PREY

July 21 marks one year since the release of the action sci-fi film, *Prey*. Filmed in Alberta and set in Comanche Nation in the 1700s, it's a prequel to the *Predator* franchise. During production, the film was called "Skull" to keep it a secret. The lead, Amber Midthunder, didn't even know she was auditioning for a *Predator* movie!

CMCA Facility Rentals

Weekday rates are for 6:00 am Monday to 6:00 pm Friday.
 Weekend rates are for 6:00 pm Friday to end of day Sunday.
 Minimum two-hour rental on weekends.
 Set up and clean up must be included in your rental time

2. This iconic Coldplay album was released on July 10, 2000, and features the hit single *Yellow*.
6. In the summer of 2019, this folk horror film depicting Scandinavian paganism and starring Florence Pugh was released.
7. This Canadian artist rose to fame on YouTube and was the most Googled celebrity in July 2010.
8. National _____ Day is observed on July 31 and December 2 to raise awareness and help these dogs get adopted.
10. World _____ Day celebrates this intellectual two player board game.
11. On July 6, 1885, Louis Pasteur successfully administered this vaccination for the first time, replacing the previous treatment, mad stones.

Seniors' Coffee Time

Coffee Time is on hold for the summer.

On behalf of the seniors' group and the CMCA, I want to express our gratitude to community residents and business owners, Stan and Heather from the Canyon Meadows Bakery for their generous donation of freshly baked treats every two weeks for coffee time. What an awesome example of community spirit!

Hope you can join us in September for coffee, treats, conversations, and new friendships.

Mark your calendars for September 13 and September 27 from 10:30 to 11:30 am for the next Seniors' Coffee Time.

FRIENDS *of* Fish Creek

July in Fish Creek

Capture Nature Photo Contest 2023

Each year, the Friends of Fish Creek offer a Capture Nature photo contest as a fun and creative opportunity for park users to engage with their natural surroundings as they search and explore for the best images of the year. From beginning photographers to amateur professionals and youth, we invite you to submit your best park images for consideration. As a contest participant, you may see your images used on our website, program posters, and other media publications as they become part of our ever-growing library of beautiful, high-quality park images. The sale of photo submissions may also support our organizational fundraising efforts down the road. The themes for 2023 are Winter Wonderland, The Elements, and As Above So Below. All submissions must be images taken in Fish Creek Provincial Park.

Registration runs until July 31, 2023. The public will be able to vote for their favourite photos through our online gallery. Voting will be open until August 15 at midnight, and we will announce the contest winners on September 1. To register and for more information, please visit <https://friendsoffishcreek.org/programs/capturenature>.

Shaw Birdies for Kids Presented by AltaLink

Support outdoor education in Fish Creek and your donation will be matched up to 50%. The Friends of Fish Creek are honoured that our Learning Naturally program has once again been chosen as one of over 270 local charities to participate in the Shaw Birdies for Kids presented by AltaLink program! This essential fundraiser runs until August 31 in conjunction with the Shaw Charity Classic Golf Tournament. It costs only \$10 to support one Learning Naturally field trip for one student, and through Birdies for Kids, your donation will be matched up to 50%! Learning Naturally does not receive regular funding and its continuation is in jeopardy. Please consider making a donation and speak to your employer or co-workers about this amazing opportunity to support outdoor education in Fish Creek. Donate today at <https://bit.ly/3IUUYAw>.

Volunteers Needed in Fish Creek Provincial Park

Branch out and explore all the exciting chances to give back to Fish Creek Provincial Park through direct intervention in its wellbeing! This summer, the Friends of Fish Creek need

volunteers to help with a variety of stewardship activities. Programs like invasive species control, poplar planting, tree wrapping, and nursery tending require the dedication of an amazing team. There is always a chance to be out in the field during the summer months and opportunities are available for people of every ability and availability. If you only have one day to volunteer, we offer many opportunities that require your presence for only a few hours, such as riparian restoration, invasive species control, tree wrapping, poplar planting, and willow staking. Planting trees is the activity most people probably have in mind when it comes to restoration. We provide the trees and supplies so that our volunteers can work to add trees to the aging poplar forests in the park. This summer, we are focusing on the beautiful Hull's Wood area. Newly planted trees ensure that in the years to come, wildlife habitat is maintained as older trees die off. Watering trees and other vegetation is one of the most important jobs that one can take on in the park, as the summers in Calgary are hot and dry. To help with poplar planting, restoration, or other programs, please sign up as a volunteer online at <https://friendsoffishcreek.org/volunteering-basics>.

Stop into the Bow Valley Ranch Visitor Centre

If you have been down to the Bow Valley Ranch in the past year or so, you may have noticed that the Visitor Information Centre is now open six days a week. The exhibit area features cultural artifacts and a wealth of information about the history of the city and the park. Since the beginning of the Friends' Enhanced Partnership Project with Alberta Parks in 2020, we have trained over thirty volunteers in the new role of Fish Creek Ambassador to work in the centre. We invite you to stop into the Bow Valley Ranch Visitor Centre to pick up a park map or outreach material, learn about some of the unique history of this area, and chat with our friendly and knowledgeable Fish Creek Ambassadors.

