Hello, Can You Hear Me?

Way back on July 1, 1881, the world's first international telephone call took place between St. Stephen, New Brunswick and Calais, Maine—two towns so close (approximately a mile), you could probably shout **across the river!**

New Brighton Community Association Wishes You an Awesome Summer

We will be on summer vacation in July and August, and we will start September trying to bring new members and fresh ideas to our board. Our board has had a stable and extraordinary team for a few years now and we would love to add to that and fill up all the empty seats around the table for more manpower/brainpower.

Joining the NBCA board will give you a better idea about how the elected offices work for and with our community and will broaden your administrative and political horizons. Most of us started with having a question that we couldn't answer ourselves, or a project we wanted done in the community, and by joining the board we got the right information and access to resources to get things done. Sometimes we find this saying overrated but when joining this volunteering board, you should ask yourself what you can do for the community not what the community can do for you.

New Brighton, have a great summer and see you all in September.

Purple Martins Project in New Brighton

We keep promoting this project so more residents can enjoy the views when they walk in the area. The birds are still active and at work in July and a lot of people are coming to observe them.

For more information about the project and the birds you can read the 'Purple Martins' page from the 'Projects and Events' section on our website – ournewbrighton.ca.

The location of the project is marked on the image. And just a reminder for the parents – please do not let your kids shake the post of the birdhouse, the Purple Martins are quite sensitive, and they can be stressed and disturbed by those shakings.

Québec Village

On July 3, 1608, a trading post was established on the site of present-day Québec City that was part fort and part village. Samuel de Champlain fostered fur trades and used this building as a base. We're sure it looked a whole lot different back then!

New Brighton Tool Shed Is Making a Difference

On any given day if you check the tools inventory you will see some tools that are out in the community, used for different projects. This tells us that more and more people use the Tool Shed in our community. When someone starts a conversation on a Facebook page about a tool they need, the next person will post a comment sending people to check out our awesome Tool Shed.

Once you use the Tool Shed, you will come back again and again, and this will be the first place you look if you need a tool that you don't have around the house. A big thank you to all the residents who are promoting this project; we will do our best to expand it and keep it alive.

The New Brighton Clubhouse is now accepting facility bookings and has a variety of rental packages available to meet the needs of all ages, party sizes and budgets! For more information and availability on rooms, please contact 403-781-6613 ext. 5 or email rentals@nbra.ca.

As of July 2, 2025, payments will no longer be accepted at the New Brighton Clubhouse and all payments and communication regarding collection of fees must be done directly with Walsh LLP. In addition to the outstanding fees and interest charges, you will also be charged for legal costs associated with the collection of fees, as determined by Walsh LLP.

YOUR CITY OF CALGARY

Six Steps to Keeping Our Rivers Healthy

by The City of Calgary

Calgary is a growing city on a small river. When it rains, water runs off our streets, driveways, and yards and ultimately ends up in our rivers, creeks, and wetlands. This runoff is called stormwater. Stormwater picks up garbage, chemicals, pet waste, salt, fertilizers, dirt, and other debris, washing it into our storm drains and our rivers. Calgary is seeing

higher volumes of stormwater, which is resulting in urban flooding and more river pollution.

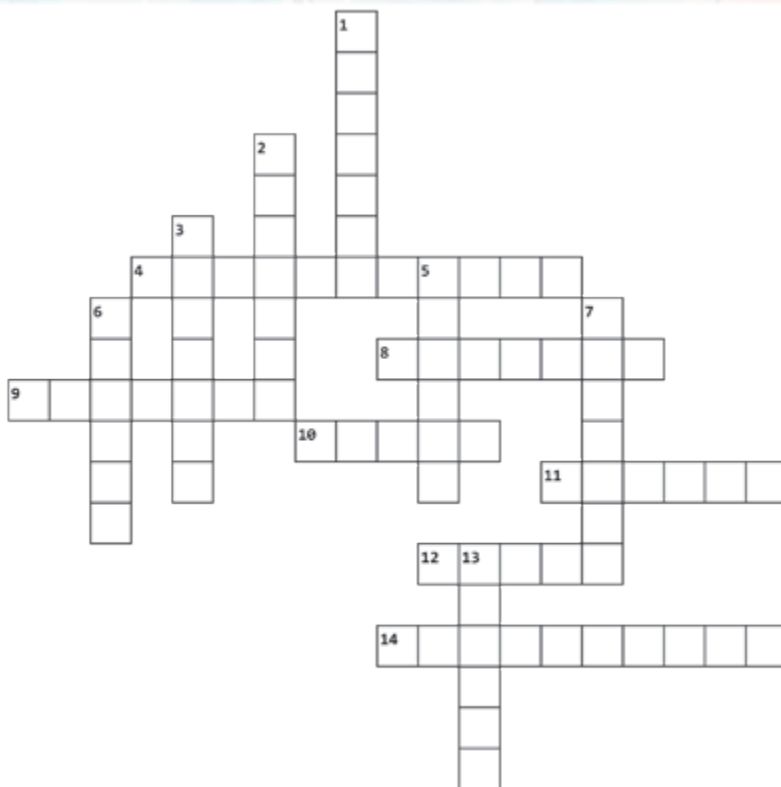

The City of Calgary and Calgarians need to work together to manage our stormwater. The City uses storm ponds to naturally treat stormwater by slowing the flow, allowing sediment and pollution to settle before entering our rivers. While these are found in newer communities, stormwater is not cleaned by a treatment plant, which is why keeping it pollution free is critical. Clean stormwater ensures our rivers, creeks, and wetlands, as well as local wildlife and fish, remain healthy for future generations.

You can help keep stormwater clean and our rivers healthy by doing these simple actions:

- Point downspouts toward lawns and gardens or use a rain barrel.
- Limit the use of fertilizers and pesticides.
- Sweep up debris from your garage and driveway instead of washing it away.
- Wash your vehicle at a car wash instead of your driveway.
- Never pour anything down the storm drain.
- Pick up pet waste and litter and put them in the proper waste containers.

What ends up on our streets, ends up in our rivers. Visit calgary.ca/stormwater to learn more.

Musical Houseflies

We've all had the annoying experience of being chased around by a housefly, but you probably didn't realize that they were actually playing music! Well...not really, but the noise they make when flying is always in they key of F! Isn't that neat? Maybe next time, see if you can harmonize!
