# Let's Talk...

**March 12, 2024**

**TIME: 2:00 pm**

Join us on Tuesday, March 12, 2024 for our Let's talk ... session lead by Dr. Jayna Holroyd- Leduc, Academic Lead, Brenda Strafford Centre on Aging at the University of Calgary. She is an academic geriatrician with a wealth of research expertise and leadership experience focused on improving care for older adults. Dr. Holroyd-Leduc will address the topic of healthy aging. The keys to healthy aging involve a multi-pronged approach to ensuring cognitive, social, physical and emotional needs are looked after. Eating well, getting enough exercise, regular and sufficient sleep; interaction with friends, neighbors and family; cognitive challenge and having a sense of purpose or 'a reason', and dealing with the normal stresses of aging, are all part of the mix.

# Safety in Hounsfeld Heights - Briar Hill

by Michelle LeGrandeur, HH/BH Safety Director

With this recent cold snap, one particular crime is significantly on the rise. Vehicle theft. According to a December 8, 2023, Global News report titled "Lock it or Lose it" the latest stats determine vehicle thefts in Alberta in 2023 have grown by 17% compared to 2022 and Calgary is leading the way. In short, there is an average of 57 vehicles stolen each day. In addition, 50% of all vehicles stolen were left running or the keys were inadvertently left in them.

Stolen vehicles are also used to commit other crimes like breaking and entering, robberies, and worse. Our communities would be safer overall if we reduced auto theft. It's recommended if you park your vehicle outside, check your license plates often to ensure that your license plate hasn't been taken and replaced with a stolen license plate. This type of crime recently resulted in a scary and preventable experience by a father and his 15-year-old daughter when the police pulled them over because their license plate was replaced with a stolen one.

Something else to consider, check your auto insurance coverage. It's assumed that your standard auto insurance includes theft. This is often not the case with many auto insurance providers. If you want coverage for theft, you'll have to request theft coverage and pay additional costs to have this coverage. It's not cheap to get auto theft insurance. Many people don't purchase theft insurance because they park in their garages. However, unfortunately vehicles are stolen from public areas. It's not an easy decision to make especially with the increasing cost of living.

## Community Resource Officer, Constable Margaret Reinders Update

There have been some break and enters in the HH/BH community. Some are in houses that are unoccupied because they are being renovated or slated for demolitions or because the homeowners are on vacation. The culprits look for uncleared snow on sidewalks and driveways. If possible, hire a snow removal company or have a neighbour clear the snow within a reasonable time. There is also a city bylaw requiring snow be removed within a certain time frame for reduced injuries to pedestrians.

The disorder along the transport corridor has been reduced over the last couple of months. However, the latest numbers during the cold snap are not currently available at this time. Transit has had added new transit cops and more patrols to the corridor which could be the reason for the deduction in disorder.

The incidents inside of North Hill Mall have not decreased. This may be due to a new security company in the mall that is calling the police more frequently instead of ignoring the issue. The mall security is calling police for shoplifting and drug related incidents. As a result of this increased reporting, there have been more police reports filed and arrests made.

All of the food court spaces are now full and other business have opened up within the mall itself. This has led to an increase in foot traffic in and around the mall. This may be a contributing factor to more people phoning the police. Safety resources for example, the Calgary Police Services can be influenced by reporting unwanted incidents. Especially if individuals have warrants out for their arrest. A reminder if there is any situation where you feel as though your safety is compromised, it's recommended you call CPS either the Police Non-urgent line at 403-266-1234 or if it is an emergency call 9-1-1.

## VISION AND MISSION

### Vision

A peaceful, central, residential community with friendly neighbours connected through vibrant public space and activities.

### Mission

Inspire and support residents to build our community together through volunteering, social and recreational activities, and partnerships.

## Hounsfeld Heights-Briar Hill History Book

A beautiful book about our neighbourhood is available to purchase for \$40 from the admin office at the gym. Please contact [admin@hh-bh.ca](mailto:admin@hh-bh.ca) to make arrangements. You can also call 403-282-6634.

The book contains photos and stories written by the families that first moved into the area in the early-'50s. Their stories of building homes, starting the school, and establishing this vibrant community are worth the read.

A big thank you to Mary Stapleton and her group of volunteers for taking on the task of putting this together.

## What to Do with Old, Broken, or Unwanted Items?

by the City of Calgary Waste and Recycling Services

There's always clutter that needs to get cleared out of closets, the basement, and the garage, but do you know what to do with all those unwanted items?

The 'What Goes Where' online search tool helps you figure out what to do with your old stuff!

