Female Clergy

On March 12, 1994, the Church of England, which is headed by the British monarch, ordained 32 female priests. Prior to this, all clergy in the Church of England were male. As a result, 700 male clergy and thousands of church members left the church in protest. On a happier note, in 2015, the Church of England welcomed its first female bishop, Libby Lane!

As we move into 2023, Alberta's economy continues to show strength and resilience.

Our province created 42,000 full-time jobs in December, and 88,800 new jobs in 2022 (almost 25 percent of all new jobs created in the country). Further, the jobs outlook is strong for 2023, with forecasters predicting more economic growth and diversification on the horizon.

International credit rating agencies are taking note of Alberta's excellent fiscal management. This past week, Moody's Investors Services upgraded Alberta's credit rating to AA2. This decision speaks volumes about our United Conservative government's management and decision-making as we focus on healthcare, education, the economy, and more.

Investors are also looking at Alberta, once again, as a top destination for their capital. 2021 and 2022 saw major investments from companies like Telus, Mphasis, Amazon, Walmart, Air Products, Dow, PIP International, de Havilland, Phyto Organix Foods, and more. Investment isn't slowing down in 2023, especially with Imperial Oil recently announcing that it is building a \$720 million renewable diesel facility – the largest facility of its kind in Canada – in Alberta's Industrial Heartland. This project will create more than 600 high-paying jobs for Albertans during the construction phase, and more once it is finished.

Opportunities are abounding for workers in manufacturing, technology, food processing, and other burgeoning industries. Even film is booming in Alberta, with several major projects on-the-go, including HBO's *The Last of Us*, one of the largest film or television projects in Canadian history. Episode one of *The Last of Us* has drawn over 18 million viewers already and the show, which cost more than \$10 million per episode to film, has officially been renewed for a second season. The show filmed in locations across Alberta – including Canmore, High River, Fort Macleod, Edmonton, Calgary, and Waterton Lakes National Park – and has been a boon for many local economies.

Hello, Ward 6,

Ward 6 is home to some incredible small businesses. These local businesses enrich the whole community and help sustain the vibrancy that Ward 6 is known for. It is important to support these enterprises as they help our local economy, as well as provide the uniqueness and diversity that residents desire to find. Do you know what businesses are open in your community, neighbouring communities, and/or throughout Calgary? Has there ever been some special service that you needed and wondered if it existed in your community? You can now find any commercial businesses and business licence information on the Business Map. You can search businesses by area through community districts, local area plans, and business improvement areas, or by business licences through license type categories or tradename. This map is located at <https://maps.calgary.ca/businessmap/>.

Are you a business owner? The City of Calgary is here to make things uncomplicated and help you make your business a success. Go to <https://www.calgary.ca/for-business.html> for information and webinars to help make starting or running a business easier. A friendly reminder to business owners that license fees are waived until March 16, 2023.

If you would like the Ward 6 office to promote your business on my social media, please contact clward6@calgary.ca.

To keep up to date with all the latest Ward 6 news, visit [Calgary.ca/ward6](https://calgary.ca/ward6).

Sincerely,

Richard Pootmans
