# PLANNING AND DEVELOPMENT REPORT

by D. Jeanne Kimber | [development@hpc.ca](mailto:development@hpc.ca)

First, our apology to the residents at 224 34 Avenue NE for an error in the previous issue of this report. We mistakenly stated that there was a Development Permit (DP) application for a new semi-detached with suites at this address. The correct address for this DP is 224 33 Avenue NE. The file reference number is DP2023-00165, and the application is still under review.

The City will be holding a public information and feedback session in Highland Park concerning Bus Rapid Transit (BRT) work being planned for Centre Street North. This session will be held in the Community Association Hall on April 26 from 5:00 to 8:00 pm. More information is available at <https://www.calgary.ca/planning/projects/transit-north-central-brt.html>. A drawing of the proposed changes at the intersection of 40 Avenue and Centre Street showed changes only to Centre Street. We have raised our concerns about current and future traffic flow on 40 Avenue with the traffic planner.

A new land use application for a change to H-GO, and a concurrent Development Permit application for the six properties at 204 to 224 40 Avenue NW was recently filed. The development proposed for this site would consist of thirty-two three-storey rowhouse units, all with suites contained in five buildings. There would be a carport along the laneway for thirty-two vehicles along with alternate mobility storage lockers and bike racks. The Planning Committee of the HPCA has had a meeting with the applicant. We have expressed our concerns about the density proposed for the site, along with our concerns about waste and recycling facilities, traffic flow, pedestrian safety crossing 40 Avenue, the lack of amenity green space, and the building heights. If approved by the City, future construction of the project would be done in two separate phases, with the east half developed first. The file references are LOC2023-0054 for the land use change to H-GO and DP2023-01343 for the redevelopment project.

With respect to the properties at 453 and 457 35 Avenue NW we have – again – asked the owner for the timeline on demolition of the burned building, and also stated that efforts should be made to keep the property tidy in the interim.

An application for a two-storey six-plex to be built at 3520 Centre Street NE is still under review. The plans show two units to be developed on each floor and in the basement, with each unit containing two bedrooms, two bathrooms, living, and kitchen areas. We raised

concerns about the provision of waste and recycling facilities for these six units. We also noted a lack of secure alternate mobility storage that residents without cars would require. Comments can be submitted through the development map. The file reference for this development permit application is DP2023-00451.

There is a new DP application for a rowhouse at 457 33 Ave NW. This property was previously redesignated as R-CG land use. The file reference is DP2023-01905. As of today's date, April 16, the plans were not yet available nor had a city planner File Manager been assigned to the application.

A new planning communication/information tool has been implemented by the City. It can be found at [www.calgary.ca/planningmatters](http://www.calgary.ca/planningmatters). The website provides access to online notifications of public hearings, links to Council agenda and links to information on how to submit letters or speak at Council. You can also sign up for email delivery of Planning news items. As always, we encourage Highland Park residents to keep informed of redevelopment activities in the community through the use of the City's development map.

# Recipes for Your Good Food Box

by Anne Naumann

This last month, the small (\$25) Good Food Box I ordered contained the following: one head of Romaine lettuce, four beefsteak tomatoes, two English cucumbers, one head of celery, three Ambrosia apples, two navel oranges, two heads of broccoli, two lbs. of carrots, five lbs. of yellow potatoes, three lbs. onions, and one pineapple.

Check the Upcoming Events article elsewhere in this newsletter regarding the upcoming Good Food Box order and pick up dates. Please keep in mind that if you are ordering via e-transfer to me at AnneNaumann@shaw.ca for the first time, please also send us a follow-up email to GoodFoodBox@hpca.ca with your contact information (phone and email) so we can contact you to remind you about the pickup date and the next order date. If you are a new customer, we also need some basic demographics from you regarding how many people your box order will feed: number of adults (18 to 65), youth (0 to 17), seniors (65+), and families. We provide a summary of this information to the Community Kitchen folks for their grant reporting each month.

This past month, I used the pineapple to try to re-create the barbecued pineapple skewers we had one time at a Brazilian restaurant. They turned out pretty well. Cooking pineapple breaks down the acidic enzyme in them that can cause your mouth to hurt when it is eaten raw.

## BBQ Pineapple Skewers

**Servings:** Makes at least 4 servings

**Prep and Cook Time:** Approximately 30 to 45 minutes

**Kitchen Supplies Needed:** Medium to large sized sharp knife, cutting board, long wooden (or metal) skewers, a baking pan that will fit the wooden skewers, a BBQ or oven baking sheet, large mixing bowl, small bowl.

