October Crossword

Visit bit.ly/mycalgaryanswers or scan the QR code for the answers

Down

1. In October of 2018, the longest postseason Baseball World Series game took place; the LA Dodgers beat the _____ after 7 hours and 20 minutes.
2. Every fall, these majestic, winged insects migrate 4,000 kilometres from Canada to Mexico.
3. Born on October 24, 1986, this Canadian rap artist rose to fame on the television drama, *Degrassi*.
5. In the Middle Ages, this was used to sweeten candy.
6. This traditional Halloween candy was originally called 'Chicken Feed.'
8. Hailing from Transylvania, Vlad the Impaler served as inspiration for novelist Bram Stoker's blood-thirsty protagonist, _____.
9. In North America, this fruit becomes very popular in October.
12. Harvested in October and November in Canada, these legumes are a complete protein, meaning that they have all nine essential amino acids.

Across

4. Published on October 27, 2016, this novel by Naomi Alderman depicts a world where females develop the ability to release an electrical charge from their fingers, thus becoming the dominant sex.
7. Released on October 29, 1993, this stop-motion film, written by Tim Burton, is a Halloween classic.
10. Born on October 9, 1823, _____ was the first woman to own and publish her own newspaper, *The Provincial Freeman*, in Canada.
11. Observed on October 11, International _____ aims to celebrate and empower young girls while advocating for their rights and recognizing the unique challenges that they face.
13. October's official birthstone and Australia's national gemstone.
14. This 2,000-year-old Celtic festival marks the end of harvest and honours the spirits that are believed to walk the Earth on this day.

Fall Candle Care: How to Prevent Tunneling

by Evermore Handmade, Local Candle Business

Fall is a popular time for candlelight and cozy nights in, which means dusting off your candle collection. You might notice that some have developed a deep “tunnel” around the wick, making it difficult to light. Tunneling also shortens the life of your candle as only the wax in the centre of the candle will burn down.

Here are a few easy ways to prevent or fix tunneling so you can enjoy your favourite candles this season:

Prevention

When you light a candle for the first time, allow it to burn long enough to melt all the way to the edges of the candle jar. This ensures an even burn for the duration of your candle’s life as wax has a “memory” so to speak. The first burn sets the tone for subsequent burns and will help you get the most burn-time out of your new candle.

If you find that your candles are constantly tunneling, despite letting the wax melt to the edges of the jar, consider buying higher quality candles. Most candles on the market are made of paraffin wax (a toxic byproduct of petroleum) and are more predisposed to tunneling. Higher grade waxes like coconut, soy, or beeswax burn cleaner, longer, and more evenly.

The Fix

If you have an old candle that’s already tunneling, here are two easy ways to fix it:

1. Set your oven to 80°C (176°F) then remove anything flammable from your candle, such as labels or string. Once the oven is hot, place your candle on a baking tray for five minutes. This should heat the entire surface of the wax, making it smooth. With oven mitts, remove the candle and let it cool before lighting it.
2. Wrap aluminum foil around the top of your candle and angle it inwards like a dome. Ensure that the flame is far enough away from the foil and that there is still a hole to vent air. The foil will help the wax to heat up evenly. Keep a careful eye on your candle until the top layer of wax has melted, leaving a smooth surface, then remove the foil.

With these easy steps, you can enjoy your candles this season without any tunneling. If this article helped you, be sure to share it with a friend or loved one!

Halloween Safety

from Alberta Health Services

The members of Calgary's Partners for Safety: Calgary's Child Magazine, AHS EMS, Calgary Police, Fire, 911, Bylaw, and Transit would like to remind parents and trick-or-treaters of some Halloween safety tips as October 31 approaches. Partners for Safety vehicles will be out patrolling communities on Halloween night to provide a visible safety resource for parents and trick-or-treaters.

Trick-or-Treaters

- Remember: All regular pedestrian rules still apply. Be sure to cross the road at marked crosswalks, or well-lit corners only. It is safest to work your way up one side of the street, and then cross once to the other side.
- Avoid houses that are not well lit. Do not accept rides from strangers or enter any home you feel is unsafe.
- Let your parents know where you are going to be at all times (route) and advise them if you will be late returning.

