Learn more about your Calgary Catholic School District Board of Trustees!

A Season of Reflection, Gratitude, and New Beginnings

As we approach the close of another school year, we are invited into a natural moment of reflection, one that calls us to pause, give thanks, and look ahead with hope. This year has been one of both challenge and grace. While our community faced disruption, including the ATA work action that impacted many families and staff, we also witnessed something deeply meaningful: resilience. Across our district, students, staff, and families leaned on one another with patience, understanding, and compassion. In moments of uncertainty, we saw the strength of what it truly means to be part of the Calgary Catholic School District (CCSD), rooted in faith, guided by hope, and committed to one another.

National Indigenous History Month

We also recognize that June marks National Indigenous History Month, a time to honour the rich cultures, traditions, and contributions of First Nations, Métis, and Inuit peoples. It is also a time for reflection on our shared history and the ongoing journey of truth and reconciliation.

We are deeply grateful for the wisdom of Indigenous Elders and Knowledge Keepers who walk alongside us, guiding our learning and helping to shape a path forward grounded in respect, relationship, and understanding. Their presence reminds us that learning is not only about knowledge, but about connection to one another, to the land, and to truth. At CCSD, Indigenous Education remains one of our four board priorities, and we are committed to this journey, knowing that together is always better, and that meaningful reconciliation requires both humility and action.

Congratulations 2026 Graduates!

To our graduating class of 2026, we offer our heartfelt congratulations! You leave our schools shaped by a system deeply committed to Faith Formation, Student Success, Well-Being, and Indigenous Education. These priorities are not simply words; they are lived experiences that have guided your journey and helped form you into the individuals you are today.

We are called to live and learn in our Catholic Faith so that students, centred in Christ, realize their full

potential. This mission has supported your growth not only as learners, but as compassionate, resilient, and faith-filled individuals. You carry forward the values of Catholic education; faith, hope, love, and a commitment to the common good. As you take your next steps, may you continue to live out these values in all that you do, contributing meaningfully to your communities and to the world around you.

Farewell to Chief Superintendent Dr. Bryan Szumlas

As we close the school year, we also mark a very significant and heartfelt transition at CCSD. This August, we honour and bid farewell to our Chief Superintendent, Dr. Bryan Szumlas.

As CCSD's chief superintendent, the role has not been about titles or years of service, but rather a vocation focused on presence. A steady, grounded presence. The kind that brings calm in moments of uncertainty, clarity in moments of complexity, and faith when the path forward is not always clear. For 35 years, Dr. Szumlas has served this district with unwavering dedication, and for the past six years as chief superintendent, he has led with humility, integrity, and a deep love for Catholic education.

Through his leadership, he has helped shape a culture rooted in care, connection, and purpose, truly Creating Calgary Catholic Together. His legacy is not only found in decisions made or milestones achieved, but in the relationships he has built, the people he has mentored, and the sense of community he has strengthened across our district. His leadership has shaped CCSD in ways that will be felt for generations to come. With gratitude, we thank our Chief Superintendent Dr. Bryan Szumlas and wish him every blessing in the next chapter of his journey.

As the school year draws to a close, may we carry forward a spirit of gratitude, for the lessons learned, the relationships strengthened, and the many blessings received. May the God of hope fill you all with joy and peace as you move into the summer months, and into all that lies ahead.

Lory Iovinelli

Chair, CCSD Board of Trustees

News from the Friends of Nose Hill

by Anne Burke

The City Nature Challenge is a global community citizen science event wherein community groups, experts, and residents collaborate to find all types of nature around them. In the Calgary Metropolitan Region, the top 150 users in 2024 surpassed 10,000 observations. By then, they had uploaded a total of nearly 40,000 observations of Calgary's local flora and fauna. The year marked the tenth anniversary of both iNaturalist and the City Nature Challenge. For the Calgary Area, in 2025, there were 15,923 observations, 28,462 identifications, 891 species, 659 identifiers, and 356 observers. In 2026, the eighth annual Calgary City Nature Challenge focused on data quality for plants, insects, fungi, and wildlife. All information on Calgary's natural areas posted on iNaturalist can be used to revise and update the 1980 Calgary "Green Book" by 2030. Although you do not need an expert to lead a nature walk, John McFaul of Nature Calgary, in cooperation with Bird Friendly Alberta, guided field trips on Nose Hill. The group met near the 64 Ave and 14 Street NW parking lot. Much of their trip was off paved trails and on unlevel ground. A previous walk started at the Berkley Gate and 14 Street NW entrance. Calgary was one of the first certified Nature Canada Bird Friendly Cities. Injured birds can be rescued, in early morning and at night, but, of course, prevention is preferred. The aim is to identify and reduce threats since, in an urban environment, city lights and reflections cause collisions. Window treatments can help. Also turning off unnecessary lights. During fall and spring migrations, downtown is unsafe due to tall buildings, especially at night. Wildlife cameras examine how birds travel and weather radar is used to predict flight directions to support conservation and research. Learn more at <https://birdcast.org/>.

