The Copperfield Mahogany Community Association (CMCA) is an organization formed by the residents of both Copperfield and Mahogany:

- To manage and direct its social and recreational activities.
- To act as a liaison with all levels of government, especially civic matters like planning and development.
- To plan, develop and maintain community facilities and amenities.

Copperfield-Mahogany Community Association Memberships

Community associations are run by residents in our neighbourhoods, they bring us together as friends, they are a voice for our community, and they offer many exciting opportunities right here:

- Hockey/Skating
- Youth Programs
- Community-wide events like Stampede, Picnic in the Park, and Movie in the Park
- Committee work (planning and development, special events, safety, etc.)

CMCA Members Can Register for Programs at the Mahogany HOA!

Did you know that anybody can register for programs at the Mahogany HOA?

They have a wonderful indoor facility with a banquet hall, studios, and even a gymnasium that hosts youth and adult programs. You can check out their programs at <http://www.mahoganyhoa.com>.

The best part is that CMCA members can register at a discounted rate, compared to the general public. This is to thank members for their commitment to both of our communities. Getting your CMCA membership is quick and easy – just go to [https://cmcommunity.ca/memberships/!](https://cmcommunity.ca/memberships/)

Once you have your CMCA membership, kindly reach out to the Mahogany HOA team at 403-453-1221 and they can assist you in setting up your profile and registering you at the discounted rate. If you have any questions, reach out to programs@mahoganyhoa.com.

Other Benefits Include:

- Discounted rates to most programs that operate through the Copperfield Community Hall and many at the Mahogany Beach Club.
- Discounted rates on Copperfield Community Hall rentals.
- We are building a directory of businesses in the area that will offer discounts to you by showing your membership card! (Please contact us to become involved in this program).
- And so much more!

Community Associations are dedicated to making sure our communities are a great place to live, work, and play. Purchasing a Community Association membership is a great way to get involved and show your support for the many ways our neighbours work to ensure you love where you live.

Memberships are valid for one year from the date of purchase, allowing you to purchase one at any time of year. You can set up an online account for your family at www.cmcommunity.ca and use this to purchase and renew memberships, as well as register for programs held at the Copperfield Community Hall! Memberships are good for up to two adults per household and their children up to 17 years of age. Membership is a voluntary \$30 per household, per year and is not included in the mandatory Mahogany Homeowners Association fee. A CMCA Membership does not grant access to the lake in Mahogany. You also get a vote at the yearly AGM (October/November) and it entitles you to hold a position on the Board of Directors.

Show support for your community and purchase your membership today!

The Copperfield-Mahogany Community Association (CMCA) meets monthly on the third Thursday of every month at 7:00 pm (except July and December), and residents are welcome to join us as a visitor and find out what is happening in your communities first hand! You are also welcome to join the Board, as certain roles are still open.

The Good Food Box

Orders can be placed at bit.ly/CMCA_GoodFoodBox (if nothing appears, the order is currently closed - follow our Facebook page for updates when the next order is open).

We are excited to announce that the Good Food Box program is again available for residents of Copperfield and Mahogany communities.

The Good Food Box (GFB) is a program under the Community Kitchen Program of Calgary whereby you can purchase fresh fruits and vegetables at a very low cost. The boxes are put together and delivered by dedicated volunteers who, along with The Community Kitchen, desire to see individuals and families accessing affordable nutritious food.

Boxes contain both fruits and vegetables. Weights will vary depending on produce size and density. This is a monthly program by the CMCA.

Orders can be picked up from Copperfield Community Hall (6 Copperstone Way SE).

Abandoned orders (paid for but not picked up) will be donated to the Copperfield Helping Hands or Mahogany Angels support groups for distribution to neighbours in need.

Thank you for your support, we look forward to seeing more community members benefiting from the Good Food Box program! Follow us on Facebook for ordering details and reminders.

