Thank You!

We would like to thank all our volunteers for making it possible to continue to offer great services at the RCA. If you are interested in volunteering, please visit our website at www.riverbendcommunity.ca/volunteering.

We Want to Hear from You! 18th Street Makeover Survey

We're excited to announce the 18th Street Makeover Project, and we need your input to help shape the future of our community! The goal? To transform 18th Street into a safer, more beautiful boulevard that everyone in Riverbend can enjoy.

Right now, there's no funding for this project, but that's where our incredible community comes in! With your support and fundraising efforts, we can bring these ideas to life. Each proposed idea varies in cost and complexity, but they've all been successfully implemented in other Calgary neighbourhoods—and with your help, they can happen here too!

Now, it's your turn! We want to know which ideas excite you the most! Take just five to ten minutes to complete our survey and share your thoughts. This is your chance to directly influence what gets done in our neighbourhood!

A few things to note:

- The survey is open only to Riverbend residents.
- Your feedback will guide the next steps of this exciting project!

Let's come together to make Riverbend even better. Your participation means the world to us!

Thank you for being a part of this exciting journey! <https://form.jotform.com/RiverbendCA/18th-street-survey>.

ChargeYYC: Helping Calgarians Install EV Chargers in Multi-Residential Buildings

by *The City of Calgary*

The City of Calgary opened ChargeYYC for applications on January 28! This pilot program is designed to support residents living in apartments, townhouses, rowhouses, and other multi-residential buildings to install electric vehicle (EV) chargers. This initiative is part of The City's commitment to prepare for the future of low carbon mobility.

Building owners and property managers can apply into Phase One of the program for financial incentives of up to \$4,000 to develop a plan to install EV chargers in their buildings. ChargeYYC aims to simplify the process and reduce the costs associated with EV charger installations, making it easier for more Calgarians to own electric vehicles.

Motor vehicles are a major contributor to Calgary's greenhouse gas emissions, making programs like ChargeYYC essential for achieving the city's climate goals. The first phase of the program focuses on planning, with future phases offering additional financial incentives for installation.

For more details and to apply, visit calgary.ca/chargeyyc.

Protect Your Household Water Lines and Meter from Freezing

by The City of Calgary

Every winter, some Calgarians will experience frozen water pipes, service lines, and water meters, resulting in a water outage. The City's Frozen Pipes Prevention Program works proactively with homes considered at higher risk due to factors such as location, depth, and configuration of water pipes and a history of freezing.

Recently we have noticed an increase in frozen pipes in homes that are typically at a lower risk, where taking some of the steps below could have prevented household pipes from freezing. Ways to avoid freezing include:

- Keep your thermostat at a minimum of 15°C, even if you're away from home.
- Eliminate any cold drafts in unheated areas where water supply lines are located. This can include basements, crawl spaces, attics, garages, and under bathroom and kitchen cabinets.
- Repair broken windows, check doors, and insulate areas that allow cold exterior air to enter.
- Insulate your hot and cold-water pipes located in cold areas.
- Open interior doors and cabinets in cold areas to allow heat from the house to warm unprotected pipes.
- Turn off, disconnect, and drain the water line to outside faucets, garden hoses, pools, or decorative water features.
- If your hot water tank is in a maintenance room outside of your home, make sure the area is adequately heated.
- Regularly run water in your pipes through everyday use.

Visit calgary.ca/frozenpipes to learn more, including actions you can take if you suspect you have frozen pipes.

Stay Safe, Stay Off Storm Ponds

by The City of Calgary

This winter season, be safe while enjoying the outdoors and stay off storm ponds. Any recreational activity including skating, sledding, or even walking across a storm pond is not allowed under the Stormwater Bylaw because it's simply not safe.

With more than 300 storm ponds across the city, they might look like natural ponds, but they don't function the same and the ice is less predictable.

Unlike a normal pond, storm ponds are designed to collect runoff to protect communities from overland flooding and clean water before returning it to the river. The water in storm ponds contain road salt and other contaminants that eat away at the ice. Beneath the ice surface, water is constantly flowing, and levels are changing as water moves between inlet and outlet pipes. This weakens the ice and creates unstable air gaps and vary the ice thickness.

Looking to safely skate? Skaters of all levels can use one of the over 65 volunteer maintained Adopt-a-rinks in communities across Calgary or a City of Calgary natural ice rink. Rinks maintained by The City are among the safest places to skate because they are checked daily for ice thickness and quality, and surfaces are flooded as needed to make sure they're safe for skating. To find safe outdoor skating rinks near you visit calgary.ca/rinks.

Help Shape the Future of Calgary's Transit: MAX Purple East Extension Functional Planning Study

by The City of Calgary

We're excited to expand the MAX Purple bus rapid transit (BRT) further east, improving transit for communities along 17 Avenue SE and connecting to Belvedere. This extension will create a faster, easier, and more reliable way to travel.

What Is Changing?

The MAX Purple East Extension will enhance your daily commute with:

- Faster, more reliable service with dedicated bus lanes and signal priority.
- Better connections between communities like Inglewood, International Avenue, and East Hills.
- Plans for future growth, with potential service extensions reaching Chestermere and other key destinations.

Get Involved - We Want Your Feedback

Your input is crucial to creating a transit solution that meets the needs of you and your community.

Here is how you can participate:

- Online feedback: Share your thoughts at engage.calgary.ca/MaxPurple from February 10 to March 3.
- Pop-up events: Join us for in-person consultations at local events near the 17 Avenue corridor.
- Stay Connected: Sign up for our newsletter for project updates.

Your feedback will directly shape the future of the MAX Purple East Extension. Don't miss this exciting opportunity to be part of Calgary's evolving transit network.

For more information visit engage.calgary.ca/MaxPurple or email engage@calgary.ca.

Together, we can create a better, more connected Calgary.
