The FCA board would like to thank Sam Koots, outgoing director, for his years of service. Sam was the driving force behind installing our pump track in Fairview. This was a significant, multi-year project that Sam led from the initial planning stages for the park, through to the installation and maintenance of the current, well-used pump track. He also took on the role of treasurer on the executive and committed countless hours to Fairview events. Thank you for everything, Sam!

## VICE-PRESIDENT'S MESSAGE

Hello Fairview!

Welcome to spring!

Spring happens to be Fairview's busiest season. We have many events for everyone this spring. The first is our annual membership drive.

Memberships are valid from March 1 through the end of February each year, so 2025-2026 memberships are on sale now! Memberships cost only \$20, and all funds go toward running our excellent events. We will be going door-to-door in early April, but you can purchase your membership online anytime on our website [www.fairviewcommunity.ca](http://www.fairviewcommunity.ca).

The first places to use your new membership is our spring cleanup events. Parade of Garage Sales and then the "Community Cleanup", AKA "Spring Fling", are our biggest annual events and each runs smoothly because of the amazing volunteers that come out. I strongly recommend you sign up to volunteer because it is a great time with our neighbours. Fun fact, the Spring Fling originated in Fairview and now happens in dozens of neighbourhoods each year. Be proud to be in a great neighbourhood like ours.

Other events coming up are the Wine and Cheese, Bottle Drive, and our AGM. Feel free to reach out to us if you want to help.

I would like to send out a shout out to one of our amazing volunteers this year. Jason Mohler is our Rink Master and has spent countless hours (well, actually he was counting, it is part of the gig) clearing snow, fixing cracks and holes, making sure that it's a wonderful place for all of us to enjoy. Jason is a rock star as far as I'm concerned, and we are very proud to have him with us doing what he does.

Are you concerned or annoyed about something in the neighbourhood? Maybe there is a space that needs care that has gone ignored or forgotten? The best place to report any issues is 3-1-1. From sidewalks with ice, traffic and parking issues, etc. I strongly urge you to check out 3-1-1 online and see what it can do for you. From what I have heard, Calgary has one of the best 3-1-1 services.

I look forward to sharing some wine and throwing garbage with you this spring!

*Wayne McNeely*

## Adopt A Park in Fairview

This year the Fairview Community will be participating in the City of Calgary's Adopt A Park program. This program provides opportunities for you, residents of Fairview Community, to volunteer and make a big difference to help care for the natural surroundings in and around our community.

### Our First Adopt A Park is Flavelle Park

Join us this spring for an orientation day to learn more about what our responsibilities are and available opportunities, such as shrub bed and playground general maintenance and grooming or litter cleanups, and how you can get involved. Attendance at this orientation is mandatory if you are interested in volunteering. Visit [fairviewcommunity.ca/adoptapark](http://fairviewcommunity.ca/adoptapark) or <https://www.facebook.com/FairviewYYC> for the date, time, and location.

Volunteers can choose how often they would like to work in the parks and green spaces based on how much time they can spare. Some volunteers pick up litter or watch for vandalism throughout the year, while others help with special projects that fit their schedule.

If you are interested in helping in to make a difference in maintaining the health, beauty and biodiversity of your local natural surroundings, please reach out to us at [parcs@fairviewcommunity.ca](mailto:parcs@fairviewcommunity.ca).

With enough community support, we can fan this program out to our other community parks and greenspaces!

## Fairview 60+ Collective Spring Update

Our Winter Watercolours session was a success! Our instructor, Brittney, said the participants loved the class so much, they even showed up on the coldest of days.

Here's what participants had to say:

- "I'm no artist, but the watercolour class was fun and interesting."
- "My idea of watercolour was certainly not what it really is."
- "It was nice meeting people in the neighbourhood. We were so lucky to have such a talented and renowned artist as an instructor."
- "The watercolour course was so enjoyable and really accessible to all levels of proficiency."
- "I met a lot of neighbours and loved seeing how all of us kept getting better with each class. Brittney was such a wonderful and patient instructor and so kind."
- "I found the class was very meditative once we got into the groove of painting something."

Maybe we'll see some pictures of the works of art from this session in future newsletters.

Thanks so much to Alicia for coordinating these 60+ events and thanks to the Community Association for funding them.

It's great to be a senior in Fairview!

# Bicycle Helmet Safety

by Alberta Health Services EMS

Most injuries occur when a cyclist suffers a fall, strikes a stationary object, or collides with another cyclist or pedestrian. It is the law in Alberta that cyclists under the age of 18 must wear a helmet (and recommended for all ages). Helmets should be CSA approved and worn during recreational activities such as skateboarding, in-line skating, and cycling.

### Getting Informed

- Wearing a helmet while cycling can prevent a serious injury or even save a life.
- Brain injuries can cause permanent disability or death.
- Reduce your risk by always wearing your helmet.
- Replace any helmet that has been involved in a crash, even if it appears undamaged.

### Getting Started

- Allow children to assist when buying their helmet. Cyclists who choose their own helmet are more likely to wear them.
- Start the habit early. Young children learning to ride tricycles need to wear helmets.
- Parents must lead by example – always wear a helmet when cycling.

### Getting the Right Fit

- Take the time to properly fit and adjust your helmet to ensure maximum protection in case of a crash.
- When worn properly, helmets should fit level, not tilted up, or down over the forehead.
- Helmets should feel snug, but not too tight. To test the fit, the helmet should not fall off when you shake your head from side-to-side while the straps are unfastened.
- Adjust the chin straps to form a “Y” below and slightly forward from the ears.
- Only one finger should be able to fit under the chin strap when it is fastened.
- Do not forget to use the sizing pads included with the helmet. They will help improve the overall fit, comfort, and safety.