### Ingredients:

- 1 pineapple
- 2 to 4 Tbsp. butter, or canola oil
- 2 Tbsp. brown sugar
- ½ tsp cinnamon
- 6 to 8 wooden or metal skewers

### Directions:

- First, place the wooden skewers in the baking pan and cover them with water. Soak them for at least ten minutes before putting the pineapple on them. While they're soaking you can prep your pineapple.
- Cut the pineapple to remove the brownish greenish

rind while leaving as much of the pineapple remaining as possible. I do this by first cutting off the top (leafy part), then cutting off the base. Then, stand the pineapple up, and slice off strips of the pineapple rind until the rind is all removed. You will likely still have brown "eyes" in a spiral around the pineapple. You can cut these out by taking V-shaped slices along the spiral. If some "eyes" remain, it's not a problem.

- Once you've peeled the pineapple, you need to cut it and remove the core, which is harder and kind of woody. Stand the pineapple up, and you should see the round core on the top. Slice the pineapple down next to the core. Continue slicing down on the other sides until the core has been removed. I personally eat the core raw, but you may not want to.
- Once you have the pineapple prepared, cut it into bite-sized chunks. Put the chunks into the large mixing bowl.
- Put the butter (or oil) and brown sugar into the small bowl, and microwave on medium heat for 30 seconds at a time, until the butter is melted, then stir in the cinnamon. Pour over the chunks of pineapple and toss to coat.
- Once the skewers have soaked long enough, poke the skewers through the center of a chunk of pineapple, one at a time, until the skewer is full, leaving a couple centimeters on each end. Continue with the rest of the skewers.
- Place the skewers on the preheated BBQ grill (or in a preheated 400-degree oven on a baking pan), and keep an eye on them, flipping them every two to three minutes on the grill, or every seven to eight minutes in the oven, until they are slightly browned in parts but not burned.
- Serve with ice cream if desired, but I think you'll definitely enjoy these either way.

# Fairview

BAPTIST CHURCH

Dear community of Highland Park,

We at Fairview Baptist Church are excited to officially announce that we are moving from our previous location in Fairview to your community of Highland Park. **As of Sunday, June 4th, 2023, we will begin worshipping at our new building located at 3311 Centre St N.**

As we begin the process of moving to our new location, we would like to invite you to join us for worship. It is our desire as a church of Jesus Christ to see His name magnified as we bring his saving gospel to all people alike. Maybe you've had some experience with church, or maybe you've never stepped foot in a worship service before. Regardless, we welcome you and greatly desire the opportunity to make Jesus Christ known to you.

As Jesus himself said in John 17:3, *“And this is eternal life, that they know you, the only true God, and Jesus Christ whom you have sent.”* In other words, eternal life is found only in knowing Jesus Christ, God's Son. He came to this world, being Lord himself, to communicate the gracious character of God in the greatest possible way: dying upon a cross. In love for the sinner, Jesus voluntarily took their rightful place of condemnation and judgment. And in dying the death they deserved, he fully satisfied the wrath of God, ensuring total forgiveness for the guilty. This Jesus, who rose from the grave three days later, calls all people to trust in him for salvation. He has earned their eternal salvation in his blood and offers it freely. Let us make Christ known to you.

## CALGARY-KLEIN

### HUSBAND. FATHER. COMMUNITY BUILDER.

From when I first started door knocking four years ago in Calgary-Klein, I have seen a real change for the better in our communities.

I've heard from people like Donna. Four years ago, her son had lost hope and was out of work. Donna was anxious about her son's future, worrying he would have to leave Alberta to find work. Fast forward to today, Donna's son has found a job in his trained field and is living happily. This is one of the many success stories I've heard on the doorstep as a result of a thriving economy.

Since 2021, under the UCP, Alberta has seen 212,000 new jobs, balanced two budgets, and lowered both personal and business taxes. Because of this, we have tens of thousands of Canadians moving to our province for the great opportunities that now exist here.

Throughout the inflation crisis, we have brought forward many ways to relieve the burden on Alberta families such as the Affordability Relief Payments for seniors, families, and Albertans in need. We've also halted the fuel tax, introduced rebates for electricity and natural gas, and increased supports for vulnerable Albertans. Our work here is not done yet. Let's keep building off this momentum together!
