EXECUTIVE MESSAGE

Hello Woodcreek Residents,

With spring here, our community police liaison would like to state a couple of reminders. It's bike season - please register your bike with the Calgary Bike Index. If your bike is stolen, this is the best way to ensure it makes its way back to you if it is found. That time of year where we clean up our yards has arrived - please don't leave your garage door open if you are not in direct line of sight. Tools and garage content go missing that way!

We have many events in our community this month, which is a great way to get out and meet other community members. Woodcreek Mini Basketball starts May 3, which is free but does require registration. Learn to play the Ukelele for adults is May 10. The community cleanup is on Saturday, May 13, be sure to purchase your community membership in advance. The Adult Spring Dance (with a live band!) is set for Saturday, May 27.

The Pickleball and Tennis Courts are now open - you need a valid WCA membership as well as a WCA Racquet membership to use and book the courts.

Our summer 50/50 raffle is back, open from May 1 to June 15. We're fundraising this year for some much-needed community events equipment. Last year's winner took home over \$2,500 - help us double that this year by purchasing your tickets! The link can be found on our website, www.woodcreekcommunity.ca.

We have managed to secure a grant through ActivateYYC to install roadside bump outs and paint the crossing by the entrance to Woodborough Park. We're looking for volunteers to help with this initiative - if you're interested in participating, please contact the office.

The Good food box dates for May are orders due May 22, with pickup on May 31.

Jennifer Hogg

How to BEE a Community Scientist

Help us document the different
pollinators in Calgary!

- 1 Go to **inaturalist.ca** or download the app.
- 2 Look around your favourite park or backyard for any **insects visiting a flower**.
- 3 Take at least **2 clear photos of an insect**, preferably from multiple angles.
- 4 Take at least **1-2 photos of the plant** where you can see (1) the flower, and (2) the leaves/whole plant.
- 5 Upload your photos to iNaturalist. **Tip:** Create a separate observation for the insect and plant.
- 6 Add your insect observations to the Calgary Pollinators Project. **Tip:** Link your insect and plant observations together.

Alberta is home to hundreds of different pollinators - more than 330 kinds of bees, as well as flies, beetles, wasps, and other insects that are critical to our local food supply. We want to get to know the pollinators that call Calgary home and what plants best support them, and you can help! **Community science** involves the collaboration between scientists and the general public to collect and analyze data. The data you uploaded to iNaturalist can be used in research around the world, and close to home!

Calgary Police Service Partners with Bike Index

Bike thefts in Calgary have always been an issue, however in recent years, we have seen a growing trend in our city, prompting our members to explore ways to address thefts and better support victims.

A Bike Index pilot project launched by a small group of our officers in 2019, showcased success using the program as an added investigative tool for officers who recovered stolen bikes, and a partnership was born.

To date, Calgary has surpassed 25,000 registered Bike Index users, and returned hundreds of bikes to victims with an estimated value of \$330,000.

By registering a bike with Bike Index, owners are provided with easily accessible documentation of their bike's information and serial number, which can be looked up by police and aid in a stolen bike's return to its rightful owner.

Register your bike for free by visiting <https://bikeindex.org/>.

No Dumping Please!

WCA has clothing donation bins in two locations; one at the community center in Woodlands and the other in the 7-11 parking lot off Woodbine Blvd. Lately residents have been leaving non-clothing items outside of these bins. These items cannot be collected with the clothing, so WCA must cover the cost of removal. We appreciate that residents would like to pass these items on to others, but please take them to the appropriate donation locations. Thank you!

Speed Control – Woodbine Boulevard

Due to the concerns brought up by the citizen at Woodbrook Way and Woodbine Blvd SW, The City of Calgary Mobility Department is proposing a special traffic calming treatment at this curve that will include a temporary yellow traffic calming curb in the median with an additional curve warning sign. They are hoping that this additional narrowing and warning will reduce the speed and more clearly communicate the need to slow down to approaching motorists. Pending funding, the project will be included in the 2023 safety improvement program.

In the meantime, the CPS Residential Safety Unit will be monitoring the area. Be aware of your speed and slow down on our residential streets.

Easter Egg Hunt 2023

Our Easter egg hunt was well attended this year, despite the weather. Many kids and their accompanying parents came out to enjoy the snowy egg hunts, face painting, egg decorating, crafts, and games. The whole facility was abuzz with activity! We would like to thank Tara from Play Makers Playschool for all her hard work, and all the amazing volunteers who made this event a great success!

Tuna Tostadas

by Jennifer Puri

To fold or not to fold is the difference between a tostada and a taco.

The decision to stuff toppings into a taco or pile toppings on a tostada is up to you.

