## Shawnee-Evergreen Community Association Area Boundaries

If you live in the area shown below (inside the lines) and your street address name contains EverGREEN or Shawnee, or you are a resident of the Beacon Hill condominiums at 14645 6 Street SW, you are eligible to be a Regular Member of Shawnee-Evergreen Community Association (SECA).

On the North	South of Fish Creek Provincial Park boundary
On the East	West of Macleod Trail SE
On the West	East of Fish Creek Provincial Park boundary and east of Fishcreek Blvd SW
On the South	North of James Mckevitt Road and Evergreen Boulevard SW

## Polar Bear Capital of the World

In Churchill, Manitoba, locals leave their cars and houses unlocked. Dubbed the 'polar bear capital of the world,' unlocked doors in this town are meant to give pedestrians safe refuge from polar bears in the streets. Churchill even has a Polar Bear Holding Facility, AKA 'polar bear jail,' for troublesome bears who spend too much time in the town!

## HERE IS WHAT YOUR COMMUNITY ASSOCIATION (SECA) DOES:

- Hosts Events and Programs:
  - Annual Stampede Breakfast.
  - Annual Community Parade of Garage Sales in June.
  - Annual Community Clean Up Event (We Host or Co-Host).
  - Community Campfires and Neighbour Nights.
  - SECA Plays Programs for Children.
- Keeps Residents Informed Via Facebook, E-Newsletters and Print Newsletters.
- Represents Residents at Cardel Rec and Trico Centre Board Meetings.
  - Residents Enjoy a 10% Discount on Programs at Cardel Rec South.
- Responds to City Planning with Respect to Development Permit Applications.
- Works with Cardel Homes, Graywood Developments, and the City Towards Moulding a Vibrant Community That is in Keeping with the Character of Our Existing Neighbourhoods.
- Is Alert to the Future Development of Lands Surrounding Fish Creek Lacombe LRT Station.
- Works to Insure a Safe Community with Respect to Speeding, Crosswalks, Etc.
- Obtains Member Discounts with Local Businesses.

## MEMBERSHIP REGISTRATION FORM

## NUBIAN PYRAMIDS

Egypt is famous for its ancient pyramids. But did you know that Sudan actually has the most pyramids in the world? Northern Sudan, which was once a region called 'Nubia,' holds 220 Nubian pyramids made of sandstone and granite. These structures were built by the ancient Kushite kingdoms and were ruled by Egyptian pharaohs who had fled Egypt.

## SAFE & SOUND

### February Is Heart Month

Do you know the signs and symptoms of a heart attack and what to do if someone experiences these? Knowing may make the difference between life and death. Recognizing and responding immediately to the warning signs of a potential heart attack may significantly improve survival and recovery. February is Heart Month: take the time to be heart safe and learn how you can reduce your risk.

#### **Common Signs of a Heart Attack**

(Any, or all, of these signs and symptoms may occur)

- Chest discomfort described as simply a mild pressure up to a 'crushing' pain; may also be 'squeezing' or a 'heavy' sensation.
- Discomfort may move to the shoulders, arm, neck, or jaw.
- May include shortness of breath, sweating, or nausea/vomiting.
- Signs may vary person to person and can differ between men, women, and the elderly.

#### **Heart Attack Risk Factors**

- Obesity\*
- Sedentary lifestyle\*

- Smoking\*
- High cholesterol\*
- Age/Gender
- Family history

Speak with your doctor about how to treat your modifiable (\*) risk factors and learn to be heart safe.

#### **What To Do When Seconds Count**

- Call 911, immediately. Early treatment can greatly reduce heart damage and be the difference between life and death.
- Treatment starts the moment EMS arrives. Paramedics can provide oxygen, start an intravenous, and perform an electrocardiogram (ECG).
- Paramedics can also administer important medication(s) in the early minutes of a heart attack to lessen heart damage.
- During transport, EMS will share information with the hospital so that definitive treatment can begin immediately upon arrival.
- Take a CPR/AED course. Training is widely available from many reputable organizations. It's easy and could make a significant difference in the outcome of someone experiencing a heart attack.

# FRIENDS *of* Fish Creek

## February in Fish Creek

### Show Your Love for Fish Creek this Valentine's Day

Are you looking for a gift for that special someone this Valentine's Day? The Friends have some amazing gift ideas that will not only warm the heart of your valentine, but will also help support Fish Creek Provincial Park. Through the Friends' brick program, you can donate a personalized brick within the Fish Creek Community Terrace at the Bow Valley Ranch. Bricks will be installed this summer and the Friends will provide a certificate that you can give to your valentine. You can also make a dedication donation to the Friends in honour of your special someone and we will provide them with a personalized certificate. A dedication gift is perfect for anyone who cares about Fish Creek, enjoys visiting this park, and would like to see it preserved for future generations. For more information, please visit the Friends' website.

Brick Program: <https://friendsoffishcreek.org/brick>

Dedication Gift: <https://friendsoffishcreek.kindful.com/?campaign=1048472>

### Fish Creek Speaker Series 2023

We are so happy to announce that the Fish Creek Speaker Series is returning to the Fish Creek Environmental Learning Centre for the 2023 season, and in an even more accessible format! Now we are putting technology to work to increase accessibility for audience members who may not be able to attend in-person, and so we can bring in presenters from further afield. Presentations from February to March will take place virtually through Zoom. Online presentations may also be provided if presenters are located in a distant region. Upcoming Fish Creek presentations include Wild Wolf Watching in Yellowstone National Park on Thursday, February 9, presented by Kelly Hazen, and Environmental Impacts of Effluent Release on Thursday, March 9, presented by Matthew Bogard, University of Lethbridge. Stay tuned to the Friends website for more information about Fish Creek Speaker Series talks: <https://friendsoffishcreek.org/programs/speaker-series>.