Parents

- Be certain that young trick-or-treaters are accompanied by an adult. Older children should stay in groups.
- Pre-determine boundaries to trick-or-treat within and establish a firm time to return home.

- Advise children not to eat anything until they return home. Dispose of any items that appear to have been tampered with, or that are not properly wrapped.

Costumes

- Choose bright coloured costumes that are highly visible. Adding reflective tape to costumes further increases visibility.
- Consider sending your children with a flashlight for additional safety and increased visibility.
- When purchasing or making costumes, look for materials and accessories that are labeled flame-resistant.
- All costume accessories, such as sticks, rods, or wands, should be soft and flexible, with no sharp edges.
- Consider using hypoallergenic make-up kits instead of masks that may impair breathing, or vision.
- Be sure costumes are loose enough to be worn over warm clothing, but not so long that they become a tripping hazard. Costumes should not be longer than your child's ankles.
- Ensure your child is wearing adequate footwear that takes into consideration weather conditions and walking.

Halloween Edition

1. In the 1800s, these immigrants brought the tradition of Halloween to the US.
2. Based on Stephen King's novel, this 2017 film is the highest grossing horror movie of all time.
3. The two Ms in M&M's candy-coated chocolates stand for _____ and _____.
4. In the *Halloween* film series, a mask of this *Star Trek* character was spraypainted and worn by serial killer Michael Myers.
5. Jack-o'-lanterns were originally carved out of _____.
6. Stephen Clarke holds the Guinness World Record for fastest carved pumpkin, completing it in ____ seconds.

Eating and Dementia

from Alberta Health Services

Encouraging someone with Alzheimer's disease or another dementia to eat enough may be a challenge. Here are a few tips that may help.

- If the person resists using a spoon or fork, don't force the issue. Some people may have vision or motor problems that make using a spoon or fork difficult. Serve food that can be easily eaten, such as finger foods. Prepare foods that they like and don't worry too much about how the food is eaten.
- Offer food often. This includes healthy mid-morning and mid-afternoon snacks.
- Set aside enough time for meals. They may take longer than others to eat.
- Limit choices, which can be confusing. Serve meals in courses, one food at a time.
- If they wear dentures, make sure they fit properly. Uncomfortable dentures can make eating painful and keep a person from eating enough.
- If the person is losing weight, consider adding a liquid nutrition. Ask your pharmacist or doctor for more information.
- Eat with the person.

The Medicinal Condiment

Ketchup is one of the most popular condiments in Canada, with 87% of us having a bottle in our fridge! But did you know that ketchup was once thought to have healing properties? In the 1830s, Dr. John Cook Bennett claimed that it could cure indigestion and jaundice and sold his recipe in pill form. It wasn't until the 50s that such claims turned out to be false.

Pan Fried Salmon with Beans Almondine

by Jennifer Puri

Our modern Pacific Salmon appeared four to six million years ago and have been part of the spiritual and cultural identity of the Indigenous people of the Pacific Northwest for centuries. Salmon is part of their social network, their history, and their employment. Generally associated with long life and wisdom, the salmon is also a primary food source for the Indigenous people and considered an important gift of food from the Creator.

Chinook or King salmon is the largest species, averaging 30 lbs, though there are some that could weigh as much as 100 lbs. On the opposite end of the scale, Pink salmon weigh less than 5 lbs.

Classified as an oily fish, salmon is a popular food choice due to its rich, buttery flavour. It is also considered to be healthy and is high in protein, Omega 3 fatty acids, and Vitamin D content. The Omega 3s in salmon can help protect our skin from the aging effects of the sun, decrease inflammation, and support brain, eyes, and heart health.

Wild salmon is overall better for health, particularly Pacific Salmon of which there are five types in North America – Chinook, Coho, Chum, Sockeye, and Pink.

The flesh of fresh salmon fillets should be orange or bright pink in colour with no darkening, discolouration, or drying around the edges. Salmon should appear moist rather than dried out as dryness is an indication that the fish is old or was not handled correctly.

