MESSAGE FROM THE BOARD

Dear Braeside,

Here's an official welcome to summer from the Braeside Community Association! Things generally get a little slower over the summer months as things heat up, kids are out of school, and holiday plans are lived out. It is our hope that you are able to enjoy every single moment of what you've got planned!

There is lots happening behind the scenes that we are excited to share with you as they come to life. Please make sure to follow us on social media, check our website regularly, and stop into the BCA when you can.

We also look forward to seeing you at our Stampede Barbecue on July 5. As always, it's going to be a lot of fun! Bring your dancing shoes.

Sincerely,

Your BCA Board

DISCREET & CONVENIENT TEETH STRAIGHTENING

*"Your Oral Health
Is Our Priority"*

COMFORTABLE:

Custom-made for each individual, Invisalign aligners ensure a comfortable and snug fit, eliminating the potential for irritation or discomfort associated with traditional braces.

PREDICTABLE RESULTS:

Invisalign uses advanced digital technology to create a step-by-step plan for teeth movement, allowing individuals to visualize expected results before starting treatment for a predictable and controlled approach.

INVISIBLE APPEARANCE:

Invisalign offers a virtually invisible appearance due to its clear and transparent aligners, allowing individuals to undergo orthodontic treatment discreetly.

SHORTER TREATMENT:

In some cases, Invisalign may offer a shorter treatment duration compared to traditional braces, thanks to precise and personalized treatment plans.

REMOVABLE:

Invisalign aligners are removable, providing flexibility in eating and facilitating easier oral hygiene practices by allowing individuals to take them out for brushing and flossing.

IMPROVED ORAL HEALTH:

Being able to remove the clear aligners when necessary makes it easier to practice good oral hygiene like brushing and flossing. This can lead to a cleaner, healthier mouth and cut down on additional issues like mouth sores, cavities, bad breath, and tooth decay.
