## VICE-PRESIDENT'S MESSAGE

Hello Fairview,

As we move into February, I want to start with a sincere thank you to Jason, our Rink Master, and everyone who helped make Adopt-A-Rink a success so far. From shovelling and flooding to simply coming out and using the ice, you helped create a space that brought neighbours together and showcased the strength of our community.

### Looking Ahead to Spring

Even while winter continues, we are already planning spring events that we hope you'll be excited about, including:

- Spring Community Cleanup/Spring Fling
- Community Bottle Drive/Fundraising Days
- Annual General Meeting (AGM) and Board Information Night
- Early planning for summer events and programming

More details will be shared in the coming weeks.

### An Urgent Call for Help

We need to be honest with our community: the Fairview Community Association Board is struggling to keep up with the workload required to sustain our programs and events. Currently, a very small group of volunteers is carrying a heavy and increasingly unsustainable load.

We are in dire need of help, both big and small. You choose how much time you want to contribute—from a single hour at an event to an ongoing role. Every level of involvement matters.

While some positions require a larger time commitment, many roles take very little time at all. As our neighbourhood evolves and more homes transition into rental properties, we have seen a noticeable decline in our volunteer base. To keep our programs running, we need to reverse this trend.

### Positions We Need Help With

No prior experience is required! Support, templates, and mentoring are available for all roles:

- **Communications/Social Media:** Share updates and promote events.
- **Board Members (General):** Help guide decisions and support community initiatives.
- **Event Volunteers/Event Leads:** Assist with or lead individual events.

- **Fundraising and Sponsorship Support:** Help secure donations and sponsorships.
- **Volunteer Coordination:** Help organize and support our volunteer team.

### Every Contribution Counts

You don't need special skills or a massive time commitment—just a willingness to help in a way that works for you. If you've ever considered getting involved, now is the time.

Fairview is worth the effort, and it truly takes all of us to keep our community strong.

Thank you for your continued support.

# Fairview Light Count 2025 - Results Are In!

Our elves were out once again in mid-to-late December to see which Fairview street was the most festive. We counted each house with just about any type of outdoor Christmas, Hanukkah, or other holiday decoration.

There were five streets who were close to or over 50% of homes with holiday lights and 39% of all Fairview houses overall.

The overall winner remains the defending champ... Fullerton Road! You had 61% of homes displaying some type of decoration. Way to go! Keep it up next year!

Nice work Fairviewers, the elves were impressed. Way to brighten up our dark December nights. We'll see you all again next year!

## Februum

The month we now call "February" has had many different names. Due to the wet conditions, "Solmonath" was used in Old English and means "mud month". The current name derives from the Latin term Februum (purification or to cleanse), and the Roman festival of purification called Februa.

The Community Kitchen Program of Calgary offers the Good Food Box program, providing fresh fruits and vegetables at an affordable price. While Fairview currently does not have a designated Program Coordinator, our neighbours in Acadia have stepped up to ensure we still have access!

**How it Works:** Each box contains a seasonal variety of fresh produce with local pickup conveniently located right next door in Acadia.

#### Box options include

- Small Box (\$35): Approximately 20 to 25 lbs of produce
- Medium Box (\$40): Approximately 25 to 30 lbs of produce
- Large Box (\$45): Approximately 35 to 40 lbs of produce

## **Customer Review Period (January 14 to March 23) Is Your Opportunity to Review and Ensure the Accuracy of Your 2026 Property Assessment**

*by The City of Calgary*

Your 2026 property assessment is mailed out January 14. The 2026 Customer Review Period (CRP) runs from January 14 to March 23. CRP is your opportunity to review and ensure the accuracy of your 2026 property assessment and learn more about how your assessment was determined.

What to look for when reviewing your assessment:

- Is your market value assessment a reasonable estimate as of July 1, 2025?
- Are the property details we have on record, correct?
- Is your assessment fair when compared with others in your neighbourhood?

Each year, The City and the Province separately set a budget and decide how much money they need from property tax. Your share of property tax is based on your assessment class and the assessed value of your property. Your 2026 property tax bill will be mailed in May, but you can get an estimation of it now by visiting [calgary.ca/taxcalculator](https://calgary.ca/taxcalculator).

To help you review your property assessment we offer general resources on [calgary.ca/assessment](https://calgary.ca/assessment) and property specific tools through the secure log in feature of [calgary.ca/mytax](https://calgary.ca/mytax). By logging onto myTax you can:

- Check your property details and ensure they're correct. \*Incorrect property details can result in your assessment not accurately reflecting the value of your property.
- Compare your property's assessed value to similar properties in your area.
- Review real estate market trends and learn how your property was assessed.

Questions? Visit [calgary.ca/assessment](https://calgary.ca/assessment) or call 3-1-1. Customer Review Period ends March 23.

## **Who's Making Life Better for Calgarians with Disabilities? The Advisory Committee on Accessibility Wants You to Nominate Them for an Award**

*by The City of Calgary*

Now is the time to nominate an individual or group that's helping people with disabilities live a good life in Calgary. Nominations run from February 9 to 23, 2026.

The Advisory Committee on Accessibility's annual awards program started in 2006. The committee is a City Council committee consisting of citizens with disabilities and a keen interest in access issues. Working closely with the community and The City of Calgary, the committee makes recommendations to City Council on policy and systems issues, and barriers impacting people with disabilities in Calgary.

The last Accessibility Awards were presented to Lionel Migrino (Advocacy Award for an Individual), Lacrossing Barriers (Advocacy Award for an Organization), Skye Luk (Transportation and Mobility Award), and Pamela Butvin (Universal Design Award).

To submit a nomination or learn more about the awards (including award categories, criteria, winners and their work), visit [Calgary.ca/accessibilityawards](https://calgary.ca/accessibilityawards).

# February Is Heart Month

by Alberta Health Services

Do you know the signs and symptoms of a heart attack and what to do if someone experiences these? Knowing may make the difference between life and death. Recognizing and responding immediately to the warning signs of a potential heart attack may significantly improve survival and recovery. February is Heart Month: take the time to be heart safe and learn how you can reduce your risk.

### Common Signs of a Heart Attack

(Any, or all, of these signs and symptoms may occur)

- Chest discomfort described as simply a mild pressure up to a 'crushing' pain; may also be 'squeezing' or a 'heavy' sensation.
- Discomfort may move to the shoulders, arm, neck, or jaw.
- May include shortness of breath, sweating, or nausea/vomiting.
- Signs may vary person to person and can differ between men, women, and the elderly.

### Heart Attack Risk Factors

- Obesity\*
- Sedentary lifestyle\*
- Smoking\*

- High cholesterol\*
- Age/Gender
- Family history

Speak with your doctor about how to treat your modifiable (\*) risk factors and learn to be heart safe.

### What To Do When Seconds Count

- Call 9-1-1, immediately. Early treatment can greatly reduce heart damage and be the difference between life and death.
- Treatment starts the moment EMS arrives. Paramedics can provide oxygen, start an intravenous, and perform an electrocardiogram (ECG).
- Paramedics can also administer important medication(s) in the early minutes of a heart attack to lessen heart damage.
- During transport, EMS will share information with the hospital so that definitive treatment can begin immediately upon arrival.
- Take a CPR/AED course. Training is widely available from many reputable organizations. It's easy and could make a significant difference in the outcome of someone experiencing a heart attack.