Backyard Play Safety

by Emergency Health Services

Emergency Health Services (EHS) Alberta would like to encourage parents and caregivers to ensure that their backyard play area(s) is made safe for children. Although direct supervision is the best method to reduce the chance of injury, always ensure play equipment in your yard is in good repair and is suited to the age and skill of the children using it. Check the equipment often; replace or repair any worn or broken parts.

Lawn and Garden Tools

- Keep young children away from outdoor power equipment.
- Serious burns may result from touching hot engine surfaces.
- Ensure that all sharp tools, fuel, chemicals, and other hazardous substances are stored in a secure, locked area. A simple latch may not be sufficient.

Water Hazards

- Drowning contributes to unintentional injury-related death among young children.

- Children can drown in just a few centimetres of water if it covers their mouth and nose.
- Ensure all backyard swimming pools are fenced. The fence must be at least 1.8 metres high and have a self-latching, self-closing, and lockable gate.

Insect Bites and Stings

- Minimize the risk of attracting insects by not wearing strong perfumes or scented lotions.
- Avoid wearing brightly coloured clothing outdoors.
- Consider destroying or relocating hives and nests situated near your home.
- To avoid injury through inadvertently stepping on a stinging insect, always wear footwear outdoors.
- If your child has received an 'EpiPen Junior' prescription from your physician (for anaphylactic reactions) ensure they understand when and how to use it.
- If your child experiences a severe reaction to an insect sting, or other environmental cause, seek medical attention or call 9-1-1.

Divorce: Who Gets the House?

by Christopher Bungay, Divorce Lawyer

The decision of “should we or should we not” get a divorce is not easy. It is a process that involves asking yourself a lot of questions about the future. A common question people ask themselves is “If we get a divorce, who will get the house?”

Many divorcing couples own a home together. There are a lot of emotions and memories attached to the home: A child’s first steps, family dinners, family movie nights, the list goes on.

Most often, the question of “who gets the house” arises from another important question: “What is best for the kids?” Children who grew up in the house likely attend schools nearby. Their friends may live in the neighbourhood.

50/50 Roadblock

One major roadblock to one parent owning the house is this: the law (in most cases) says the house is a 50/50 split after a divorce. This means that each spouse is entitled to 50% of the value of the home.

In cases such as this, there are options to avoid this 50/50 roadblock. As part of the divorce process, most couples can negotiate with each other and agree how property and other assets will be split between them. This can be seen from the following example:

- Mr. and Mrs. Lahey own a home worth \$1 million dollars. They also have investments in stocks worth \$1 million dollars.
- Mrs. Lahey wants to stay in the home with the kids. Her aging mom also lives with them. The children attend school near the house.
- Mr. Lahey is okay with moving out, but he does not want to lose out on the money tied up in the house.

Solution: they can agree that Mr. Lahey gets the \$1 million dollars in stock investments, and in turn, Mrs. Lahey becomes sole owner of the family home that is also worth \$1 million dollars.

If Spouses Can’t Agree, a Judge Can Step In

If a couple cannot agree on who stays in the house, there are times when an Alberta judge will step in

and make this decision for them. Sometimes, a judge will order the house to be sold, and the proceeds split between the couple.

However, in other cases, a judge can issue something called an “exclusive possession order.” This is a legal directive that says, “Who lives in the house, and who does not.”

The following are circumstances where a judge might order that one spouse can live in the home:

- There is an economic imbalance – example: a stay-at-home mom has no income, and dad earns \$300,000 per year.
- The children need the home for stability – Here, educational needs, health, or extra-curricular activities may require a child to continue living in the home with one parent.

When deciding what to do with the house, it is always best if a couple can agree on something fair for each of them. However, when that is not possible, one spouse may have to go to Court and ask a judge for help.

An advertisement for "the Gutter Doctor Home Exterior Services". It features a cartoon character of a man in a blue uniform and cap, holding a yellow spray bottle and a brush. The text lists services: Gutter Clean/Fix/Install, Leaf Screens, Window Cleaning, Fascia/Soffit/Siding, Pressure/Soft Wash, Cladding, Permanent Lights, and Roofing. It also mentions "Senior Discount • Warranty • WCB • Insured" and provides the phone number "403-714-0711" and website "gutterdoctor.ca". The background shows a close-up of a white gutter on a roof.

