Monday to Friday: 8:00 am to 5:00 pm, \$50 per hour (minimum of 4 hours).

Security Deposit

\$500, returned seven days post-event.

Rates do not include cleaning and are subject to GST.

Dear Neighbours,

Happy Easter, happy spring, and welcome to the season of renewal. It's so great to see the tulips and other perennials starting to pop up. As we look ahead, I encourage you to take part in our annual Community Cleanup on April 25 at the hall parking lot. It's a wonderful opportunity to volunteer your time, meet new friends, or run into some familiar faces. Plus, it's a convenient way to clear out those unwanted items from your homes and garages. If you'd like to volunteer, visit our website or membership platform.

Looking further into the season, our tennis and pickleball courts will soon be bustling with activity. We'll be arranging key pickup soon, so keep an eye out for announcements. Whether you're a seasoned player or just curious to try something new, these amenities are a fantastic way to stay active and connect with neighbours.

A lot of new homes are being built in our community and that means we also have a lot of new residents in Glendale and Glendale Meadows! If you are a new resident, allow me to extend a warm welcome to you and also encourage you to explore your new 'hood. We at the GGMCA would love to hear from you if you have any questions – and we'd be happy to let you know about our events and the ways you can get involved.

See you around. I'll be the guy with a short-legged dog and rubber-booted kids jumping in puddles.

Take care,

Myles

President, GGMCA

Calgary City Events

Reminder that weekly green cart collection resumes on April 21

2026 Branching Out Tree Program

Registration dates are now available! Quadrant registration takes place in April, and tree pick up in late May/June. For details, please visit: <https://www.calgary.ca/parks-rec-programs/nature/branching-out.html>.

GGMCA Events

Most events are free, and we ask that all participants have an active community association membership. Watch myglendale.ca/events for the following fun activities and to register.

Easter Event

Glendale Community Hall with Paint Ur Art Out at Glendale Community Association (2 hours 30 minutes)

April 4 at 1:00 pm

This Easter event will feature a traditional Ukrainian Pysanky egg decorating station alongside more kid-friendly, mess-free decorating activities to ensure everyone can participate. The day will culminate in an exciting egg hunt for all the children to enjoy. It is a wonderful way to blend cultural heritage with high-energy fun, creating a memorable holiday experience for the whole family. Sign up online at <https://www.painturartout.com/>.

Seed Swap

Glendale Parking Lot and West Field

April 12, 12:00 to 2:00 pm

Book Club

Book Club continues this winter on the second Tuesday of each month from 10:00 am to 12:00 pm. See <https://myglendale.ca/book-club/> for book selections.

April 25 Community Cleanup

Hall Parking Lot

Glendale

2026 PARADE OF GARAGE SALES

SAVE THE DATE: MAY 30

It's that time of year – Spring Cleaning Time!

Clean out your closets, drawers, garages, basements and sheds and turn those unwanted items into \$\$ on **SATURDAY, MAY 30 - 9 AM to 3 PM**. If you do not have enough stuff, join up with a neighbour or make it a street event!

Registration starts the end of February to have your garage or yard sale advertised **free of charge**, glendalegaragesale.com

Lawn signs, directional maps, and a list of all participating homes will be available at the Community Centre. Look for emails in May with more information on pick up and drop off.

On the morning of the sale, directional signs will be placed on the main streets directing buyers into the community.

MORE INFORMATION TO FOLLOW NEXT MONTH

Out and About the Neighbourhood

All Levels, Gentle Yoga and Stretch at Glendale

Yoga has returned Wednesday mornings. If you missed the March classes, you can still purchase a drop in and you will not be behind if you don't attend all five weeks.

This all-levels yoga series offers a supportive, breath-led practice designed to meet you where you are. Each class includes mindful movement, foundational postures, and time for rest, with options and props offered so you can move in a way that feels sustainable and respectful of your body.

This series emphasizes how we move — building strength, mobility, and ease over time. Whether you are new to yoga or returning to an established practice, you are welcome here. Go to <https://www.saravillamil.com/> to register.

Hello!

Some of you may be new to the neighbourhood and reading the *Thumper* for the very first time. Let us say “welcome!” Just to catch you up on the local lingo - you may hear us greet you as a “Glendalien”, an affectionate term often used to describe residents. We are not sure how or when it started, but there you go. Our neighbourhood is well known for its mature trees, curvilinear streets, and proximity to great amenities. Based on the 2021 Census, the population in private households totalled 2,715.¹ Hence, the slogan: “the best little town in a big city.”

If you are interested in helping the Glendale community, please consider volunteering for an event like the Annual Community Cleanup or the Stampede Breakfast. Also, purchasing a community membership helps the community association run and maintain our great facilities that provide popular community programming. General annual membership is \$35 per family, plus \$70 for tennis and pickleball court access.

