The 2025 Curling Championship Qualifiers Hosted at the ARC

The ARC had the honour of hosting the 2025 Curling Alberta Club Championship South Men's Qualifier from March 6 to 9. This event was to qualify six club teams to represent their home curling rink at the Club Championship Provincial event in Okotoks from April 2 to 6, 2025. Many may remember this event being called The Travelers.

Being the host club, there was a ton of work

to be done to make this event a success, as well as trying to get up to two teams to represent the ARC at home. Two teams were secured, until a late withdrawal left us with only one team – Acadia CC #2.

After two early losses, the guys found themselves in Pool C and facing elimination with the next loss. A slight lineup tweak and a fierce new focus on the prize took them on a five-game win streak. The team played three games on Sunday and had a final 5-2 victory against the Rumsey Curling Club to secure the ARC a spot at Provincials!

Congratulations to the guys on an amazing run!

Your team Acadia CC #2 comprises: Alternate - Brian Stilling, Lead - Clinton Percy, Second - Brayden Darichuk, Third - Warren Kozak, and the big guy, Skip - Jared Jenkins.

A huge thank you to Tannis Brown and her team for their hard work with Curling Alberta to make sure every detail was in place for a successful event, and another huge thank you to the tireless ice crew, led by Craig Recksiedler and Jeff Ball, who put in some long days to prepare the championship-calibre ice that all the teams raved about.

All in all, the ARC was represented in the highest regard, making all of us very proud!

Glenn Darichuk

*"Your Oral Health
Is Our Priority"*

COMFORTABLE:

Custom-made for each individual, Invisalign aligners ensure a comfortable and snug fit, eliminating the potential for irritation or discomfort associated with traditional braces.

PREDICTABLE RESULTS:

Invisalign uses advanced digital technology to create a step-by-step plan for teeth movement, allowing individuals to visualize expected results before starting treatment for a predictable and controlled approach.

INVISIBLE APPEARANCE:

Invisalign offers a virtually invisible appearance due to its clear and transparent aligners, allowing individuals to undergo orthodontic treatment discreetly.

SHORTER TREATMENT:

In some cases, Invisalign may offer a shorter treatment duration compared to traditional braces, thanks to precise and personalized treatment plans.

REMOVABLE:

Invisalign aligners are removable, providing flexibility in eating and facilitating easier oral hygiene practices by allowing individuals to take them out for brushing and flossing.

IMPROVED ORAL HEALTH:

Being able to remove the clear aligners when necessary makes it easier to practice good oral hygiene like brushing and flossing. This can lead to a cleaner, healthier mouth and cut down on additional issues like mouth sores, cavities, bad breath, and tooth decay.