Prep Time: 12 minutes

Cook Time: 12 minutes

Servings: 4

Ingredients:

- 4 5oz salmon fillets with skin
- 3 ½ tbsps. of extra virgin olive oil
- Rock salt to taste

- Coarse black pepper to taste
- 1 lb cooked whole green beans
- 4 shallots, finely chopped
- 2 garlic cloves, finely chopped
- ½ cup sliced almonds
- ¼ cup lemon juice
- 3 tbsp honey
- 1 tbsp Dijon Mustard
- ½ cup extra virgin olive oil

Directions:

- Season salmon fillets with salt and black pepper. Over medium heat, warm 2 tbsp of olive oil in a large non-stick skillet. Add the salmon fillets skin side up and cook for about 4 minutes. Turn fish over and cook for an additional 5 minutes or until skin is crisp.
- Prepare citrus dressing by combining lemon juice, honey, half the chopped shallots, ½ tsp each of salt and black pepper, and ½ cup of olive oil in a small bowl. Mix well and set aside.
- Prepare beans almondine: In a frying pan or wok, sauté garlic and remaining shallots in 1 ½ tbsps. of olive oil for a couple of minutes. Add cooked green beans and cook for another couple of minutes. Add sliced almonds and salt and pepper to taste and cook for two minutes or until beans are warmed through.
- Place cooked salmon fillets on plates and top each one with a little citrus dressing. Serve with beans almondine and a side of Spanish or coconut rice if desired.

Bon Appétit!

Signs You May Have Depression

by Nancy Bergeron, R.Psych. | info@nancybergeron.ca

For many people with depression, symptoms are usually severe enough to cause noticeable problems in day-to-day activities, such as work, school, social activities, or relationships with others. Some people may feel generally miserable or unhappy without really knowing why.

Although depression may occur only once during your life, people typically have multiple episodes. During these episodes, symptoms occur most of the day, nearly every day, and may include:

- Feelings of sadness, tearfulness, emptiness, or hopelessness
- Angry outbursts, irritability or frustration, even over small matters
- Loss of interest or pleasure in most or all normal activities, such as sex, hobbies, or sports
- Sleep disturbances, including insomnia or sleeping too much
- Tiredness and lack of energy, so even small tasks take extra effort
- Reduced appetite and weight loss or increased cravings for food and weight gain
- Anxiety, agitation, or restlessness
- Slowed thinking, speaking, or body movements
- Feelings of worthlessness or guilt, fixating on past failures or self-blame
- Trouble thinking, concentrating, making decisions, and remembering things
- Frequent or recurrent thoughts of death, suicidal thoughts, suicide attempts, or suicide
- Unexplained physical problems, such as back pain or headaches

Some differences in symptoms you may see in teens and children:

- In younger children, symptoms of depression may include sadness, irritability, clinginess, worry, aches and pains, refusing to go to school, or being underweight.
- In teens, symptoms may include sadness, irritability, feeling negative and worthless, anger, poor performance or poor attendance at school, feeling misunderstood and extremely sensitive, using recreational drugs or alcohol, eating or sleeping too much, self-harm, loss of interest in normal activities, and avoidance of social interaction.

Differences in symptoms seen in older adults:

Depression is not a normal part of growing older, and it should never be taken lightly. Unfortunately, depression often goes undiagnosed and untreated in older adults, and they may feel reluctant to seek help. Symptoms of depression may be different or less obvious in older adults, such as:

- Memory difficulties or personality changes
- Physical aches or pain
- Fatigue, loss of appetite, sleep problems or loss of interest in sex — not caused by a medical condition or medication
- Often wanting to stay at home, rather than going out to socialize or doing new things
- Suicidal thinking or feelings, especially in older men

For some, depression is caused by a neurochemical deficit. While for others, depression is brought on by an event such as a breakup, death, job loss, postpartum, or a major stressful life event. Those with a neurochemical imbalance may need to seek life-time pharmacological treatment and therapy. Others, with less severe symptoms may recover quite well with just therapy alone. Some may need a combination of both for short term (four to six months). Never stop an antidepressant cold turkey as you can have life threatening side effects. Always speak with your doctor first and follow their protocol.

No matter what age group you or a loved one may fall under, it is important to seek help if your symptoms last for more than two to three weeks.
