ALBERTAWOOD

Hollywood isn't the only location to shoot great films; Alberta has become a popular backdrop for many beloved films over the years. Most recently *Die My Love* was filmed here but other blockbusters include *Brokeback*

Mountain, Jumanji: The Next Level, Cool Runnings, Inception, Interstellar, Legends of the Fall, The Revenant, Ghostbusters: Afterlife, and many, many more!

by Anne Burke

Sites of prehistoric interest relate to the precontact history of Native use and settlement. These valuable archaeological resources represent 10,000+ years of occupation by Native inhabitants of the Calgary region. In all, 45 archaeological sites on Nose Hill have been recorded. Stone feature sites include cairns (a human-made pile of stones as a landmark, marker, or memorial), alignments (arrangements in a straight line or correct relative positions), and stone circles. Archaeological studies of Nose Hill began in the early 1970s. Students from the University of Calgary carried out surveys of the entire Calgary region; five prehistoric sites were recorded in what is now the park. These include three tipi ring sites, a lithic (stone) scatter, and a prehistoric campsite.

When the City planned a municipal park for Nose Hill, a Historical Resources Inventory was required in 1978 within the proposed boundaries. The results were a cairn, ten campsites (two with tipi rings), a glacial erratic, four isolated finds, a kill site, 18 lithic scatters, a rock mound site of overgrown gravel, and six tipi ring sites. The Alberta Government in Edmonton held microfiche copies of permit and research reports, in which existing resources were described. In 1982 and 1983, a spring survey of stone circles along the southern margin of the uplands of Nose Hill recorded 60 new rings. This was followed by a series of field trips in the summer and fall of 1993. Conditions were poor, with high grass. The focus was on undisturbed sites but limited to revisiting all the original sites. Aerial photo mosaics of Nose Hill were prepared. Overlays combining trails and archaeological resources were used to relocate sites in the field. Best estimates of site locations were recorded using a GPS receiver.

Batters Up! Holiday Baking and Life Skills with 4-H

Baking isn't just about cookies or muffins — especially during the holiday season, it's a hands-on way for kids aged 9 to 15 to learn practical skills while creating festive treats. The Batters Up Baking Club, part of 4-H Alberta's Intro Clubs, gives young bakers a chance to explore new recipes, practice teamwork, and discover the science behind their favourite holiday goodies.

Each week, participants try a new baking activity, from holiday cookies to pies, brownies, and cupcakes. Along the way, they also practice planning, measuring, following instructions, and record-keeping, all skills that are part of 4-H's life-long learning approach.

Fun Baking Fact: Did you know that baking powder creates tiny bubbles of carbon dioxide that make dough rise? This is why muffins and cakes become light and fluffy! Learning the "why" behind baking steps helps young bakers become confident and creative.

Even at home, kids can explore similar skills from measuring ingredients to blending flavours in simple projects like a quick orange creamsicle smoothie, made with 1 cup of orange juice, 1½ cups of vanilla

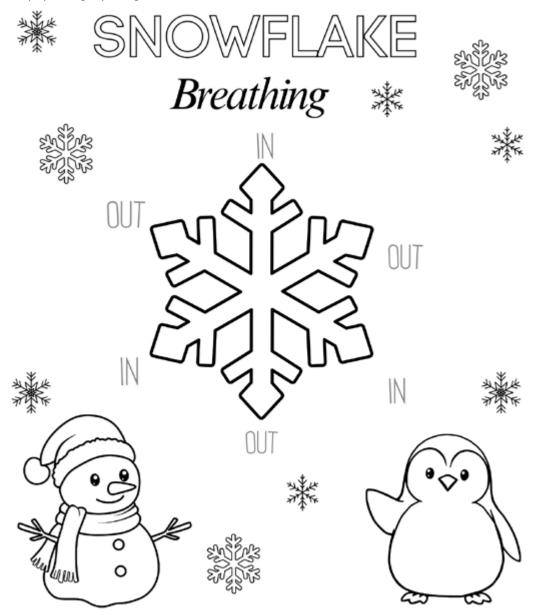

Greek yogurt, 2 peeled oranges, 2 frozen bananas, and 4 teaspoons of vanilla extract. Try this at home for a refreshing twist on holiday flavours.

Through the 4-H Intro Club, kids not only create delicious treats but also gain confidence, learn teamwork, and explore new ideas all while having fun in a supportive environment. Baking becomes more than just mixing ingredients; it becomes a way to explore science, math, and life skills in a hands-on, memorable way. Whether it's measuring sugar, stirring batter, or decorating cupcakes, every step teaches something new and what better way to celebrate the season than with treats made by your own hands?

Find out more about 4-H Intro Clubs at 4hab.com/member or email introclubs@4hab.com.

Breathe in as you colour one snowflake arm, and breathe out as you colour the next snowflake arm. Nice and slow.

