CHI BALL

SEPT 18 - DEC 18, 2024
THURSDAYS
9:00AM - 10:00 AM

Chi Ball is designed to re-energize tone and relax the body. An excellent combination of exercises using the Chi Ball, bender balls, tubing, and free weights will help build bone mass, strength, and flexibility. Each movement opens the body's energy pathways connecting to our internal organs, helping build a valuable stress-fighting, anti-aging mind and body.

FRIENDS *of* Fish Creek

The Friends of Fish Creek Have Saved Over 45,000 Native Plants This Year!

Ahh, summer. It was a time for enjoying beautiful weather, getting outside, and—of course—rescuing plants. Saving mature plants from sites slated for development and transplanting them into the grasslands where they can not only survive, but thrive, is a no-brainer for us here at the Friends.

And thanks to our developer partners Genesis Land Development Corp, Qualico Communities, and Calbridge Developments, we've had an extremely successful (if sometimes muddy) plant rescue season.

So far in 2025, across four sites, we estimate that we've saved over 45,000 plants—and these have all found a new home in the grasslands at Bow Valley Ranch! This not only gives our grassland and creekside habitat restoration projects a big boost, but these plants will produce harvestable seeds that we can then use to continue propagating and planting new plants, keeping the circular seed cycle going!

Here's a look at just a few of the incredible species we've been lucky enough to rescue this year. We hope you enjoy the beauty of these amazing native plants and grasses. If you want to get involved in plant salvage, you can volunteer to come out with us on weekends to help rescue plants for grassland restoration (or grab some for your own garden). Learn more about volunteering at friendsoffishcreek.org/volunteer or email us at info@friendsoffishcreek.org.

Calgary Climate Symposium— Free and Virtual, November 17 to 21

by the City of Calgary

The City of Calgary is hosting the 7th annual Calgary Climate Symposium from November 17 to 21, 2025. The event is free, fully virtual, and open to everyone.

Choose sessions that fit your schedule across five days of free learning opportunities. Learn practical ways to cut emissions and manage climate risk at home, at work, and in your community. Connect with industry leaders, researchers, community partners, and City staff who will share innovative solutions to local challenges.

This year's theme, *Resilient by Design: Creating a Future-Ready Calgary*, highlights how intentional design—in buildings, infrastructure, natural systems, and community development—helps Calgary adapt to hazards while reducing emissions.

Choose from 10+ free sessions covering climate-ready homes and infrastructure, insurance and recovery from hazards, heat and health, climate equity and Indigenous worldviews, net-zero buildings, food resilience, and electric mobility/micromobility.

Can't attend live? All sessions are recorded and posted so you can watch on your schedule.

Accessibility: Live captions for all sessions. Select sessions will also be available in multiple languages.

Learn more and register at calgary.ca/climatesymposium.

Green Cart Collection Update

by the City of Calgary

Starting in November, green cart collection will shift to an every-other-week schedule. This seasonal change helps match service to the lower volumes of yard waste we typically see once colder weather arrives.

Weekly green cart collection will return in April 2026, just in time for spring clean-up season when yard waste begins to pick up again.

We understand Calgary's weather can be unpredictable, and to keep the Green Cart program reliable and cost-effective, we set the schedule using long-term trends. This means collection times are based on when green cart volumes usually decline and when snowier conditions are more likely. By planning well in advance, the City ensures the right number of trucks, drivers, and resources are in place to keep the program running smoothly.

There are a few easy ways to stay on top of your collection days and keep things simple:

- Visit calgary.ca/cartschedule to check your cart pickup schedule or sign up for free reminders.
- Download the Calgary Garbage Day app to get automatic notifications about collection days and seasonal changes.

Thank you for helping keep Calgary clean and green, no matter the season!

Honouring Our Past

On Remembrance Day, we pause to honour the courage and sacrifice of the men and women who served our country in times of war, conflict, and peacekeeping. Their bravery secured the freedoms we enjoy today, and their legacy reminds us of the importance of unity, resilience, and service to others.

Across Alberta and Canada, ceremonies will bring communities together to reflect, remember, and express our gratitude. We owe it to our veterans and fallen heroes to build a future worthy of their sacrifice—one that is strong, prosperous, and inclusive. Let us take this time to listen to their stories, learn from their example, and recommit ourselves to the values they fought to protect.

Building Our Future

Alberta's government is stepping forward to lead a project of national significance: a new pipeline to the West Coast. This initiative goes beyond infrastructure—it's about securing Canada's energy future and unlocking our full economic potential.

Indigenous communities in Alberta and British Columbia are engaged from the outset as partners. Their leadership and perspectives will guide every stage of development, ensuring the project reflects shared values and long-term vision.

With \$14 million committed to early planning and a technical advisory group that includes South Bow, Enbridge, and Trans Mountain, Alberta is showing real leadership in advancing responsible energy development. This project will create jobs, drive economic growth, and open up new opportunities for Canadians across the country. It is our intention that any future pipeline costs will be covered by the private sector.

If you have questions, concerns, or ideas you'd like to share before the townhall or session begins, please don't hesitate to reach out to my office at Calgary.FishCreek@assembly.ab.ca. I always appreciate hearing from you.