Get Ready for Hail Season: Climate Ready Home Tips and Tools

by The City of Calgary

Hailstorms can cause significant damage to homes and property. Calgary is in “hail alley,” a hotspot for hailstorms in Canada, which makes all Calgary communities at risk of being hit by hail. The City’s Climate Ready Home Program shares practical guidance to help you reduce damage risk before storm season and make more resilient repair or upgrade choices.

Start at calgary.ca/ClimateReadyHome to:

- Review your home insurance policies to make sure you’re covered for hail damage.
- Monitor local weather forecasts and Alberta Emergency Alerts for storm watches/warnings, and if possible, store vehicles and belongings in a covered area.
- Explore home upgrades and resilient materials (for example, Class 4 impact-resistant roofing and hail resilient siding such as fibre cement) using Climate Ready Home resources as a guide.

These resources provide non-emergency guidance to help you take practical steps ahead of severe weather. Learn more at calgary.ca/ClimateReadyHome.

Seniors’ Week Celebrates 40 Years of Connection, Contribution, and Community

by The City of Calgary

Seniors’ Week is celebrated across Alberta from June 1 to 7. In Calgary, the theme is “40 Years of Connection, Contribution, and Community,” marking the 40th anniversary of Seniors’ Week in Alberta. This week is an opportunity to express our gratitude for older adults and acknowledge the invaluable contributions they make to our communities. Older adults are dynamic and integral members of community life. They support their families and friends, contribute their time and expertise through volunteering and work, and play a crucial role in enriching our communities.

Seniors’ Week is for everyone. Senior-sector organizations, non-profits, and Calgarians from all walks of life come together to host fun, welcoming, cross-cultural, and multi-generational events across the city.

Get involved—drop into any Seniors’ Week event, meet older adults in your community, and enjoy the celebrations. Event listings and updates will be posted at calgary.ca/seniorsweek.

Surely You Joust?

The official sport of the state of Maryland is jousting! Maryland was the first state to adopt an official sport back in 1962 and still holds jousting tournaments to this day!

Where There's Water, There's Risk

by The City of Calgary

With summer finally approaching, the Calgary Fire Department is urging Calgarians to stay safe when enjoying our city's rivers and lakes.

Each year, we respond to a lot of calls to help citizens on our waterways, so we have compiled some information to help you stay safe.

Always Scout, Assess, and Decide from shore before going on the water.

- Scout the waterway for potential hazards, and check weather and water conditions.
- Assess the level of danger and assess the swimming and paddling skills of your group.
- Decide if it is safe to swim, raft, boat, or paddleboard.

Bring the right supplies:

- Watercraft suitable for the body of water and conditions.
- Properly fitting life jackets for everyone on board.
- Water, hats, and sunscreen.
- Cell phone to call for help in case of emergency.
- A complete water safety kit.

What's In a Water Safety Kit?

Water safety kits are required on all types of watercraft, including kayaks, paddleboards, canoes, dinghies, inner tubes, and rafts.

Water safety kits should include:

- Water bailing devices to remove water from inside the watercraft.
- A sound-signalling device (portable air horn, whistle, mechanical whistle, or bell) to alert others of your approach, or in case of emergency.
- At least 15 metres of heaving rope, towing line, or floating line to help pull your watercraft to safety.
- Waterproof LED flashlight and SOS mirror to call or signal for help in an emergency.

Property Tax Due Monday, June 30

by The City of Calgary

Property tax bills were mailed out in May, with a payment due date of Tuesday, June 30.

Property owners can also access online their current year's tax bill, and four previous years, through the City Of Calgary's secure website, calgary.ca/mytax.

The City's Tax Instalment Payment Plan (TIPP) is the most popular payment method. You pay the same amount as your annual property tax bill, but instead of one large lump sum payment in June, you pay smaller monthly instalments. TIPP makes budgeting easier, and you reduce the risk of late payment penalties.

Signing up for TIPP is easy and you don't need to re-apply each year. The easiest and fastest way to join is using TIPP Online. It's easy, safe, and secure. Through TIPP online, your customized agreement will be processed automatically. Once you submit, you will receive an email confirming your enrolment. To access TIPP Online, go to Calgary.ca/TIPP and click on the Join TIPP box.

Plan enrolment must be completed by the due date shown on your tax bill to avoid a late payment penalty.

If you're already on TIPP, you can visit calgary.ca/TIPP to learn how your monthly TIPP instalments are calculated and adjusted.