#HealthyTechnologyUse

by Community Health Promotion Services

Technology is not going anywhere, in fact, it will continue to advance in the coming years. We use it everywhere, for school, work, and leisure. Strong connections and relationships are a protective factor for us that has been shown to help buffer risk and boost resilience. The availability of computers, smartphones, video consoles, and other electronic devices have given many the opportunity to always be connected. However, it is the time, the content, and reason of use that we want to focus on.

To ensure healthy technology use among the young people in your life, there are 4 Ms that you can refer to:

- **Manage:** The information online can be easily accessed but you can manage this by setting limits and clear expectations of use. It is also useful to continually learn about different platforms, especially those most popular in your life. For instance, using your phone during certain times of the day, what you can post, having limit checks, or learning about privacy settings on apps like TikTok to ensure healthy use.
- **Meaningful:** To see the positive impacts of technology, you want to make sure that the use is active, educational, and social. Is social media being used to post and connect with peers or are the people you love feeling FOMO “fear of missing out” on an event that may be posted by their peers.
- **Model:** If you are setting rules and expectations, you want to also follow what you are asking the young people in your lives to do. Review your own use, are you on your phone during dinner or before bed? Ask them to show you platforms they are using and ask questions about the posts they see, for example, how this makes you feel, or do you know what filters are?
- **Monitor:** The monitoring of use will help you to see if there are any warning signs of problematic use. When they are not using technology, are they bored or angry, have low self-esteem, are they exhibiting worsening symptoms of mental health issues such as anxiety, or does it interfere with school, social interactions, or sleep?

There are pros and cons when using technology. We encourage the use of the 4 Ms as a tool to ensure the positives of technology outweigh the negatives.

Five Benefits of Longer-Term Therapy

by Nancy Bergeron, R.Psych. | info@nancybergeron.ca

Longer-term therapy offers a more comprehensive, sustainable, and transformative approach to mental health compared to crisis management. While both approaches serve important roles; longer-term therapy provides deeper benefits beyond immediate relief, by addressing the root causes of psychological distress and fostering long-lasting personal growth.

1. Addresses Root Causes – Crisis management focuses on immediate stabilization and symptom relief. Its primary goal is to help us regain control in acute moments of psychological distress or trauma. While this is vital in emergencies, crisis management often lacks the time or depth to explore the underlying causes of our mental health challenges. Longer-term therapy allows us to delve into the root causes of our issues that may stem from our childhood experiences, unresolved trauma, or ingrained behavioural patterns. By addressing these underlying factors we can work through our long-standing issues, leading to more profound and enduring changes in our mental health.

2. Develops Self-Awareness – One key advantage of longer-term therapy is the opportunity to gain a deeper understanding of ourselves over time. Therapy is a journey of self-exploration where we learn to recognize patterns in our thoughts, emotions, and behaviours. Conversely, crisis management doesn't usually allow the time needed for introspection. With regular sessions over time, we can identify our emotional triggers, unhealthy coping patterns, or self-defeating behaviours. This heightened self-awareness helps us not only resolve our current issues but helps to prevent future crises due to the healthier strategies we've adopted through longer-term practice and accountability.

3. Builds A Therapeutic Relationship – The relationship between the therapist and ourselves is a crucial element of our healing process. In longer-term therapy, the relationship has the chance to develop trust, safety, openness, and healthy boundaries attachment. Overtime, we may feel more comfortable in sharing deeply personal experiences, feelings, and vulnerabilities that might not have surfaced during a short-term crisis intervention. This formation of trust creates a space where we can process painful emotions and difficult truths, allowing us to work through our challenges more effectively. Unfortunately, crisis management often doesn't allow for the time necessary for such a deep therapeutic relationship to form.

4. Prevents Relapse – Crisis management is reactive. It helps us cope with a crisis after it has occurred. It may provide immediate relief, but it does little to prevent future episodes. Longer-term therapy takes a proactive approach to mental health. Through ongoing support, we can build coping strategies, resilience and emotional regulation skills that reduce the likelihood of future crises. By working through the issues that contributed to past crisis, we can learn to manage stressors more effectively, decreasing the chances of relapse or recurrence of acute mental health episodes.

