MESSAGE FROM THE BOARD

What a ride this summer was! I hope everyone was able to enjoy the sun and of course the rain. The unpredictable weather certainly made a person needing to be prepared for anything at the drop of a hat. On the flip side, the community garden thrived, and it will be a bumper crop this year. The Sleddington Music Festival went on as planned and despite a couple of storms that blasted through the event, it was a big hit with a good attendance and great musicianship from all the new and returning bands. I hope you have had an opportunity to view all the acts in the posters that were posted in the August *Banner* as well as this September *Banner*.

The Parade of Garage Sales on August 9 was once again a big hit with many residents able to clear out their homes of clutter and items that someone else would find delightful. It's always a win-win when you can recycle, reuse, or repurpose.

September brings us back into our regular routine with the BHCA Board meetings resuming on the fourth Tuesday of the month (September 23 this month). We are always looking for new members to bring fresh ideas to our community. We are currently looking for a Treasurer to help our community run smoothly. Feel free to come to a meeting to see whether it is something you may be interested in. No experience is necessary—we're happy to support you as you learn!

If you're interested in making a difference in Beddington, we'd love to hear from you.

Enjoy the fall weather and we look forward to seeing you around the neighbourhood.

News from the Friends of Nose Hill

by Anne Burke

Learn how citizens fought to preserve Nose Hill, its history, how it unfolded. The Calgary Local Council of Women recommended that all development of Nose Hill be delayed, until after a major study by the Calgary Planning Commission of city growth. The only existing control was the absence of zoning approval for development and should be delayed, until such time as the City had sufficient funds. Calgary had never expended significant monies for parkland. In its natural state, the only cost for their proposal would be land acquisition, without any capital expenses, facilities, and maintenance.

They believed that Nose Hill is a beautiful natural area. We must preserve prime natural areas to offset urban sprawl and the concrete City Centre. Nose Hill is to Calgary what Citadel Hill is to Halifax; Battlefield's Park to Quebec City; Mount Royal to Montreal; Stanley Park to Vancouver; and Beacon Hill Park to Victoria. Calgary would become the first city in Western Canada to have a natural area of prairie vegetation. Tourists will visit the natural grassland of Nose Hill or view it from the Calgary Tower.

The group proposed that approximately 3,500 acres, bounded on the West by the Sarcee Trail right-of-way, South by the John Laurie Boulevard, East by the existing development adjacent to the escarpments of Nose Hill, and North by the highlands and escarpments of Nose Hill to and beyond 80 Avenue NW, be zoned as Natural Parkland in perpetuity.

The Hill is a dominant geographical feature in Calgary since its southern slopes can be seen from most locations, providing a constant reminder to citizens of the prairie landscape surrounding them which has played such an influential role in our economic and cultural development.

Beddington Book Club

by Cindy Wiebe | bookclub@beddingtoncommunity.ca

We meet between 7:00 and 9:00 pm on the third Tuesday of each month in the Boardroom at the Beddington Theatre Arts Centre.

Our October 21 book will be *The Unlikely Pilgrimage of Harold Fry* by Rachel Joyce.

"When Harold Fry learns (via a letter) that a former co-worker he hasn't seen in 20 years has terminal cancer, he plans to mail a letter back. On the way to the mailbox, he decides to walk to her—all the way from Southern England to Northern. He leaves his wife Maureen behind, and they both think about where their marriage went wrong."

Our November 18 book will be *The Only Woman in the Room* by Marie Benedict.

THE GOATS CAME BACK!!

Starting on August 13th, approximately 800 goats could be seen grazing in the Rubbing Stone Hill area of Nose Hill. This program helps by:

- Removing excess vegetation and recycle nutrients into the soil.
- Reduces dead vegetation to lower fire risks.
- Enhances biodiversity using controlled grazing.
- Prevents invasive species from taking over.

Get the Lowdown on Slow Downs: How We Keep Calgarians Moving

by The City of Calgary

We know construction season can be frustrating; The City of Calgary's Mobility teams work in close collaboration with project managers and city event organizers to avoid multiple delays and plan for traffic flow congestion. The City's Traffic Management Centre monitors roadways 24/7 by using traffic cameras, live traffic data, and digital road signs.

It's not a pain when you have a plan, and we have Waze to help. The City's partnership with Waze means you can get real-time traffic flow and construction updates right in the app. This free download is our preferred navigation tool because it syncs with The City's advanced traffic system. With the right tools you can get to where you need to go.

Let's Keep Our Kids Safe as They Head Back to School

by The City of Calgary

As we gear up for the school year, we are asking people who drive to prioritize the safety of our students, and remember these safety tips:

- The kids are counting on us. Slow down and look out for them, especially in playground zones and around schools. It takes less than a minute to travel through most playground zones and speeding typically only "saves" a driver ten seconds. Be safe and slow down.
- Watch the crosswalks. Stopping or parking too close to a crosswalk creates dangerous conditions for pedestrians. People crossing the street cannot see past a car that is parked too close and approaching drivers cannot see pedestrians. Stopping too close to a crosswalk, even for just a minute, is too long. Be safe and watch out—please do not block crosswalks.
- Double parking creates unsafe conditions. Double parking is when a vehicle stops or parks in the roadway alongside another already parked car. Double parked vehicles not only obstruct the flow of traffic but can block the view of other drivers, making it difficult to see pedestrians or other vehicles. Encouraging passengers to get out of the car when double parked puts them in harm's way. When you choose to double park, even just for a minute, our kids are at risk of getting hurt. Be safe, park smart!

When driving, please choose safety over convenience—the kids are counting on us.

Dear Neighbours,

I hope you've enjoyed a restful and fulfilling summer. As the new school year approaches, I know that many parents, students, and educators are feeling a mix of anticipation and concern.

In my work as Official Opposition Shadow Minister for Education I have consistently heard from parents and educators alike that bloated class sizes and increasing complexity along with lack of supports have led to a difficult learning environment. I have also seen and heard endless examples of our educators going above and beyond to deliver the very best for our kids despite these conditions. For all that you do for our kids every year, thank you.

I share the desire I hear consistently from constituents to ensure every child receives a quality education, and every teacher has the support they need to succeed. Albertans know our future depends on it. If you have any questions or concerns as the school year begins, please don't hesitate to reach out to my office. My team and I are here to listen, support, and continue fighting for what matters most to our community.

Thank you to everyone who joined us at recent events, from another wonderful Stampede season to our recent ice cream social. It was a pleasure being able to connect with so many of you.

I wish all students, educators, and families a smooth and successful start to the school year.

MLA Amanda Chapman