Please check out www.myglendale.ca for all the details.

¹From the City of Calgary Community Profiles, based on the 2021 Census.

The Hatch YYC

Ward 6 communities have been invited to support The Hatch, which is a community-driven initiative in Calgary, specifically a community fridge and pantry designed to address local food insecurity through mutual aid. It operates on the principle of “take what you need, leave what you can” to provide accessible, low-barrier food support.

We encourage Glendalians to go check it out at Rosscarrock Community Association - it is a four-minute drive or a 22-minute walk from our community centre, just across 17 Ave North along 45 St. Donations of good-quality, non-perishable items or fresh food can be left directly at the fridge.

Or drop off your items on Saturday April 25, during the opening hours for the Community Cleanup at the Hall. We appreciate your support for this important community initiative.

Glendale Community Cleanup

Mark your calendar for April 25, 9:00 am to 1:00 pm. City-wide Community Cleanup events make it easier to dispose of household items that do not fit in your black cart. They are organized and run by volunteers. This annual event is a great way to meet neighbours and give back to the community!

To volunteer, please visit: <https://myglendale.ca/event/glendale-community-cleanup-day-2026/>.

To learn more about what items are accepted, please visit: <https://www.calgary.ca/waste/drop-off/community-cleanup-items.html>.

Congratulations to everyone who participated in our 2025 event!

LETTER FROM THE EDITOR

Oh, sweet April - a month where it is almost impossible to keep your car clean and the Easter Bunny could quite easily lay his eggs inside or out due to the wild unpredictability of Mother Nature.

You just never know with April. According to Canada Weather Stats, on April 29, 1926, Calgary temperatures swelled to 29.4 °C while the coldest record was set on April 2, 1954, at -30.0 °C.

April, to me, is slightly insufferable. Just when I start to question if this landscape is actually devoid of colour, my husband, born and raised in Calgary, will optimistically remind me that we live in the "Blue Sky City". I stand corrected: mostly monochromatic with a touch of blue. By April, my west coast DNA is craving that chartreuse colour of spring. The one that is not quite green but not quite yellow.

And to scratch this itch, I started researching "how to make a bulb lasagna," only to learn that spring bulbs in outdoor pots are not advisable in an April Zone 3 climate; moreover, it is highly advisable to wait until the May long weekend to plant anything. Duly noted. So, instead I threw a bit more salt on that stubborn slippery section of our sidewalk.

You might ask, "C'mon, April isn't too bad?" And in all fairness, you would be right. It is not.

Here is what I am learning...how to appreciate those simple things that distinguish the subtle shift in season here: hockey skates replaced by soccer cleats, restaurant patios buzzing before they rightfully should be, and a big snowfall that melts too quickly, leaving us a little sad to miss that one last sled.

April teaches patience in an immediate and fast world. If only we could Amazon Prime nice weather to our doorstep! April reminds us that spring will take the time it needs to move us into technicolour. There is no place like home.

Happy April, everyone.

CLASSIC CARS

1969 Mustang Mach 1

by Fred Nelson

We've mentioned before that the 1969 Mustang seems to be the all-time favorite. Logan has a particularly nice one that he drives on occasion – notice our fingerprints in the dust on the hood. It has all the best options including the factory 4-speed.

Remember, 1969 is the only year to ever have four headlights.

If you have a classic car that you would like to see featured in the community newsletter, please reach out to Fred Nelson at 403-242-3856.

The Monarchs are Coming! The Monarchs are Coming!

by Monika Smith, Master Gardener

Female Monarch in May, by Kenneth Dwain Harrelson, <https://commons.wikimedia.org/w/index.php?curid=14917505>.

In mid to late March, something extraordinary happens in Mexico. Monarch butterflies (*Danaus Plexippus*) migrate north after sheltering in the Oyamel fir tree forests (the eastern perimeter of the Mexican state of Michoacán) to start their breeding season, an eight-month multi-generational migration of four successive generations to the prairie provinces and Eastern Canada then back. A typical monarch life span is two to six weeks, but the final leg of migrating monarchs can live up to nine months flying south. The Western population, call B.C. home, and winter in California. Our monarchs, the Eastern population flies to Central America, which can be 2,500 to 3,000 miles. Not all monarchs migrate! These beautiful, large butterflies with orange, black and white colouration are distinct and have become a flagship of conservation. By the way, a group of butterflies is officially called a kaleidoscope. Groups of caterpillars are called an army.

