November Flowers

by Garth Paul Ukrainetz

Poet of the Blackmud Creek

November flowers will never grow
Upon a field of fallen snow
O thoughtful heart, your garden best
Remembrance fertile fills the chest

In silence, sacred waters flow
Our hearts, like sunshine, warmly glow
For rain and sun make flowers thrive
Keep freedom, valor's hope, alive

In honour, gratitude, and pride
Deep poppy roots take hold inside
Lest we forget their row on row
November flowers will never grow

When You Step Out, WE Step In

Vacation and Vacant Home Watch Service for Insurance Requirements

Winter Parking Choices Matter Around Schools

As days get shorter and winter conditions arrive, visibility around schools becomes even more important. Snowbanks, early darkness, and icy roads can make it harder to see children crossing streets. Parking rules help reduce these risks by keeping corners, crosswalks, and sidewalks clear. Parking too close to intersections or in prohibited areas can further limit sightlines when visibility is already reduced. Choosing safe, legal parking options and allowing extra time during winter conditions helps protect students and families during the busiest parts of the school day. Learn more: calgaryparking.com/safeschools.

Can You See? Winter Conditions can Make School Areas Harder to Navigate

When visibility is reduced, small parking choices can make a big difference near schools. Shorter days, snow, ice, and changing weather can make it harder for children and drivers to see each other. School areas remain busy during drop-off and pick-up times, with children and families walking, wheeling, cycling, taking the bus, and driving. When vehicles stop or park in the wrong place, they can block sightlines at crosswalks, corners, sidewalks, driveways, bus zones, and school entrances. Even a quick stop can make it harder for children, families and drivers to see one another clearly.

The Calgary Parking School Patrol Program helps support safer school journeys throughout the school year. Parking Safety and Compliance Officers visit school areas where there are recurring parking or stopping concerns. They focus on education, reminders, and visibility. Enforcement may be used when unsafe parking continues or creates a safety or access issue.

Drivers can help by slowing down, leaving extra travel time, and choosing a safe, legal place to stop or park. Sometimes the safest choice is parking a little farther away and walking the remaining distance. Keeping crossings, corners, and travel lanes clear helps everyone move more safely. Before stopping near a school, ask yourself a simple question: Can children and drivers see each other clearly?

Students can help make school journeys safer by entering the Travel Safe Student Video Contest Parking category. Students are encouraged to submit creative video ideas that show how safe parking choices help everyone travel to and from school. Learn more about school-area safety and the Travel Safe Student Video Contest at CalgaryParking.com/SafeSchools.

The Battalion Numbers: Calgary's Stone Memorials to the First World War

In November we take time to honor the military members who have served and sacrificed in the line of duty.

If you have driven on thoroughfares near Signal Hill you have probably spotted the Battalion Numbers, a designated historic site overlooking Richmond Road. The Battalion Numbers are a series of white-painted fieldstones arranged in the formation of the numbers 113, 51, 151 and 137.

World War I had a profound social and cultural impact on Calgary. The Battalion Numbers are associated with the training of more than 45,000 Canadian Expeditionary Force personnel at Sarcee Camp, established when the Canadian militia leased a nearby parcel of land from the Tsuu T'ina Nation.

To mark the training, battalion numbers were written on the nearby hillside with whitewashed stone, representing Edmonton's 51st Infantry Battalion, Lethbridge's 113th Highlanders, Calgary's 137th Infantry Battalion, and the 151st from Central Alberta.

The painted rocks belonged to a British military custom of creating rock art to commemorate regimental units, often set up by the regiments themselves in a form of spirited competition. In a more unique local expression of this custom, battalions also laid out their unit numbers in massive stone formations along the ridges north and west of the camp before they embarked for service overseas.

The outlines were first plotted out by military engineers, then filled in by fatigue parties who gathered thousands of fieldstones from the surrounding area and laboriously placed them into the hillside.

These are the only stone monuments of their type known to remain in Alberta. Over the past century, various military and paramilitary organizations in Calgary have continued the tradition of whitewashing or painting the numbers as an act of remembrance.