I AM CALM LIKE WINTER SNOW

It's Christmastime in Calgary

by Garth Paul Ukrainetz

It's Christmastime in Calgary In foothills west a silent night The constellations fill the sky Forever sharing starry light

The whitetail deer in Nose Hill Park Prancing over city's glow Sweet homes of dancing candlelight Gentle as the falling snow

And high on top of every tree
The stars and angels overlook
For bleak and icy winter hearts
The melting grace of warm chinook

It's Christmastime in Calgary
Though heights of mountains cold in snow
Our gifts stay warm beneath the trees
Wrapped with love by River Bow

SAFE AND SOUND

Cold Weather Safety

by Alberta Health Services

Emergency Health Services (EHS) - Alberta responds to cold weather emergencies each winter. You can reduce your risk of sustaining a cold weather emergency by taking a few precautions. Dress by wearing warm, insulating layers close to the body covered with wind and waterproof layers on the exterior – cover as much skin as possible. Carry an emergency roadside kit in your vehicle containing extra clothing, blankets, and emergency supplies and ensure your mobile phone is fully charged.

Frostnip

- Frost-nipped skin is extremely cold, but not yet frozen.
- It commonly affects the ears, nose, cheeks, fingers, and toes.
- The skin may look red and possibly feel numb to the touch.
- When treated promptly, frostnip usually heals without complication.
- Move to a warm environment and immediately, but gently, re-warm the affected area through skin-to-skin contact (i.e. hand covering tips of ears).

Frostbite

 Frostbite occurs when skin becomes so cold, the skin and underlying tissues freeze.

- Affected skin may look white and waxy and will feel hard to the touch.
- Move to a warm environment immediately and place the affected area in warm, not hot, water until fully re-warmed.
- Seek further medical attention as required.

Hypothermia

- Hypothermia is abnormally low body temperature, less than about 35°C (as compared to normal body temperature of about 37°C).
- Early hypothermia may manifest as profound shivering; moderate hypothermic patients may act inappropriately: stumbling, mumbling, and fumbling, as their body temperature continues to drop resulting in severe hypothermia (<30°C).
- Left untreated, severe hypothermia may progress to unconsciousness or death.
- Early recognition and prompt medical attention is key. Don't forget to protect yourself from the factors that originally lead to the patient's situation.
- Initiate gentle re-warming as quickly as possible.
 Remove any wet or constrictive clothing; cover with blankets or sleeping bags. Protect from further heat loss: eliminate contact with cold surfaces, and shield from wind and moisture.

Quick and Easy Bruschetta Appetizers

by Jennifer Puri

Affordable and versatile, bruschetta is a deliciously simple tomato and basil combo.

A classic Italian appetizer, bruschetta originated in 15th century Italy. Olive growers would grill bread over an open fire to taste their freshly pressed oil. The simple slice of toasted bread later evolved to include cheeses, meats, and olives.

Soft cheeses like goat cheese, ricotta, or brie can create a unique flavour. This recipe uses bleu cheese and slices of French bread, but you can also use ciabatta bread instead. Bruschetta can be served warm or cold as part of an appetizer platter.

Bruschetta pairs well with pastas and salads, grilled chicken, or fish. Leftovers can be refrigerated for two to three days in an airtight container.

Prep Time: 15 minutes

Cook Time: 10 minutes

Servings: 4 to 6

Ingredients:4 cups of chopped tomatoes

- 2 tbsps. chopped basil
- ullet '4 cup chopped red onion
- 6 tbsps. extra virgin olive oil
- 1 loaf of French bread

- 1/2 cup mayonnaise
- ½ cup crumbled bleu cheese
- 3/4 tsp. dry mustard
- ½ tsp. salt
- ½ tsp. coarsely ground black pepper
- 1 tbsp. white wine vinegar

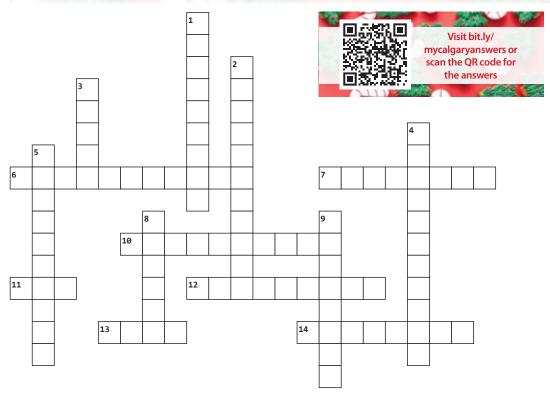

Directions:

- 1. Preheat oven to 400 degrees Fahrenheit.
- Slice French bread into ½-inch-thick slices and then cut into half. Lightly brush slices with olive oil on both sides, place on a baking sheet and bake in oven for 10 minutes or until lightly brown.
- Prepare tomato mixture by mixing together tomatoes, red onion, basil, salt, pepper, 2 tbsps. of olive oil, and the white wine vinegar.
- 4. In a separate bowl gently mix together mayonnaise, mustard, and crumbled bleu cheese.
- Spread the cheese mixture on the toasts then top with the tomato mixture. Garnish with fresh basil leaves and serve.

Bon Appétit!

