In Loving Kindness

by Garth Paul Ukrainetz

Be not abashed when life is tough
No shame in having need
At times the road is harsh and rough
Confused this world indeed

It's crucial that we all reach out
In giving and receiving
To rise above the walls of doubt
Together we're believing

We're here to care, we're here to share
For that's what life's about
In loving kindness, hearts prepare
The Food Bank helping out

Belonging To May

The bell-shaped flower Lily of the valley's scientific name is *Convallaria majalis*, with *majalis* meaning "of or belonging to May"—making it the perfect birth flower for the month.

Thai Curry Chicken

by Jennifer Puri

Thai food is a blend of four cuisines – Indian, Chinese, Malay, and Thai.

Thai curry can be mild or spicy and contain meat, chicken, seafood, or vegetables, and is typically served with rice or noodles.

The “reddish” colour and flavour of the curry comes from the red chillies used to make the paste which would also include lemongrass, shrimp paste, ginger and garlic, turmeric, coriander, and cumin seeds.

Full fat coconut milk has been used in the Thai curry chicken recipe as it helps to offset the heat and give it a creamy consistency. The curry is actually quite mild, but you can increase the heat by stirring in the garnish of fresh, sliced red Thai chillies prior to serving.

Prep Time: 20 minutes

Cook Time: 35 minutes

Servings: 4 to 6

Ingredients:

- 3 lbs. boneless, skinless chicken breasts
- 1 medium size onion, finely sliced

- 3 garlic cloves, finely chopped
- 4 tbsp. vegetable oil
- 4 to 5 tbsp. Thai curry paste
- 3 tsp. fish sauce
- 1 tsp. sugar
- 2 ½ cups full fat coconut milk

Garnish:

- 3 Thai red chillies, deseeded and thinly sliced
- 10 to 12 fresh mint leaves or Thai basil leaves

Directions:

1. Cut the chicken breasts into small pieces.
2. Heat oil in a large pan or skillet (which has a lid), add the sliced onion and garlic and sauté for 2 to 3 minutes.
3. Add the chicken pieces to the pan and fry until they change colour and are no longer pink.
4. Add Thai curry paste, followed by the sugar, salt, and fish sauce, and blend in with the chicken.
5. Pour in the coconut milk and simmer on low heat until the chicken is tender, about 20 minutes.
6. Garnish with 2 to 3 thinly sliced Thai red chillies with seeds removed and fresh mint or basil leaves.
7. Serve with Jasmine or Basmati rice or rice noodles if desired.

Bon Appétit!

Celebrating Calgary 150 - Sandstone City

by Anthony Imbrogno (*The Calgary Heritage Initiative Society/Heritage Inspires YYC*)

Why is today's downtown core located west of Fort Calgary? In the 1880s, Inglewood was growing in anticipation of the railway, but then Canadian Pacific Railway built its station where the Calgary Tower stands today. Much of the fledgling town picked up and moved.

Civic leaders then built bridges and ran the Stampede's forerunner, the 1886 International Seed Grain and Hay Exposition. The first General Hospital opened in a house, performing surgeries on the kitchen table.

Calgary's first buildings were constructed with wood, but 18 were destroyed in the Great Fire of 1886. Afterwards, town council mandated building with sandstone from the surrounding foothills.

Hence the nickname Sandstone City. See for yourself along Stephen Avenue National Historic Site. Imperial Bank helped make it Calgary's commercial core. The Alberta Hotel followed, and HBC built a department store in 1891.

Smallpox killed several people in 1892, sparking a riot when fearful residents attacked Chinese laundries, the purported source of the outbreak. Many thousands of Chinese had worked on the CPR and settled in Calgary.

An influx of Russian Germans fleeing persecution arrived in 1892 in Bridgeland-Riverside. Ukrainians and Italians followed. Nuns like Mary Greene established Sacred Heart Convent in 1885. Édouard Rouleau became head physician of Holy Cross Hospital.

The CPR took advantage of the Rocky Mountains' picturesque landscapes. Near Siding 29, Banff townsite emerged in 1883. The presence of hot springs led the government to create a national park in 1887. Opened one year later, Banff Springs Hotel is a modern-day castle, with another one built on Hornumnay ("little fishes' lake", aka Lake Louise).

The park's founding saw the exclusion of Indigenous people. They also faced Residential Schools that

isolated students from their culture and families under sometimes terrible conditions.

At today's Fish Creek Provincial Park, William Roper Hull built a two-storey Tudor Revival-style ranch house. Also, there was Shaw's family homestead and woollen mill. A store on Stephen Avenue sold their goods to many customers headed for the Yukon's Klondike Gold Rush.

Sandstone City was a beacon on the prairies, connected to the world via railway and offering opportunities to many.

Window and Balcony Safety

by Alberta Health Services

With the return of warmer weather, Emergency Medical Services (EMS) would like to remind parents and caregivers of an often-overlooked hazard in the home – access to open windows. Every year, paramedics respond to emergencies where a child has fallen from an open window, often from the second floor. These can be avoided by following safety measures. Take the time to assess potential hazards in your home before a preventable fall occurs.

Windows and Screens

- Prevent access to windows by moving furniture such as cribs, beds, stools, and change tables out from under them.
- Keep drapery cords out of children's reach. Wrap excess cord around cleats or tie-downs to avoid a choking hazard.
- Remember, screens are not safety devices. They are designed to keep bugs out, not children in.

Balconies

- Do not underestimate a child's ability to climb. Furniture and other items stored on balconies and decks can be used to climb resulting in falls over the railing.

- Ensure that your balcony railings are not more than 10 cm (4 inch) apart. This will eliminate access between the vertical bars of a balcony or deck.

Further Prevention Tips

- Toddlers and preschoolers are at highest risk of falling from a window or balcony, but it may happen at any age.
- Direct supervision of children is the single most effective way to prevent falls from windows and balconies.
- Install safety devices which limit the distance in which a window can open to a maximum of 10 cm (4 inches).
- Ensure the safety device can be released quickly, so the window can be used for escape in case of emergency.
- Consider purchasing a portable air conditioner, which will enable windows to stay closed and secure.

EMS is proud to be a member of the Partners Promoting Window and Balcony Safety. Take time to assess your home for window and balcony hazards and eliminate the risks before a preventable fall occurs.