5. Personal Growth and Transformation - Longer-term therapy is not only about symptom reduction; it's also about personal growth and transformation. In the process of therapy, we often discover new aspects of ourselves, develop a stronger sense of identity, and cultivate a greater capacity for emotional and relational intimacy. This leads to a more fulfilling and authentic life, which crisis management, with its focus on immediate stabilization, cannot provide. Longer-term therapy encourages growth beyond just managing symptoms, helping us to thrive, not just survive.

While crisis management is necessary for short-term stabilization during emergencies, longer-term therapy offers a far more in-depth and sustainable approach. It allows us to explore root causes of our distress, build self-awareness, foster a strong therapeutic relationship, prevent future crises, and experience deep personal transformation. These benefits make longer-term therapy a more effective and holistic option for achieving lasting mental health and well-being.

13. On December 1, 2003, the final film of *the Lord of the Rings* trilogy, *The Return of the _____*, premiered in New Zealand.

Easy Turkey Chili

by Jennifer Puri

Turkey is a large bird which is rich in protein and other nutrients such as iron, zinc, and selenium. It provides many of the same calories as chicken and most people are easily able to digest it.

Ground turkey is an inexpensive way to consume turkey and over the years has grown in popularity as a substitute for ground chicken. Rich in vitamins and minerals it can contribute to a healthy diet as it is low in fat. Dark meat is more flavourful but has more calories than white meat without the skin.

Turkey can be added to soups, salads, sandwiches, burgers, or Chili as shown in this Easy Turkey Chili recipe below.

Prep Time: 15 minutes

Cook Time: 1 hour

Servings: 6

Ingredients:

- 1 lb lean ground turkey
- 2 tbsps. olive or vegetable oil
- 3 garlic cloves finely chopped
- 1 medium yellow onion chopped
- 1 red bell pepper finely chopped
- 1 900 ml carton (low sodium) chicken broth
- 1 28 oz can diced tomatoes
- 1 small can corn niblets drained and rinsed
- 1 540 ml can black beans drained and rinsed
- 1 540 ml can red kidney beans drained and rinsed
- ½ tsp Chili powder
- 2 tsps. ground cumin
- 1 tsp dried oregano
- 1 tsp salt
- ½ tsp ground black pepper

- Add the Chili powder, ground cumin, oregano, salt and black pepper and continue to cook for a couple of minutes.
- Add the black beans, kidney beans, corn, and diced tomatoes and blend in with the turkey.
- Add the chicken stock and bring to a boil and then reduce heat and allow the Chili to simmer for approximately 45 minutes, stirring occasionally.
- Garnish the Turkey Chili with sour cream, shredded cheddar cheese and chopped coriander leaves or taco chips and sliced avocado if preferred.

Online or Phone: Pay by credit card through Ivrnet (3% processing fee for credit cards).

In Person: Pay by debit, cheque, or credit (3% processing fee for credit cards) at the Mahogany Beach Club during business hours.

By Mail: Make cheques payable to "Mahogany Homeowners Association" and mail them to 29 Masters Park SE, Calgary AB, T3M 2C1. You may also drop off cheques at reception during business hours or use the drop box located to the left of the catering doors at the front of the main building outside business hours.

Calgary's Christmas Markets

by Anthony Imbrogno (*The Calgary Heritage Initiative Society/Heritage Inspires YYC*)

From malls to promenades to markets, there's plenty of heritage tied to Calgary's history as a bustling commercial city and trading centre.

Christmas markets date back to medieval Europe, with the first in Vienna in 1296. Early markets were not explicitly for Christmas, they were opportunities to gather provisions before winter. By 1310 in Munich, crafts, confectionaries, and roasted chestnuts were on sale at a Saint Nicholas market. As the tradition spread across German-speaking regions, markets became stylized as "Christkindlesmarkt".

