City Kids: Exploring 4-H Beyond the Farm

by Lori Nielsen, Senior Program Coordinator for 4-H Intro Clubs

The Intro Clubs in our city have been buzzing with excitement! We're wrapping up another round of daytime and evening programs, filled with hands-on workshops that let kids try new things and make connections with friends over six weeks.

Kids have enjoyed a wide range of activities, from pottery and beekeeping to crafting their own Grinch trees. Each workshop sparked creativity and teamwork, and the feedback from families has been fantastic. Along the way, the kids picked up core 4-H skills like leadership, communication, record-keeping, and community service.

One highlight was our Sourdough Workshop, where participants got a taste of bread dough-making, complete with a wheat grinding demonstration! They also learned about the science behind sourdough and had fun making pizzas with sourdough crust. The aroma of fresh pizza filled the air, and the favourite part was tasting their creations.

We're excited to announce that the Sourdough Workshop will be back in January as part of our next round of clubs, so those who missed it will get another chance!

The Intro Clubs are a great place for kids to grow, make friends, and have fun. We can't wait for the new workshops and activities coming up! For more information on upcoming clubs, please email introclubs@4hab.com. Thank you to all the families who've joined us on this journey—stay tuned for updates, and we hope to see you at our next workshop!

'What a wonderful time of year!'

It's hard to believe that November is over, and December is already here! We are all excited for the fun of the holiday season and the excitement that December brings! During this busy month, we enjoy talking about all the special holidays that people celebrate. We tell stories about families, friends, love, giving, and sharing. It is so wonderful for us to be able to share our holiday traditions and to learn about and appreciate our likenesses and differences.

We have also been enjoying the 'Secret Garden' in the winter where we play in the snow with our friends. The children love to pretend to cook in the garden, finding natural objects to make a delicious soup or make a warm fire with the sticks that they find! They also enjoy making obstacle courses with all the objects they can find and moving around it with their friends. We are so lucky to have an outdoor space that we can enjoy in different ways all year-round.

Our music lessons with Ms. Elle came to an end at the start of November, which we were all very sad about. We always love these lessons and enjoy learning new songs and experimenting with different instruments. It's lovely to see children's confidence grow in these classes and children's language develop with all the fun and engaging songs. We can't wait for her to return in 2025!

For more information or to register in our limited available spots, please visit our website: www.westhillhurstpreschool.com. Also, be sure to check out our Facebook page 'West Hillhurst Community Preschool' and our Instagram page to see all the exciting and fun things we get up to!

A colorful flyer for West Hillhurst Community Preschool. At the top, it features the same logo as the first image. Below the logo, the text 'REGISTRATION OPEN' is written in white on a dark blue background, with '2024-2025' in white on a pink background below it. The flyer lists several benefits: 'Spaces still available in our afternoon classes!', 'Provincial Affordability Program available (\$75 per month towards monthly tuition)', 'Small class sizes (1-9)', 'Kindergarten students eligible to attend', and 'Features play based curriculum, outdoor area, and sessional programs such as skating, soccer, and science instruction'. At the bottom, it says 'REGISTER: WWW.WESTHILLHURSTPRESCHOOL.COM' and 'QUESTIONS? EMAIL REGISTRAR@WESTHILLHURSTPRESCHOOL.COM'. The flyer is decorated with various colorful icons like a star, a hand, and a squiggle.

An advertisement for Maximum Health Wellness Centre. At the top, the logo 'MAXIMUM HEALTH WELLNESS CENTRE' is displayed. Below the logo, the text reads: 'Our clinic brings together experienced practitioners from a variety of disciplines to provide a complete approach to your treatment.' A blue banner below this says 'Now Offering Osteopathy' followed by 'Maela Gasiglia, D.O.M.P and Mike Viani B Kin, D.O.M.P'. Underneath, the word 'Services' is written in a large, bold font, followed by a list of services: 'Registered Massage Therapy', 'Osteopathy', 'Acupuncture/Traditional Chinese Medicine', 'RAPID NeuroFascial Reset', and 'Functional Medicine'. Below the list is a row of four small images showing people receiving treatments. At the bottom, the text 'Your Health Is Your Most Important Asset' is written. Below this, the website 'maximumhealth.ca', phone number '#4 213 19th ST NW', and another phone number '403-283-0725' are listed. A large blue button with white text says 'Book Now'.

News from the Friends of Nose Hill

by Anne Burke

Phase 3 of the Connect: Calgary's Parks Plan is underway, and the draft plan was shared with the public and partners before Council's expected approval in early 2025. You can send questions or comments directly to the project team by emailing parkspan@calgary.ca. Please note that these will not be included in the final Phase 3 What We Heard Report. A Park is a space set aside for enjoyment, recreation, education, cultural or aesthetic use, or for the protection of wildlife or natural habitats. An urban forest includes trees and shrubs intentionally planted, naturally occurring, or accidentally seeded within city limits. This means all trees in parks, river valleys, streets, roadways, natural areas, and commercial and private lands.

A Natural Area is a City-owned park or open space where the primary role is protection of a (relatively) undisturbed parcel or with a natural/native plant community. Natural areas are categorized to provide guidance for management and permitted uses according to habitat sensitivity and conservation needs. Habitat is the environment where the life cycle of a species is found and characteristics of the place (climate or suitable food and shelter). A Habitat Management Plan means a ten-year operational plan on how we manage natural areas that help maintain or improve the health and function of a park. Calgary's natural ecosystems are categorized by their habitat type (e.g., grassland, forest, wetland). There are also categories for classifying parks with natural environments: Special Protection or Major; Supporting (may be buffers), and other naturalized parks. Naturalization means improving management or repairing some function. For Environmentally Significant Areas, some key natural components recognized by the City of Calgary are Water Quality and Quantity; Rare, Intact, or Biologically Diverse content; and Habitat for Native Species of Interest. Christmas Help

This month, many families will gather around the table to celebrate Christmas with loved ones. Unfortunately, the meal will not be as grand as it once was for a growing number of families.

Food Banks Canada has reported that food bank use in Canada is setting all-time records with shocking regularity. They report that up to 25% of Canadians are living in a state of poverty, while 35% feel worse-off financially. Canadians are struggling to keep their heads above water, relying on food banks to survive.

Food bank use in Canada has doubled since 2019 with over two million visits in March 2024 alone. This is 6% higher than last year and this year will likely set a new record.

Food Banks Canada blames inflation, housing costs, and insufficient social supports for creating the food insecurity problem.

At the same time, a 23% hike in the carbon tax is not helping. If you tax the farmer who grows the food, and the trucker who ships the food, you end up taxing the Canadian who buys the food.

One-third of those using food banks are children. One-in-five is employed and 70% live in market rent housing. These are people struggling to keep up. Food insecurity has a huge impact on one's mental health and overall health outcomes. This in turn puts additional stress on other social services and the healthcare system.

This Christmas season, if you are able, please donate to a food bank or food pantry so that we can all celebrate Christmas like we used to.

While the need for donations continues throughout the year, your Christmas donation sends a special message of support to those who need it the most during the holiday season.
