Did You Know?

Cranston has two separate organizations working to make our community the best it can be!

Cranston Community Association (CCA)

cranstonca.com • cranstonca@gmail.com

- Membership is voluntary (\$20/household within Cranston, \$30/household outside Cranston).
- Protects and advocates for the interests of the neighbourhood; is the community voice.
- Past hot topics have included cell phone tower placement, congested intersections and zoning.
- Direct contact with our City Councillor, MLA, Calgary Police Liaison Officer, Federal MP and others on a monthly basis.
- Run events such as the Community Clean-Up, Festival of Lights, and organizes the Cranversations newsletter.
- Partner with grass roots minor soccer programs.
- Run solely by volunteers; generally meet at 7:00 pm on the fourth Tuesday of each month (excluding July/August) at Century Hall and all are welcome!

Cranston Residents Association (CRA)

www.cranstonra.ca | 403-781-6614

- Membership is compulsory for all households in Cranston; fees are collected annually each April.
- It is a not-for-profit organization that is professionally managed and operated.
- Operates, maintains, and manages amenities within Cranston owned by the Cranston RA including Century Hall with its indoor and outdoor facilities including gymnasium, tennis courts, splash park, and ice rink. They also maintain the Windmill, Art Park, and Direct Control corners.
- Responsible for Century Hall's programming. Kids and adults can take part in all sorts of wonderful activities such as dance, yoga, basketball, and art classes.
- Additional events such as Stampede Breakfast, Farmers Market, and Winter Wonderland are also organized by the Cranston RA with help from a variety of generous sponsors.

February is Heart Month

by Alberta Health Services

Do you know the signs and symptoms of a heart attack and what to do if someone experiences these? Knowing may make the difference between life and death. Recognizing and responding immediately to the warning signs of a potential heart attack may significantly improve survival and recovery. February is Heart Month: take the time to be heart safe and learn how you can reduce your risk.

Common Signs of a Heart Attack

(Any, or all, of these signs and symptoms may occur)

- Chest discomfort described as simply a mild pressure up to a 'crushing' pain; may also be 'squeezing' or a 'heavy' sensation.
- Discomfort may move to the shoulders, arm, neck, or jaw.
- May include shortness of breath, sweating, or nausea/vomiting.
- Signs may vary person to person and can differ between men, women, and the elderly.

Heart Attack Risk Factors

- Obesity*
- Sedentary lifestyle*
- Smoking*

- High cholesterol*
- Age/Gender
- Family history

Speak with your doctor about how to treat your modifiable (*) risk factors and learn to be heart safe.

What To Do When Seconds Count

- Call 911, immediately. Early treatment can greatly reduce heart damage and be the difference between life and death.
- Treatment starts the moment EMS arrives. Paramedics can provide oxygen, start an intravenous, and perform an electrocardiogram (ECG).
- Paramedics can also administer important medication(s) in the early minutes of a heart attack to lessen heart damage.
- During transport, EMS will share information with the hospital so that definitive treatment can begin immediately upon arrival.
- Take a CPR/AED course. Training is widely available from many reputable organizations. It's easy and could make a significant difference in the outcome of someone experiencing a heart attack.

 34" from top of chair backrest to floor
 Seat 17.5" square; back 19.5" wide by 15.5" high
 (seat to top of chair) rectangle

The Importance of Healthy Snacking

by Alberta Health Services

Maintaining a healthy lifestyle, especially in today's fast-paced world, can be a challenge. Busy schedules often lead to rushed meals and unhealthy eating habits.

Packing snacks is a great way to keep you energized and nourished throughout the day. Having a quick bite at work, home, school, or on-the-go can be an important addition to your daily eating habits. Ensuring you always have healthy snacks on hand may also prevent you from stopping at a convenience store or vending machine and purchasing a higher cost food which often is lower in nutritional value and hard on the budget.

Five Reasons to Snack!