The early Mexicans determined that the best way to extend the shelf life of a stale tortilla was to toast it. It appears that avoiding food waste was as important then as it is now.

There are many popular Mexican food options, but the taco is an international favourite, and there are few better ways to achieve a combination of flavours in one bite.

A tortilla fried or toasted is a delicious crunch base and can be topped with refried beans, cheese, Mexican rice, lettuce, tomatoes, ground beef, shredded chicken, or ahi tuna used in the recipe for tuna tostadas.

Prep Time: 20 minutes

Cook Time: 8 minutes

Servings: 4

Ingredients:

- 500 gm ahi tuna
- 2 cups thawed mango chunks
- 1 jalapeno pepper, seeded and chopped
- 3 tbsp. chopped coriander leaves
- ½ cup red onion, finely chopped
- 1 cup chopped cucumber
- 3 tbsp. extra virgin olive oil
- 2 tbsp. freshly squeezed lemon juice
- 6 tbsp. mayonnaise
- 2 chipotle peppers in adobo sauce, finely chopped
- 4 x 6-inch corn or flour tortillas
- 4 tbsp. vegetable oil

Directions:

- Slice ahi tuna into bite size pieces and set aside.
- Cut mango chunks into half-inch pieces and place in a medium size mixing bowl. Add chopped, de-seeded jalapeno, red onion, cucumber, coriander leaves, lemon juice, and olive oil. Now add ahi tuna pieces and gently blend together, cover, and set aside.
- Prepare the adobo mayo dressing by combining the chopped chipotle peppers and a little of the adobo sauce with the mayonnaise.
- In a heated frying pan or skillet, place a tablespoon of vegetable oil and one tortilla. Fry tortilla, flipping once or twice until crispy, approximately one to two minutes. Remove from pan and place on paper towel to drain of any excess oil. Repeat process with remaining tortillas.
- Place individual tostadas on dinner plates and top with ahi tuna mixture. Garnish with a tablespoon of adobo mayo dressing, a few coriander leaves, and serve.

The Buzz on Calgary Bumble Bees Thursday, May 11, 7:00 to 8:30 pm

Presented by Syd Cannings, Biologist, Canadian Wildlife Service, Prairie Region Environment and Climate Change Canada

Bumble bee populations pose a conservation concern these days, and several species from the Calgary area have been assessed as at risk by the Committee on the Status of Endangered Wildlife in Canada. This talk will provide an introduction to bumble bees and their basic biology, examine bees whose numbers have declined, the reasons for the decline, and what we can do about the situation. Syd Cannings is a Species at Risk Biologist with the Canadian Wildlife Service in Whitehorse, Yukon. He is a member of COSEWIC, the Committee on the Status of Endangered Wildlife in Canada, and has led the development of the national recovery strategies and management plans for four species of bumble bees. He has also written several books, including *British Columbia: A Natural History*, and *The New BC Roadside Naturalist*. To register, visit <https://friendsoffishcreek.org/event/buzz>.

This event is free to all community members, however only current 2023 members are eligible to vote. To register or for more information, please visit <https://friendsoffishcreek.org/event/aggm>.

Carolyn's Corner: Fantasy Makes a Fantastic Garden

Imagine your dream landscape, one made of memories of gorgeous gardens seen in travels, stunning photos in magazines, and a good dose of imagination. Our fantasy gardens can say a lot about our personalities.

Practical types with well-organized minds may dream up orderly rows of vegetables with potatoes, fringed lettuces, and delicate french beans tied up neatly on bamboo tripods. A fringe of red stemmed Swiss chard adds a colourful element while maintaining the practicality of being consumed. Mulched pathways dividing groups of berry-bearing shrubs and the cascading stems of raspberries are the main theme in this dream.

Those with an engineering mind may fantasize about rows of apple trees neatly espaliered against garages, ensuring their fruit are in precisely ordered ranks for no muss no fuss harvesting. Simple, clean spaces with functionality are highly prized to create a peaceful feeling in any season.... including a winter dip into the hot tub! This gardener is likely to prefer uncomplicated flowers like tulips and well-behaved evergreens that fall into line... just like the ones they draw at work.

The meditative mind will be drawn to the serenity of a Japanese garden, where every stone and each plant are placed with much forethought. White sand raked into sweeping patterns, a wooden bench under a pergola, and the soft sound of a fountain allow quiet, contemplative moments that are critical to calming a busy mind. Picture yourself under the shade of a tree nestled within the delicate texture of ferns and the floral scent of lily of the valley all around you. A crisply clipped Bonsai on a small table completes this restful scene. Rich in trees, flowering shrubs, draping vines, and flourishing vegetables within a framework of iron, stone, and wood components, your dream garden awaits!