### Park Protectors Needed

Now is the perfect time of year to become a Fish Creek Provincial Park Protector! Fish Creek is a cherished natural green space that we are fortunate to have in the city, and all of the Friends' programs and activities are designed to help preserve biodiversity and ensure a sustainable park environment. The Park Protector monthly donor program is the most convenient way to support Fish Creek Provincial Park every day and you can rest assured that your hard-earned donation will be used effectively and efficiently right here in Fish Creek. For more information, please visit <https://friendsoffishcreek.org/park-protector-signup>.

### Tru Earth Household Products – A New Partnership with Fish Creek

The Friends are pleased to partner with Tru Earth, a Canadian company that focuses on creating eco-friendly household goods. Tru Earth's products are designed to function the same - or better - than traditional products, but without all the plastic and other chemicals that are harmful for the planet. Order your Tru Earth household products today and the Friends of Fish Creek will earn at least 20% profit on every sale made through this exciting ongoing fundraiser. Check out Tru Earth and make a purchase to support the Friends of Fish Creek today. Visit the Friends' Tru Earth page at <https://bit.ly/37kyppt>.

Neighbourhood Partnership Coordinator	Cathi Groves	cgroves@calgary.ca

## Mardi Gras

On February 24, 1857, New Orleans held its first Mardi Gras parade. Interestingly, attendees wore masks to conceal their identities and in so doing, they were able to escape society's rigid class constraints. Masks gave them the freedom to act however they wanted, with whomever. To this day, masks and parades remain sacred Mardi Gras traditions!

# Understand These Three Rules of the Mind to Change Any Habit in 2023

by Lynn C. Cox

How many of us want to make some changes in 2023? Perhaps you want to stop that habit of procrastinating, shed excess weight, start a new wellness program, get better sleep, or kick an unhealthy habit to the curb? How often have you tried to make one of these changes in the past and stopped short of your goals because something in you turns you in the other direction?

Sometimes it feels like we're in a battle of the wills with our own minds.

Conventional wisdom would have us believe that our minds are extraordinarily complicated and the process of understanding it, changing it, and managing it is close to impossible.

In the recent decade, there has been more research into, curiosity around, and mainstream adoption of neuroscience, Rapid Transformational Therapy (RTT), hypnotherapy, positive psychology, and mind body connection. What this means is people are hungry to move out of the dark ages of psychology and embrace an understanding of the mind, and practical practises to help achieve better mental, emotional, and physical health!

When it comes to long-standing habits of action, such as overeating, procrastinating, feeling stress and anxiety and being prone to negative thought loops, the first place to begin is understanding a few rules of the mind. We cannot change anything we do not understand, and these 3 Rules of the Mind will help anyone on their journey of transformation.

### 1. The Mind Does What It Thinks You Want It to Do:

Our number one drive as a species is survival, and how do we survive? By staying safe! Safe typically means not taking risks (even measured ones), colouring within the lines that we've always known, and avoiding rejection at all costs. The mind thinks you want it to keep you safe.

For example, if you really want to up your game in business and become a phenomenal presenter, but you're not used to this, your mind will 'keep you safe' by convincing you taking this step amounts to danger. Don't worry, there's a way around this so you can explore, try new things, and develop yourself!

### 2. The Mind Loves the Familiar and is Repelled by the Unfamiliar

Along with point one, the mind is quite comfortable having the same old, same old. How many times have you heard stories about couples who are unhappy together because their habits have become boring. Or think about a two-year-old who always wants to wear the same outfit, have the same toy, and eat the same thing for breakfast.

Way, way back when we were hunters and gatherers, the familiar kept us safe and alive. We knew what was poisonous and what wasn't, so we would stick to the safe and familiar. This love of the familiar is deeply wired into our primitive brains. But it can hold us back when we want to make changes in our life. Don't worry, you can retrain your mind to love the unfamiliar!

### 3. The Mind Responds to Two Things: Words and Pictures

The way our mind processes information is with words and pictures. The good news is the words create the pictures! Just try this exercise; sit in a room with a pen and paper and for five minutes, just write down all that chatter going on in your mind. You'll notice that thoughts, words, and pictures are repetitive.

You can actively choose what words you want to put in there and create compelling pictures to excite your mind and start to change. Do you want to take on healthier habits and shed weight for example? You can repeat words to yourself in many ways. Make a recording with the change you want to see and listen to it. Stop your habitual thoughts and plant the new words in there. Put them on your screensaver or write on your mirror.

Our minds are quite simple, and once you understand the mechanics, you are empowered to become the master of your mind and your life!

# Millrise Community Association Membership

Your membership helps give back to our community.

Purchasing a community association membership enriches our community in so many ways!

## What does your membership do for Millrise?

- Maintenance and improvements of our skating rinks.
- Annual Community Cleanup event.

## LIVING DINOSAURS

Crocodiles have been roaming the earth for over 150 million years, which basically makes them living dinosaurs. One thing that has helped them to survive is their incredible bite force – the strongest in the entire animal kingdom! Amazingly, saltwater crocodiles have a bite force of 3,700 pounds per square inch, which is the strongest bite ever recorded!

## Please allow us to introduce ourselves! We are **RAINBOW ELDERS CALGARY**

*A support group for 2SLGBTQ+ seniors*

Rainbow Elders Calgary is a volunteer-run organization determined to make a significant difference in the lives of 2SLGBTQ+ seniors. We work to provide support and address issues such as social isolation, housing, and loneliness. We believe that we have a responsibility to connect with and be role models for our vulnerable 2SLGBTQ+ youth.

We invite you to get to know us as we make major differences in the lives of both young and older members of our queer community.

**To discover more, please contact us!**
