FRIENDS *of* Fish Creek

What's blooming in FCPP this July and August

Who's up for going out into the park this summer to take in some blooming native plants? One thing a few of us who are at the beginning of our native plant species journey have noticed is that once you start to learn a few native plants, you see them everywhere. So, we thought we would share with you, Fish Creek Community, a condensed list of some of the plants you can expect to see blooming in July and August in Fish Creek Provincial Park.

July

Northern sweetvetch
Hedysarum boreale

Stiff sunflower
Helianthus pauciflorus

Nodding onion
Allium cernuum

Purple prairie clover
Dalea purpurea

Silky lupine
Lupinus sericeus

We can't guarantee all of these will be blooming in the exact month they're listed in, so don't fret if you see blooms a little earlier or later than expected.

Love native plants and Fish Creek Provincial Park? Our programs will help you connect with nature in the park, from volunteering with grasslands restoration and engaging with the public, to our new kids' summer day camp, and beyond. Visit our website at www.friendsoffishcreek.org or follow us on Instagram or Facebook @fishcreekpp to learn more about summer day camp and all our exciting programs.

August

Tufted fleabane
Erigeron caespitosus

Missouri goldenrod
Solidago missouriensis

Dotted blazing star
Liatris punctata

Blue grama grass
Bouteloua gracilis

Tufted white prairie aster
Symphyotrichum ericoides