The search tool will let you know:

- What items can go in your blue, black, and green bins
- Where to donate usable items
- How to safely dispose of hazardous items

You can look up hundreds of different items from televisions, light bulbs, toys, bicycles, furniture, and so much more. Try the 'What Goes Where' tool today at [calgary.ca/whatgoeswhere](http://calgary.ca/whatgoeswhere).

## JOKE OF THE MONTH

What do you call two monkeys who share an Amazon account?

Prime mates!

## WINNIE IS CANADIAN

In World War I, Canadian soldier Harry Colebourn adopted a black bear cub, Winnipeg (Winnie). Donated to the London Zoo in 1914, Winnie captured the heart of Christopher Robin Milne. He named his teddy bear after her, inspiring A. A. Milne's creation of the timeless Winnie the Pooh stories. The rest is cuddly, whimsical history!

# BUSINESS CLASSIFIEDS

## Burns and Scalds

from Alberta Health Services

Each year Emergency Medical Services respond to emergencies involving young children who have sustained severe burns or scalds. These incidents often occur inside the child's own home. Common causes include a child accidentally tipping hot liquids onto themselves, touching hot surfaces such as stoves, or making contact with electrical outlets. Fortunately, incidents such as these can be avoided by taking preventative measures.

### Degrees of Burn

- 1°: Affects only the top layers of the skin; appears red like a sun burn; discomfort is generally tolerable
- 2°: Deeper and much more painful than 1° burns; broken skin or blisters commonly develop
- 3°: Severe. The deepest layers of skin and tissue are injured; may appear charred or leathery.

### First Aid for Burns

- Skin may continue to burn if not cooled. Immediately douse burns with large amounts of cold water.

- Cover the burn with a sterile dressing, or at least clean material to protect infection.
- Over the counter medications may be used for pain. Adhere to directions given on the label.
- Seek further medical attention, as required.

### Prevention of Burns

- Check the temperature of your hot water tank. Temperatures as high as 60°C / 140°F will scald a child in just seconds.
- Use placemats instead of tablecloths. Tablecloths can be yanked downward causing hot drinks or food to spill on a child.
- Turn pot handles to the back of the stove and ensure cords from kettles, slow cookers, and other electrical appliances cannot be reached.
- Avoid picking up a child while holding any hot liquids.
- Ensure electrical outlets are made secure by installing commercially available safety devices which prohibit access.
- Keep children away from areas where appliances are in use (kettles, irons, hot stoves).

If you require immediate medical attention, call 9-1-1.

## News from the Friends of Nose Hill

by Anne Burke

As many of you are aware, there is an annual global community science competition which documents urban diversity in 460 cities.

Find Wildlife. Take a Picture or Record. Share! Public bioblitzes are held across Calgary with local stewardship groups. The challenge engages citizen scientists in finding and documenting plants, animals, and other living organisms in urban areas. Since parks are for everyone, use only designated pathways and trails. Respect wildlife and keep your distance. Use designated garbage bins. Keep dogs leashed and pick up after them. Respect other visitors.

The 2023 City Nature Challenge involved taking pictures from April 28 to May 1, and then identifying them. In all there were over 1.8 million observations, nearly 58,000 species, and 66,394 participants. For example, Urban Bee Flies were among one of the species identified and they are important pollinators in Calgary. One of Calgary's most observed butterflies, in spring and fall, was the Mourning Cloak. Common Greenshield Lichen and Red-stemmed Feather Moss were also observed in Calgary. A Water Strider was observed in Bowness Park. A Boreal Chorus Frog was also observed in a threatened wetland of Calgary. The Canada Goose in Calgary's urban ecosystem was also observed. An Orange-Crowned Warbler in Weaslehead Natural Area was also identified. Find pictures of all these species and more at [www.citizenblitz.ca/](http://www.citizenblitz.ca/).

Yes, the City Nature Challenge will take place again this year. The dates for the event are April 26 to April 29: Taking pictures of wild plants and animals. April 30 to May 5: Identifying what was found. Canadian and global results will be announced on Monday May 6, 2024. This will be the sixth year for Calgary Region participation and there are awards for the top cities. It can be any plant, animal, or any other evidence of life found in the City. Take a picture of what you find or record a sound. Be sure to note the location. Share your observations. The set up for the project page, working with the global organizer team for materials, and more can be found at: [www.inaturalist.ca/projects/city-nature-challenge-2024-calgary-metropolitan-region](http://www.inaturalist.ca/projects/city-nature-challenge-2024-calgary-metropolitan-region).