There are established sanctuaries, such as the UNESCO Monarch Butterfly Biosphere Reserve near Mexico City providing the right temperature and humidity to overwinter. Monarchs have lived in the southern prairie provinces for millennia, but they are now an endangered species due to habitat loss and modern agriculture. In 2025, iNaturalist recorded 1,500 observations by 528

observers in an area that spans Calgary to Winnipeg and up north to Humboldt (as a 'line' running east to west). Monarchs can fly over 100 miles in a single day, with the right conditions, by coasting on air currents. They often fly at 800 to 1,200 feet high, where you can't see them. Monarchs know where to go. Scientists believe they use the sun's position and Earth's magnetic field to navigate directionally.

Luring a monarch to your yard requires nectar plants like blazing stars (*Liatris*), goldenrods (*Solidago spp*), asters (*Symphotrichum spp*), coneflowers (*Echinacea spp*), bee balm (*Monarda spp*), and Joe-Pye weed (*Eutrochium purpureum*). However, a host plant is required for a monarch to lay its eggs on and available for the caterpillars to eat. Showy Milkweed (*Asclepias speciosa*) is a tall plant with large pink-purple, sweet-smelling star-shaped flower clusters, common in southern Alberta. The Low/Dwarf Milkweed (*Asclepias ovalifolia*) is smaller (25 to 60 cm) with white to light pink flowers. All are native plants found in sunny, dry areas in dry fields, rocky areas, and along roadsides. Less common is the Green Milkweed (*Asclepias viridiflora*). Check out local native plant breeders for seeds and plugs. You will have great xeriscaping plants for your garden.

It is important to note that milkweed contains toxins, so caution should be taken if planting in areas with pets or livestock. How monarchs find their way is a huge topic, but more than one milkweed plant is needed to lay eggs and feed their caterpillars. Find a neighbour that is interested in monarchs and create a milkweed corridor!

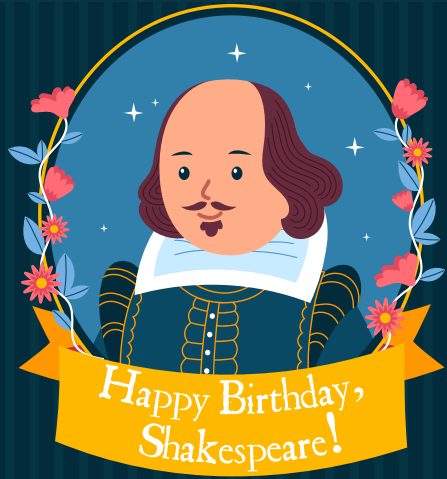

While the monarch rules in North America for its long-distance migration, do check out the painted lady - *Vanessa cardui* - which rules! Across the Atlantic, its southern stop is the South Sahara, and it can end up at the Arctic Circle, taking up to ten generations to complete some 10,000 km and flying across oceans.

Contact Monika at naturallyglendale@myglendale.ca for more information or topics!

Pets of Glendale

Meet Lucy - a beautiful, friendly, and gentle English Cream Golden Retriever. She has been a wonderful therapeutic companion for her owner.

Although we don't have an exact date, William Shakespeare, the playwright, is believed to have been born on April 23, 1564, in the English town of Stratford-upon-Avon. Happy birthday!

Councillor, Ward 6
John Pantazopoulos

✉ Ward6@calgary.ca
☎ 403-268-1380 | 🌐 calgary.ca/Ward6
📱 @Johnp4ward6 | ✉ @John4ward6

Happy April, Ward 6!

As we approach the 2027-2030 Business Plans and Budgets, the City of Calgary is asking Calgarians to provide input on how money is spent in our city. The four-year budget decides how much money is spent on City services and programs that Calgarians use every day.

You can share your thoughts and opinions by completing a short online survey or by visiting one of 14 pop-up events across the City. For more information, visit engage.calgary.ca/budgetinput.

In Council and our everyday lives, small choices can make big differences. If I had the chance to speak with you during the campaign, I likely mentioned my ongoing commitment to safety in our Ward 6 communities.

With that in mind, safe parking plays a critical role in keeping school areas safe.

Where drivers stop or park near schools affects visibility and safety for children and families who walk, bike, wheel, or travel through the area. Parking too close to corners, blocking driveways, or stopping where it's not allowed can make it harder to see children, especially during busy drop-off and pick-up times.

Parking Safety and Compliance Officers are regularly present in school zones across the city, helping remind drivers about parking rules and safe choices that protect students and the community.

Safe parking is about more than speed limits and crosswalks. It also means following signs, leaving space at corners, and choosing legal parking spots that keep sightlines clear for everyone.

You can help keep school areas safe. Slow down, follow parking signs, avoid stopping in no-parking zones, and choose safe, legal parking.

For more information, visit calgaryparking.com/schoolpatrol.

On behalf of the Ward 6 Office and the City of Calgary, I wish you a happy April!
