Fresh Jock

No matter how much you sweat, we can get the stink out!

We offer cleaning services for sports equipment and personal protective equipment, including helmets, shoulder and elbow pads, knee and shin pads, footwear, skates, or gloves – almost any equipment used by athletes or workers can be cleaned, disinfected, & refreshed.

OUR OZONE PROCESS

Using ozone, our system breaks down and penetrates stains, mucus, blood, sweat, fungus, bacteria, and mould. Ozone destroys 99.9% of bacteria and viruses it comes in contact with – this includes odour causing bacteria and illness causing viruses, like staph infections.

Douglasdale Maintenance Association Important Notice

Regarding Douglasdale Special Tax (maintenance and enhancement), Enhanced Landscape Maintenance Program (ELM), Community Reaffirmation Vote, and AGM.

Every five years, ELM communities are required to re-evaluate program participation in the Enhanced Landscape Maintenance Program by holding a public meeting. The community must vote to confirm support for the tax levy.

Only property owners (not renters) in the Douglasdale community can participate in the Community Reaffirmation vote.

This vote will be held at the Douglasdale Eaglequest Golf Course on March 5, 2024, at 7:00 pm.

To participate in the vote, owners will need to validate their property ownership by producing a current driver's license and their most recent property tax assessment. Names on both must match.

To receive further information, send an email to ddmaint@outlook.com.

In addition, the Annual General Meeting of the Douglasdale Maintenance Association will be held following the conclusion of the voting process.

Don't Get Stung by the Bee!

The shortest month of the year is one of the most misspelled words in the English language. February is like that mischievous word that trips up even the most seasoned spellers! It's the spelling bee's sneaky little riddle, playing hide-and-seek with that elusive "r" and making a twisty-turny challenge out of a seemingly simple month!

Rare Plants in Alberta – Green Milkweed and Sticky Purple Geranium

Thursday, February 22, 2024, 7:00 to 8:30 pm.

Presented by Tory Blanchard, Masters of Ecology Student – University of Calgary.

Conservation needs a greater focus on how rare species interact within their neighbourhoods. Rare plants have been found to exist in areas that are positively associated. These are areas with plant communities that facilitate or help one another. One example of facilitation occurs through shared pollinators. Common plants may attract numerous pollinating species, such as bees and butterflies, to a community and the rare plants who rely on these pollinators for their reproduction will benefit indirectly from the common plants. Tory's work will examine the distribution, assembly, and pollinator-mediated plant interactions of two rare species in southern Alberta: Green Comet Milkweed and Sticky Purple Geranium. The study will involve collaboration with members of the Kainai First Nation and will use data from community science platforms such as iNaturalist to address these occurrences. Free for Friends of Fish Creek members and \$10 for non-members. Registration required. www.friendsoffishcreek.org/event/rareplants.

Dedicate a Bench in Fish Creek - Leave a Lasting Legacy

As you pass through the different areas of Fish Creek Provincial Park you have most likely seen and perhaps sat upon one of our beautiful dedication benches. Dedication benches provide a comfortable place for park visitors to rest and appreciate nature and feature a bronze plaque with a unique and personal message. There are approximately 105 benches in the park, and each year several benches are made available to a new donor. This year we will have some beautiful benches available in the west and central regions of the park, so if you have been thinking about dedicating a bench, this may be the perfect opportunity for you. Benches are available for a ten-year term and all donors will receive a valuable tax receipt. Dedicating a bench here in Fish Creek Provincial Park is also the perfect way to leave a legacy for future generations of your family. The dedication bench

program provides essential funding for the Friends of Fish Creek and helps ensure that we can continue and expand upon our stewardship and engagement activities in the park. We would like to thank Alberta Forestry and Parks and the Venturers Society of Calgary for supporting the Friends of Fish Creek in the delivery of this very special program. For more information or to dedicate a bench, please give us a call at 403-238-3841 ext. 1 or visit www.friendsoffishcreek.org/dedication-bench.

Membership Shows You Care

Now is the best time of year to renew your Friends of Fish Creek membership or to become a member. By renewing your Friends of Fish Creek membership, you will help ensure that Fish Creek Provincial Park remains a cherished and accessible resource for all, now and for generations to come. Your generous contribution will play a vital role in enabling us to continue with our stewardship and engagement initiatives aimed at preserving the natural splendour of Fish Creek Provincial Park. Friends of Fish Creek members receive benefits like admission to our Fish Creek Speaker Series programs, a discount on the popular Birding Courses, a discount at select local businesses, and the ability to vote at our Annual General Meeting. Show your support for this park by becoming a member or renewing your membership today. Memberships will be valid until December 31, 2024. To renew your commitment to Fish Creek please visit www.friendsoffishcreek.org/membership.

Volunteer Opportunities

Do you have free time and would like to volunteer in Fish Creek Provincial Park? The 2024 volunteer season is just around the corner, and we are looking for people to assist with various programs starting this spring. To begin volunteering please visit our website and create an account on our online volunteer system, MyImpactPage. We look forward to working with you to bring the Friends' 2024 volunteer programs to life! For more information, please visit www.friendsoffishcreek.org/volunteering-basics.

Let's Talk About Love

by Jonni Fox

Our fundamental purpose as human beings is intricately tied to the profound essence of love. It begins with a transformative journey of self-love, a quest to overcome the relentless criticism of our egos, acknowledging that we are, indeed, enough. This personal transformation is the cornerstone of a greater purpose — to extend loving kindness to our Earth Mother and Spiritual Father, fostering a harmonious coexistence with all living creatures.

The heartbeat of our purpose resonates in the unity and connection we forge from the heart. Love, like a universal pulse, has the power to create a world of harmony, peace, and celebration. It transcends borders, inviting us to embrace a collective consciousness that thrives on interconnectedness.

In this symphony of existence, music becomes a conduit for love's connection. The frequencies embedded in a melodic soundscape have the potential to harmonize disparate hearts, creating a collective resonance. Through the healing power of frequency, music unites us, transcending differences and fostering a shared experience of love.

So, our purpose is both simple and profound: to navigate the intricate dance of self-love, extend it to the world around us, and harness the transformative energy of love's connection through the heartbeat of our collective existence. In this pulsating rhythm, we find the path to a world where love becomes the guiding force, shaping our reality in the embrace of harmony and celebration.
