## WHAT'S UP AT THE LAKE

### Ice at the Lake

It's almost spring!

As we enter April, please be reminded that as warmer weather approaches, our ice will begin to melt. Please be very careful and aware of the thin ice at the lake. Take a moment to remember our flagpole indicators. If the red flag is up, it is unsafe to walk on or take a shortcut across the ice.

### Programs

Registration for our summer camps is open for residents and non-residents! Register in person at our office!

Our summer programs are open for registration! Sign up now for paddleboard lessons, tennis lessons, a free water safety course, or fly-fishing lessons!

For more information, visit our website at [www.arbourlake.com](http://www.arbourlake.com).

### Getting Ready for Summer

Spring cleaning! Our staff has been working tirelessly to take down all winter equipment and get ready for the summer. If the warm weather continues, we will soon be able to start planting flowers, cleaning the monuments and preparing the lake for visitors!

## Zucchini Spears with Zesty Tomato Sauce

by Jennifer Puri

Zucchini is a green, oblong squash that is typically served in savoury dishes. It has a mild taste and the smaller to medium-sized zucchinis have the best flavour.

Low in calories but high in fibre, zucchini contains more potassium than a banana. Loaded with vitamins, minerals, and antioxidants, zucchini is good for the digestive system and eye health.

Zucchini can be eaten raw in a salad or with a dip, but it can also be steamed, sautéed, added to breads, muffins, and pancakes, stuffed with rice and meats, or spiralized into zucchini noodles.

Baked zucchini with herbs and parmesan cheese is a quick and easy side dish, as shown in the zucchini spears with zesty tomato sauce recipe below.

**Prep Time:** 20 minutes

**Cook Time:** 15 minutes

**Servings:** 4

### Ingredients:

- 4 medium-sized zucchinis
- 2 tbsp. olive oil
- 2 tbsp. fresh oregano
- 1 cup finely crushed breadcrumbs
- 1 cup shaved or grated parmesan cheese
- ½ tsp. salt
- ½ tsp. ground black pepper
- 1 tsp. red chilli flakes (optional)

### Tomato Sauce

- 1 small can (398 ml) tomato sauce
- 2 cloves garlic, finely chopped
- 8 cherry tomatoes halved
- 2 tbsp. olive oil
- 2 tbsp. oregano
- 1 tsp. sugar
- Salt and pepper to taste

### Directions:

1. Preheat oven to 450 degrees Fahrenheit.
2. Rinse the zucchini and pat dry with a paper towel. Place the zucchini on a cutting board, trim the ends off, and then slice into four pieces lengthwise.

3. Place the zucchini spears on a foil-lined baking sheet, drizzle with olive oil, and then sprinkle with salt, pepper, and oregano. Next sprinkle the breadcrumbs evenly over the zucchini followed by the parmesan cheese and red chilli flakes if using.
4. Place the zucchini on the middle rack of the oven and bake for 12 minutes uncovered. Make sure not to overcook the zucchini as it will turn mushy.
5. To make the tomato sauce add olive oil to a small pan over medium heat. Add the chopped garlic and sauté for about a minute, then add the cherry tomatoes and oregano. Sauté for another couple of minutes and then add the tomato sauce, salt, pepper, and the sugar. Simmer until the sauce starts to thicken and then remove from heat.

To serve, place the zucchini spears on a platter and pour some of the tomato sauce over it. Leftover tomato sauce can be stored in the fridge in an airtight container for a couple of days.

# CAN YOU COMPLETE THIS MAZE?

## Fishing is Catch and Release Only!

At this time, only catch and release fishing will be permitted at Arbour Lake, until further notice. There will be no keeping of any fish of any kind or size! This is a result of Alberta Environment and Parks shutting down all fish stocking within the bow river drainage area, of which Arbour Lake is included. Due to whirling disease found in the Bow River and commercial fish culture operations, no fish may be kept. Any fish that cannot be returned to the water, must be surrendered to a staff member.

More information regarding whirling disease can be found at <http://aep.alberta.ca/fish-wildlife/wildlife-disease/whirling-disease/default.aspx>.

### Fishing

- May only be done from the designated fishing docks.
- Hooks must be Barbless and egg hooks are not permitted. No triple hooks are to be used. This ensures the survival of released fish.
- No live bait, corn, bread, minnows, smelts, fish or nets may be used to catch fish.
- Only one rod per resident may be cast at any one time and fishing lines must be attended to at all times.
- Random tackle box, bag and hook checks will be performed to ensure all Rules & Regulations are being followed.

## Eutrophication

Here is some information on how important it is to be careful with how much fertilizer you use on your lawn. When you use too much fertilizer on your lawn, the excess nutrients are carried away by the rain and other forms of irrigation. The nutrients mix with water and find their way into our beautiful lake. These nutrients cause the algae and plants in the water to multiply rapidly, creating an algae bloom. This excessive amount of algae prevents sunlight from reaching the bottom of the lake. The plants lacking sunlight will die at the bottom of the lake where decomposers will use up the oxygen. When a bloom occurs, there is too much organic matter ready to decompose and all the remaining oxygen in the water is used by decomposers to decompose dead plants. This can cause all our fish to suffocate from the lack of oxygen. With your help in preventing the overuse of fertilizer, we can work together to keep the lake healthy and beautiful for all residents to enjoy.

### NOTICE

You CANNOT use live bait, corn, dough, bread, minnows, smelts, fish or nets to catch fish.

You CANNOT use barbed hooks, triple hooks or egg hooks!!!

**CATCH AND RELEASE ONLY**  
**THIS IS FOR ALL FISH OF ALL SIZES AND KINDS!**

Injured fish that cannot be returned to the water, MUST be handed over to a staff member for disposal.