1. Sustained energy levels – Choosing nutrient-dense snacks provides your body with the energy needed to function optimally throughout the day. Snacks rich in complex carbohydrates, fibre, and healthy fats release energy slowly, helping you maintain steady blood sugar levels and avoid energy crashes.
2. Nutrient Intake – Snacks are an excellent way to increase your daily intake of essential nutrients. Opting for snacks like fruits, vegetables, nuts, and whole grains provides your body with vitamins, minerals, and antioxidants crucial for your overall health. These nutrient-rich snacks support your immune system, boost your metabolism, and aid in various bodily functions.
3. Improved Concentration – Healthy snacks can have a positive impact on cognitive performance. When the brain is fed with balanced snacks, focus and concentration are enhanced. Nutrient-dense snacks provide the brain with the necessary nutrients for optimal functioning, helping you stay alert and productive throughout the day.
4. Reduced Cravings – Packing healthy snacks can reduce unhealthy cravings for sugar, salt, and junk food. By eating nourishing snacks, you feel more satisfied for longer.

5. Convenient and cost-effective – Preparing snacks in advance ensures you always have healthy options readily available. This saves not only time but also money, compared to purchasing expensive and, often, unhealthy snacks on the go.

Snack-Making Tips and Ideas

To help make it easier to bring snacks from home, prepare in advance by following these simple tips:

- Plan your week's snacks before heading to the grocery store and include them in your meal preparation.
- Think outside the box! Use a "bento box" filled with a variety of different snacks to keep things interesting.
- Chop extra vegetables and fruit and have them ready in the fridge to grab-and-go.
- Make muffins ahead of time and store them in the freezer.
- Buy hummus when grocery shopping or make some at home.
- Hard boil eggs and keep them in the fridge with the shell on (they will keep for about a week).

If you have the option to store snacks at your workplace, here are some options that do not need refrigeration:

- Apples, oranges, or canned fruit
- Dry oatmeal
- Canned tuna
- Whole grain crackers
- Nuts, pumpkin, or sunflower seeds

Kids Need Snacks Too!

While adults and teenagers benefit from eating snacks during their busy, activity-filled lives, it's also important for children to consume snacks. They have smaller stomachs than adults and teenagers and may have trouble eating the foods they need at mealtime. Food choices established in childhood often continue into adulthood, so building a healthy foundation is important.

Add Protein

To help satisfy hunger between meals protein provides a sustained release of energy, preventing blood sugar spikes and crashes. To help satisfy hunger between meals, snack on nuts and seeds or hummus and veggies. Pair one or two slices of cheese with a couple of whole grain crackers or cook some hard-boiled eggs for an easy protein-filled snack on the go.

Happy Snacking!

For more snack ideas, check out this snack resource to help you to choose healthy snacks every day. Visit ahs.ca/nutritionhandouts and search for the handout called Snacks.

Don't Get Stung by the Bee!

The shortest month of the year is one of the most misspelled words in the English language. February is like that mischievous word that trips up even the most seasoned spellers! It's the spelling bee's sneaky little riddle, playing hide-and-seek with that elusive "r" and making a twisty-turny challenge out of a seemingly simple month!

SUPERHERO OF TIME

We all know Leap Day occurs on February 29 every four years. But did you know without leap day swooping in every four years, our calendar would be like that friend who's always fashionably late—except 24 days late every century! We'd be celebrating Christmas in January and New Year's in February. Thank goodness for leap day, the superhero of timekeeping, saving us from the chaos of a wonky calendar!

We offer cleaning services for sports equipment and personal protective equipment, including helmets, shoulder and elbow pads, knee and shin pads, footwear, skates, or gloves – almost any equipment used by athletes or workers can be cleaned, disinfected, & refreshed.

OUR OZONE PROCESS

Using ozone, our system breaks down and penetrates stains, mucus, blood, sweat, fungus, bacteria, and mould. Ozone destroys 99.9% of bacteria and viruses it comes in contact with – this includes odour causing bacteria and illness causing viruses, like staph infections.
