## PRESIDENT'S MESSAGE

It's hard to believe how quickly time flies; we are already in June!

Last month marked our one-year anniversary of our solar panel system being installed on the community association building. The entire project was funded by the City of Calgary and Enmax through the Community Solar Fund, and we couldn't be more appreciative to have been a recipient. The system collects sunlight, converting it into electricity that is fed directly into the grid, and we receive a credit on our utility bills for the power we produce. In our first year, the solar panels generated an incredible 50,240-kilowatt hours, which reduced our utility bills by over \$2,000 during this first year and has the potential to generate 100% of our annual electrical usage!

It's important to remember that while the RCA does generate revenue through rentals of the building, grants and donations are our primary income so any cost savings on utilities has a massive impact on our bottom line, allowing us to redirect more funds into programming and events for the community.

**Speaking of events in the community, we have a few more events coming up this summer, including:**

On June 3, we will be hosting our annual Parade of Garage Sales plus a trunk sale at the Community Hall. To register your garage sale on the map, it is \$5 for non-members and free for RCA members. To book a spot for the trunk sale, it is \$10 for non-members and only \$5 for RCA members. Please visit our website and check out the "upcoming events" page for a link to register.

We also have our community cleanup coming up on Saturday, July 8 in collaboration with the City of Calgary. We hope to have a few different partners joining us on this event, but we do need volunteers to make this happen. To register as a volunteer, please check out our website or Facebook for a link to the volunteer sign up page.

Lastly, we are thrilled to announce that we will be having our casino fundraiser event on Thursday, August 31 and Friday, September 1 at Ace Casino. This is the single biggest source of funding for the RCA and helps us fund repairs to our building. If you have questions about volunteering with this event, please reach out to the office and we will provide a registration link closer to the date.

It goes without saying that we couldn't do everything we do without volunteers like our board directors and program hosts, but we always need more! We have already had to cut back on our events calendar because we didn't have enough volunteers to plan or coordinate events like our annual Stampede Breakfast and had to trim back our Community Cleanup last year. Unfortunately, if we can't get enough volunteers, we may need to reduce our community events even further and that definitely isn't what we want.

We have open positions on our board of directors, open slots for program hosts, and of course, always need day-of volunteers for helping to run events. If you might be interested in volunteering, please check out our website to see open availability or reach out to the office and we can provide more information. It's a great way to contribute to your community and meet your neighbors!

## St. Rita School

Spring is in full swing, and it is hard to believe that we are entering into the last month of the school year. At the end of May, St. Rita hosted an Open House for anyone wishing to learn more about our wonderful school community. We also had a Trickster Theatre residency that culminated in a performance for our families as well as an art showcase to display our beautiful student art pieces created during our Passion for Glass artist-in-residence.

Though the year is winding down, the activities at St. Rita School are not. Staff and Students alike are excited for our June Play Day taking place at the Spray Lakes Center in Cochrane, as well as our year end mass taking place at St. Peter's Parish.

We have had a wonderful year at St. Rita and are already looking forward to what next year will bring!

Here we are in June – the end of the school year, and the end of our 2022-2023 Scouting year. It’s been a year full of adventure for our Scouting youth – I’m flipping back through photos to remind myself of all the Group has accomplished. It all starts in the fall with our Investiture of our new Beavers and Cubs, usually outside with the first “mug up” of the year. Indoor and outdoor adventures follow through the dark and cold months of winter, which also have their advantages for activities like stargazing and headlamp snowshoeing. There are the usual traditional adventures like Kub Kars and Beaver Buggies, which bring exciting racing every year. And now into the summer adventures of camping and paddling. It’s amazing to watch the youth grow in teamwork and confidence as they learn new skills, and to watch the older kids take on leadership and coaching roles with the newcomers.

We want to thank our Ranchlands residents for your amazing support throughout the year. Our bottle drives are foundational for running our Group and our last few have been hugely successful. These help us cover everything from rent to activity fees. We also launched a WestJet Raffle and 50/50 fundraiser in May with a draw at our end of year Family Camp. But the biggest gift you can give us is your time – we are still looking for volunteers to support our Scouters and Group Committee next year. Please reach out to us directly at [186thRanchlandsScouts@gmail.com](mailto:186thRanchlandsScouts@gmail.com) if you have any interest in supporting the Group.

We’ll be on hiatus through the summer, picking up meetings again in the fall. This will be my last post as the Group Commissioner, as we make some adjustments to the Group to switch out some long-time volunteers. We’re really hoping to be able to bring back a Scout Troop to Ranchlands in the fall, to keep the tradition going.

Have a safe and adventurous summer!

Yours in Scouting,

*Tara Barnett*

This Stampede, stay safe and have fun!

Sometimes, the best way to avoid the crowds and enjoy the Stampede is by using taxis and rideshare apps like Uber. Here are some things you can do to stay safe while having a good time.

Passengers should make some checks before they get into any vehicle, during Stampede and throughout the year. Apps like Uber provide a photo of the driver, the licence plate number, the make/model of the vehicle, and GPS tracking. If you’re hailing a taxi, make sure to check that the driver and vehicle are both licensed. A taxi plate verifies these on the car’s rear bumper, and the driver’s ID must be posted in a visible location. Also, make sure to take note of the taxi number, company, and colour of the vehicle. For more information and safety tips, visit [calgary.ca/taxi](http://calgary.ca/taxi).

**Preparing Your Property for Rain**

Along with warm weather, Calgary summers can also bring heavy rainfall. Here are some tips to help you prepare:

- Be sure to clean out eavestroughs, downspouts, and any storm drains near your house.
- Extend downspouts away from your home. Direct them onto your garden or lawn so the water can soak into the ground.
- If you have a swale on your property, remove yard debris to ensure water flow.
- If you have a sump pump, check to make sure it’s working. Consider adding a circuit breaker alarm to the pump to notify you if the power supply is lost.

During intense rainfalls, storm drains can become overwhelmed and may take time to drain. If you see water pooling around storm drains and it hasn’t drained within 90 minutes, take a photo and submit it at [calgary.ca/stormdrains](http://calgary.ca/stormdrains). If immediate safety is a concern or water is entering a building, call 311.

## News from the Friends of Nose Hill

by Anne Burke

Spring brought renewal and awakening of Mother Earth in April. There was a three-hour interpretive walk to connect with cultural landscapes through the ages in Nose Hill Park where attendees could be closer to the stars.

The group at the John Laurie Blvd parking lot began the 2.2 km route on pathway and gravel trail. The leaders were Crystal Many Fingers, a Blackfoot member of the Kainai First Nation of Treaty 7, and Laureen Bryant, a professional archaeologist who focused on human occupation.

Legends and sharing stories are an integral part of an oral culture. The importance of Nose Hill to pre-contact indigenous people is highlighted by sites such as the buffalo rubbing stone for ceremonies, vision questing, and fasting.

A natural area is a City-owned park with a natural/native plant community. Our primary role is to preserve the natural significance. Conservation protects these (relatively) undisturbed parcels of land. Damage can be repaired while loss can be restored.

Public engagement and feedback from tourists will contribute to Calgary's 20-year Park Plan. After a draft proposal, there comes a final version by spring 2024, before presentation to City Council. For more information, visit <https://engage.calgary.ca/parksplan>.