Today the winter and Christmas season is marked by annual markets all around Calgary. Two are especially interesting for their heritage aspects. First up is Heritage Park's Once Upon A Christmas, complete with carol singing and wagon rides.

Heritage Park Historical Village opened in 1964 with the goal of connecting people to history and preserving our culture and heritage. It's a living museum spanning the history of the West from Indigenous cultures and the 1860s fur trade to the 1960s.

Many Calgary and area heritage buildings were relocated here, including Banff's NWMP Barracks and Bruderheim Windmill. While it's preferable to retain heritage buildings at their original locations to best interpret local history, relocation is sometimes the only option to preserve a structure. And then there are reconstructions, like the Wainwright Hotel.

At Gasoline Alley Museum, there's a public collection of antique vehicles and artifacts. You can also experience 19th-century travel either by steam train or lake paddle steamer.

Another market happens at Spruce Meadows. Its International Christmas Market began in 2001, following cities worldwide in a revival of markets in the 1990s. The location is a premier international horse sports venue. It was opened in 1975 by the Southern family, who sought a down-to-earth atmosphere for the sport.

The facility hosts equestrian show jumping and breeds and trains Hanoverian horses. In 2019, it became the home of Cavalry FC, Calgary's Premier League soccer team.

Let's not forget the markets held all around Calgary. Check out your neighbourhood's event information for one near you.

And stay tuned in 2025 for a special series of articles for Calgary's 150th anniversary year.

LEADERS IN COMMUNITY FOCUSED MARKETING

Cold Weather Safety

by Alberta Health Services

Emergency Medical Services (EMS) paramedics respond to a number of cold weather-related emergencies every winter. However, by taking appropriate measures to dress properly, anticipate sudden weather changes and preparing to be out in the cold, may reduce your risk of sustaining a cold weather illness/injury. It's also advised you store an emergency kit in your vehicle at all times containing extra clothing, blankets and other road-side supplies.

Frostnip

- Frost-nipped skin is extremely cold, but not yet frozen skin;
- It commonly affects the ears, nose, cheeks, fingers and toes;
- The skin may look red and possibly feel numb to the touch;
- When treated promptly, frostnip usually heals without complication;
- Move to a warm environment and immediately, but gently, re-warm the affected area through skin to skin contact (i.e. hand covering tips of ears).

Frostbite

- Frostbite occurs when skin becomes so cold, the skin and underlying tissues freeze;
- Affected skin may look white and waxy and will feel hard to the touch;
- Move to a warm environment immediately and place the affected area in warm, *not hot*, water until fully re-warmed;
- Call 9-1-1 or seek further medical attention as required.

Hypothermia

- Hypothermia is abnormally low body temperature, less than 34°C (as compared to normal body temperature of about 37°C);
- Early hypothermia may manifest as profound shivering; moderate hypothermic patients may act inappropriately: stumbling, mumbling, and fumbling, as their body temperature continues to drop resulting in severe hypothermia (<30°C);
- Left untreated, severe hypothermia may progress to unconsciousness or death;

- Early recognition and prompt medical attention is key. Call 9-1-1. Don't forget to protect yourself from the factors that originally lead to the patient's situation;
- Initiate gentle re-warming as quickly as possible. Remove any wet or constrictive clothing; cover with blankets or sleeping bags. Protect from further heat loss: eliminate contact with cold surfaces, and shield from wind and moisture.

UNIVERSITY OF
CALGARY

Were you in a NAPLS study?

- We are trying to find people who previously took part in any of our NAPLS studies at the At-Risk for Mental Illness Research Program.
- We invite you to participate in a short interview so we can learn how you have been doing.

For more information, please contact:
403-210-8740 or napls@ucalgary.ca

The University of Calgary Conjoint Health Research Ethics Board has approved this research study "Predictors and Moderators of Long-Term Outcome of Persons at Clinical High Risk for Psychosis" (REB21-1762)
