EVERY CHILD DESERVES A SUPERPOWER: GIVE THE GIFT OF READING!

1 in 6 Canadian children struggle with low literacy. For many who don't overcome their early literacy struggles, they continue to struggle throughout their lives.

At the Further Education Society, we provide free programs across Calgary for families to build their literacy skills together. Through rhymes, songs, and stories, children learn about language. Families are given literacy kits filled with books and fun activities to continue learning at home. Developing early literacy skills creates the foundation for children's success in school and beyond.

Give kids the power to read: furthered.ca/give-now

CKE Community Garden August Update

Gardening cannot be done according to a calendar. We've all been told that the season truly begins after the May long weekend, but that can be quite arbitrary. Some plants and seeds certainly prefer being planted once the weather and soil has warmed up, but that doesn't always happen according to Victoria Day.

It's far more important to be watching the weather and monitoring the soil moisture and temperatures. This season, many seeds planted early were challenged by cool and wet conditions. A few mornings in June were close to two degrees! Spotty germination may have created a need for repeat or additional seeding. The last frost frequently occurs after the last full moon in May which can be another good indicator of when it's safe to plant those vegetables and herbs that cannot survive frost.

Some years we may have complained about cooler rainy weather in late June. But this year with water restrictions in place, it made all the difference to our flower gardens, as well as our vegetable patches. The lesson in this case was recognizing the importance of collecting rainwater! Luckily when the heat started, water was once again available, and things started to grow in leaps and bounds.

While the calendar can be a good guide to when to carry out certain garden tasks including planting, the only thing we can count on is the unpredictability of the weather, and the need for us to be prepared, and flexible.

Check out the crops that are flourishing in the CKE Community Garden.

Happy Gardening!

GAMES & PUZZLES

Guess The Drink!

1. On August 28, 1898, Caleb Bradham invented this sweet, carbonated drink originally called "Brad's Drink" which was used to relieve dyspepsia (indigestion).
2. In 1969, Walter Chell invented this drink in Calgary which is typically made from Clamato juice, Worcestershire sauce, spices, and vodka.
3. This non-alcoholic drink is named after an iconic 1930s Hollywood child actress.
4. This drink has been around for thousands of years. Legend has it that in 2737 BC, Chinese emperor Shen Nung discovered it while sitting underneath a tree with boiling water.
5. This sparkling wine is named after the region from which it is produced.
6. This caffeinated energy drink from Austria "gives you wings".

VIDEO KILLED THE RADIO STAR

On August 1, 1981, MTV made its broadcast debut and changed the landscape of music forever. The first music video they aired was "Video Killed the Radio Star" by British duo The Buggles. How fitting!
