Mid-Summer Update

Hello Neighbours,

I hope you're all having a fantastic summer! It's hard to believe we're already halfway through the season. Whether you've been out camping, enjoying backyard BBQs, or just soaking in the sunshine, I hope it's been a refreshing time for you and your family.

A heartfelt thank you to all of our incredible volunteers who helped make our spring and early summer events such a success. Your time and energy truly make a difference in bringing our community together.

Looking ahead, we've got a very exciting event coming up:

Movie in the Park with Fresh Air Cinema – Saturday, September 13

We're celebrating our 65th anniversary with a double feature, bouncy houses, and a fun-filled evening for all ages!

To make this special event a success, we need your help! We're seeking many more volunteers to join our dedicated team. Even an hour of your time can make all the difference, whether it's assisting with setup or takedown, guiding our guests, or ensuring bouncy houses and kids' activities are safely managed. Help us make this anniversary truly unforgettable!

If you'd like to volunteer for this event, or if you're interested in advertising on our LED screen, we would love to hear from you. Reach out to us at events@ fairviewcommunity.ca.

Thanks again for making our community such a great place to live. Wishing you all a safe and happy rest of the summer!

Accidental Poisoning

by Alberta Health Services

Emergency Medical Services (EMS) would like to remind parents and caregivers of precautions to prevent accidental childhood poisonings around the home. Ingesting prescription or over the counter (OTC) medications is a significant cause of accidental childhood poisonings. Other causes of poisoning include ingesting or coming into contact with household items such as dishwasher tablets, mouthwash, or chemicals such as paints, solvents and cleaning products.

Medication Storage

- Place all medications in locked containers and store in an area inaccessible to children
- For easy identification, store all medications in their original packaging; do not mix multiple medications in a single bottle
- Install child locks on all cabinets, or drawers where medications are stored

Safety Tips

Child-resistant medication bottles are not child proof.
 They can still be opened by a child

- Take extra precaution with medicines designed to appeal to children such as chewable vitamins or flavored cough and cold syrups
- Promptly dispose of any medications or toxic household products no longer in use

Prevention

- Store household products, cleaning supplies, and cosmetics in locked cabinets or drawers
- Install child latches on cabinets children might also access by climbing on counters or chairs
- Label all plants in and around your home and garden
- Antifreeze, windshield washer fluid, and pesticides are extremely poisonous. Even small amounts of these can cause serious illness if ingested

Poisoning information can be obtained by calling the Poison and Drug Information Service (PADIS) at: 1-800-332-1414.

In case of a poisoning emergency, call 9-1-1. Provide the name of the product ingested and, if it is safe to do so, a sample of the substance for EMS to inspect on their arrival.

YOUR CITY OF CALGARY

What Really Happens to Your Green Cart Waste?

by The City of Calgary Waste and Recycling Services

Food and yard waste collected through the Green Cart program is turned into nutrient-rich compost for use by farmers, gardeners, and landscapers.

If you don't separate your food scraps from your garbage it will end up buried in the landfill where it doesn't break down or turn into soil.

Separating your food scraps in your green bin makes a big difference.

Follow these tips for separating food scraps and using your green cart:

- Remove food from its packaging before putting it in your green cart.
- Use a kitchen pail or reuse any container with a lid (like an ice cream bucket) to store food scraps until you throw them in your green cart.
- You can control odours and keep your cart clean by using a certified compostable bag, paper bag, or newspaper liner in your kitchen pail.
- Use a small amount of baking soda in your kitchen pail to prevent odours.

Check calgary.ca/foodscraps for more tips to make your green bin a winner!

Curried Shrimp and Mixed Greens Salad

by Jennifer Puri

Food from the sea; shrimp have been a popular food source for a very long time. Shrimp are usually smaller than prawns but are similar in taste and texture.

Quick and easy to cook, shrimp can be found in just about every cuisine and are a popular ingredient in appetizers, salads, soups, pastas, and curries.

Shrimp are also recognized for their nutritional value and are a good source of protein, zinc, iron, vitamin B12, Omega 3, and selenium. They are low in calories, fat, and carbohydrates, and are a healthy food source that can fit well into a balanced diet.

Shrimp are lean and high in protein and can be poached, broiled, sautéed, or grilled. A flavourful curry dressing with shrimp like the one in the curried shrimp and mixed greens salad, also makes a delightful appetizer.

Prep Time: 15 minutes

Cook Time: 0
Servings: 4

Ingredients:

- 1 lb. cooked shrimp (peeled and tails removed)
- ½ cup mayonnaise
- ½ tsp. curry powder
- ⅓ cup Greek yoghurt

- 1 green onion, finely sliced
- 1 celery rib, finely chopped
- 1/4 tsp. coarsely ground black pepper
- 2 tbsp. chopped coriander leaves
- 150 gm mixed greens

Direction:

- In a small bowl, blend the mayonnaise, curry powder, Greek yoghurt, celery, green onion, and black pepper.
- Next, add the cooked shrimp and coriander leaves and gently mix together. Cover and place in the refrigerator for at least an hour before serving.
- To serve, divide the mixed greens between four salad bowls. Place the shrimp salad on top and garnish with fresh strawberries, melon, or papaya slices if desired.
- Curried shrimp salad can be served with crackers, on a bun, or wrapped in lettuce leaves.
