to three years to grow and mature, and only one pineapple is produced by a plant in a season.

Pineapple goes well with ham, seafood, chicken, tofu, yoghurt, and cottage cheese.

The combination of hoisin pork and pineapple rice fuses together delicious flavours and can be prepped and cooked in a relatively short amount of time. The filet or tenderloin used in this recipe is one of the healthier cuts of meat and is just as lean as skinless chicken breasts.

**Prep Time:** 15 Minutes

**Cook Time:** 30 Minutes

**Servings:** 2 to 3

### Ingredients:

- 1 pork tenderloin
- 2 tbsps. hoisin sauce
- 2 tbsps. soya sauce
- 1 tbsp. grainy Dijon mustard
- 2 tsps. honey
- 1 ½ tsps. rice vinegar
- 2 tbsps. vegetable oil
- 4 cups cooked white or jasmine rice
- 2 tbsps. butter
- ½ tsp. red chilli flakes
- 2 tbsps. chopped coriander leaves
- 1 can (398 ml) pineapple tidbits, drained
- ½ tsp. salt

### Directions:

- In a small bowl, mix together hoisin sauce, soya sauce, honey, Dijon mustard, and half a teaspoon of rice vinegar. Spread the marinade all over the tenderloin and let it sit for ten minutes.
- Preheat oven to 400 degrees Fahrenheit.
- Add two tablespoons of oil to a large skillet and place the tenderloin in it. On medium heat, brown the tenderloin on all sides, approximately three to four minutes. Remove tenderloin from skillet and place on a foil-lined baking tray. Pour any remaining marinade over it and then place it on the middle rack of the oven. Bake uncovered for 20 minutes or until cooked through.
- On medium heat, melt butter in a wok or skillet, add drained pineapple pieces, chilli flakes, chopped coriander, one teaspoon of rice vinegar, and salt. Stir fry for a couple of minutes and then add the cooked rice and gently blend all the ingredients together. Remove from heat and garnish with coriander leaves and a few pineapple pieces.
- Remove tenderloin from oven, cover and let stand for five minutes. Serve sliced tenderloin with small bowls of Pineapple Rice and use Hoisin sauce as a dip if desired.

Bon Appétit!

## Acrobatic Skunks

Shy and about the size of a squirrel, the spotted skunk has a unique way of warning its attackers to back off. When threatened, this tiny skunk will flip itself into a handstand with legs splayed out. It

will also puff up its tail to look bigger. If the threat remains, these tiny acrobats will then spray their attacker from upside down!
