Although the oldest emeralds date back 2.97 billion years and were first mined in Egypt, emeralds have been found in Canada, although they're rare. Canada's first emeralds were found in 1998 in Yukon Territory!

## Parkland Cares

*Parkland Cares is a community-based organization of families and neighbours committed to helping others.*

Thank you to all of our neighbours who supported the inaugural Basically Babies' Layette program. It was a huge success. The coordinator of this initiative, as well as those that run the Basically Babies Program, were thrilled with all of the beautiful baby items. Many families will benefit from your generosity.

In June we be partnering with our friends at Bonavista Cares for a new initiative. During Pride month, we will be collecting and filling toiletry bags for The Skipping Stone Foundation. We are thrilled to be supporting this organization that provides a judgement-free, safe environment to all. Items we will be collecting are soap, deodorant, shampoo/conditioner, band-aids, combs, coffee gift cards, transit pass booklets, and toiletry bags.

As always, we invite community members to join our planning team, don't be shy – we welcome your collaboration and shared ideas for other great community building initiatives.

Happy May everyone! We look forward to having you join any or all of these upcoming events.