December Crossword

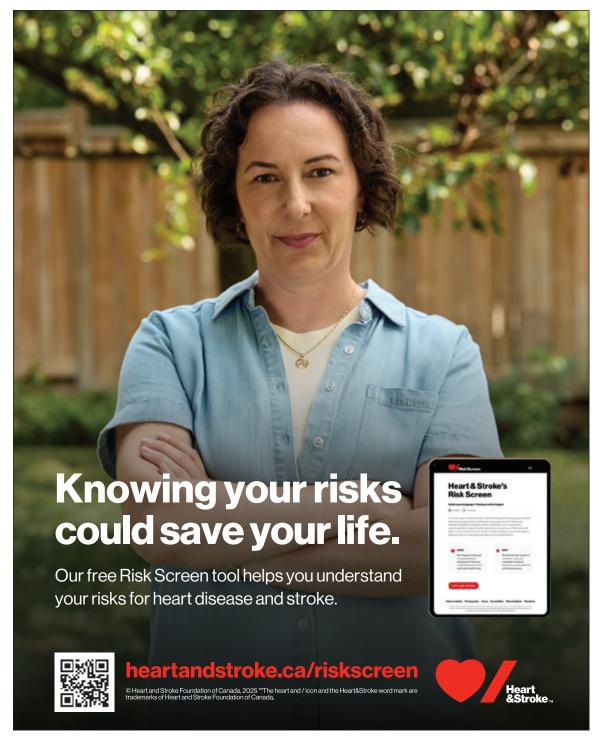

Across

- 6. The Statute of ______ passed on December 11, 1931, granting Canada full legislative independence from the British Empire.

- 5. Jane Austen's last novel, _____, was published on December 20, 1817.
- 8. Two years after being stolen, the "Mona Lisa" was returned to this museum on December 12, 1913.
- Ferguson Jenkins born on December 13, 1942, in Chatham-Kent, was the first Canadian inducted into the ______ Hall of Fame.

YOUR CITY OF CALGARY

Protect Your Household Water Lines and Meter from Freezing

by The City of Calgary

Every winter, some Calgarians will experience frozen water pipes, service lines, and water meters, resulting in a water outage. The City's Frozen Pipes Prevention Program works proactively with homes considered at higher risk due to factors such as location, depth and configuration of water pipes, and a history of freezing.

Recently we have noticed an increase in frozen pipes in homes that are typically at a lower risk, where taking some of the steps below could have prevented household pipes from freezing. Ways to avoid freezing include:

- Keep your thermostat at a minimum of 15°C, even if you're away from home.
- Eliminate any cold drafts in unheated areas where water supply lines are located. This can include basements, crawl spaces, attics, garages, and under bathroom and kitchen cabinets.
- Repair broken windows, check doors, and insulate areas that allow cold exterior air to enter.
- Insulate your hot and cold-water pipes located in cold areas.
- Open interior doors and cabinets in cold areas to allow heat from the house to warm unprotected pipes.
- Turn off, disconnect, and drain the water line to outside faucets, garden hoses, pools, or decorative water features.
- If your hot water tank is in a maintenance room outside of your home, make sure the area is adequately heated.
- $\bullet \ Regularly \ run \ water \ in \ your \ pipes \ through \ every day \ use.$

Visit calgary.ca/frozenpipes to learn more, including actions you can take if you suspect you have frozen pipes.

Dear Neighbours,

As the weather turns colder and the holiday season approaches, I want to wish you and your loved ones joy, peace, and time to rest and reconnect with family and friends.

I know that the past few months have been challenging, particularly with the recent teachers' strike and the government's decision to invoke the notwithstanding clause. Over the past weeks, many of you have reached out to share your concerns, your support, and your steadfast advocacy for educators. I am deeply grateful for your engagement and your commitment to a fair and compassionate community. To the families who have anxiety regarding education, rest assured our teachers are the very best and myself and my colleagues will continue to fight to get them the support they need to give our kids the start in life they all deserve.

I'll be looking forward to seeing you all at holiday celebrations across our communities. This season brings out the best of what it is to be Albertan, and I always love to see the community come together.

As we head into the new year, I remain dedicated to representing your voices in the legislature and working hard on the issues that matter most to our community. My team and I are always here to listen and support you in any way we can. Please don't hesitate to reach out.

Warm regards,

MLA Amanda Chapman

BUSINESS CLASSIFIEDS

For business classified ad rates contact Great News Media at 403-720-0762 or sales@greatnewsmedia.ca

OFFICIAL PLUMBING & HEATING: Small company, low overhead, excellent warranties, and great rates. Specializing in residential service and installs. Services include furnace service and replacement, hot water tank service and replacement, leaks, clogs, gas fitting, and more. Licensed and insured. Why wait? Call today and get it fixed today! Available 24/7, we accept debit/VISA/MasterCard. Call 403-837-4023 or email info@officialplumbingheating. ca; www.official-plumbing-heating.ca.

HIDDEN VALLEY | **HANSON RANCH MORTGAGE BROKER:** Save a bunch of cash! As a Calgary mortgage broker, I have helped your neighbors navigate their purchase, refinance, and renewal options. If you are looking for expert mortgage advice, excellent rates, many options, and better financing, Call Anita at 403-771-8771 | anita@anitamortgage.ca | Licensed by Avenue Financial.