The Liquid Rainbow

Caño Cristales is a multi-coloured river located in Colombia's Serranía de la Macarena National Natural Park. Its rainbow hues are caused by red riverbed plants, green algae, black rocks, yellow sand, and blue water. Be sure to visit between July and November, as that's when the colours are the most vibrant!

This year, CMCA has once again received a grant from the federal government to hire three summer students to bring activities and programs to Canyon Meadows. Two of the students will be tasked with planning, organizing, and operating a summer 2023 drop-in program for kids at the community hall. They will also plan and offer additional special events using the CMCA Crazy Carts and Xbox systems as well as the very popular Slip and Slide days. Please check our website for updates on the dates, times, and cost. The third summer student will be kept busy doing maintenance in and around the community centre.

The Community Cleanup Day is just around the corner, planned for July 22 from 9:00 am to 2:00 pm. The City of Calgary Waste and Recycling Services and Community Strategies will be on-site at the community with two packer trucks ready to take away all your unwanted household items and property trash. Please do not bring any compostable yard waste to the cleanup – use your green cart. Cardboard must be disposed of at the local recycling depot. The packer trucks will not accept any organic materials or cardboard.

Additionally, CMCA has arranged for vendors to be on-site for electronic recycling, scrap metal collection, and gently used household items for donation. For CMCA members only, disposal of used/outdated propane tanks and secure paper shredding (two boxes per member limit please) will be available. Sanil will be doing pickups for our members that are unable to transport large items to the community centre on cleanup day. Please call or email Bonnie in the CMCA office to have your name added to the list. You must have a current membership to use this service.

The following items may not be brought to the cleanup site:

- Paint
- Railroad ties
- Household chemicals
- Hazardous materials
- Light fixtures with Ballasts
- Fluorescent light tubes
- Refrigerators or water coolers (anything that contains Freon)
- Used oil

Our cleanup day gets busier every year, so please be patient with the volunteers that are here to help make the cleanup successful. We all do our best to get everyone through the lineup as fast as we can.

See you at the cleanup!

Bonnie

MORE THAN 15 YEARS IN BUSINESS

Specializing in Residential Services

The First Author

Texts have always had writers, but historically, they haven't always named the authors. The world's first known author was a woman named Enheduanna, a Mesopotamian high priestess, poet, and writer from 23 century BCE. Many creative and religious texts are attributed to her despite the male dominance in scribal tradition!

GAMES & PUZZLES

Guess That Song!

1. This Grammy award winning pop song is about being foolishly apologetic for constantly playing with new lovers' hearts. Oops!
2. This thrilling hit pop song is about a woman being stalked by a beast about to strike.
3. This 2014 electro-pop song is about meeting someone in the summer, falling in love in the fall as the leaves turned brown, and then being betrayed by lies.
4. This heartfelt alternative rock ballad is all about wanting to skip right to October because summer has come and passed.
5. This country song is about going out and having fun with no inhibitions, just feeling womanly and dancing with your girlfriends on a night out.
6. This gentle pop rock song is about being so in love with someone that they colour your world and make the stars shine for you.

Stargazing with Pat J: Indoor Astronomy

by Patricia Jeffery © 2023, Calgary Centre of the Royal Astronomical Society of Canada

If you ever find yourself stuck inside due to illness or injury, freezing temperatures, or have simply reached the age where a night at home is more appealing than a night on the town, did you know you can still enjoy the majesty of the heavens without venturing beyond the comfort of your own home?

Orion nebula: through two panes of glass

Sun spots

Yes, I am well aware that hardcore astronomers would not recommend this approach as the multiple panes of glass will distort the image somewhat. But if the alternative is no stargazing at all, I think you'll be pleasantly surprised by what you can see while sitting next to a window. While the images won't be Hubble quality, they can still be pretty darn impressive.

Benefits of indoor astronomy

- Every clear night is a stargazing night
- Every clear day is a solar gazing day (Caution: you'll need a special filter for your telescope to safely observe the sun)
- No danger of frostbite (winter) or mosquito bites (summer)
- Jupiter's four largest moons are easily visible with a pair of binoculars
- Use binoculars to examine the moon at first quarter and third quarter, then use pencil and paper to sketch its surface
- Gain familiarity with the night sky with a smart phone astronomy app. Many good ones are free
- On nights when you're too stressed to sleep, instead of staring at the ceiling, try losing yourself in the serenity of the night sky
- When warmer weather returns, or recovery from your physical ailment occurs, you'll be primed and ready to pack up your astronomy gear and head outside
- Or you may discover you enjoy indoor astronomy so much that you've become a year-round convert.

www.calgarywildlife.org

Proper Disposal of Smoking Materials

from the City of Calgary

Improper disposal of smoking material such as tobacco products is the leading cause of outdoor fires in Calgary. To help reduce outdoor fire risks, citizens should make an effort to properly dispose of smoking material. Remember to always call 911 to report a fire.

To Better Protect Your Homes, it is Recommended That You:

- Never put out cigarettes or smoking material in flower planters, peat moss, your lawn, or garden.
- Use a deep, wide, sturdy metal container with a lid, filled part way with sand or water that should be emptied regularly.
- Ensure that all butts and ash are out by soaking them with water prior to putting in the trash.

Smoking in Natural Areas

Extreme caution should be used in the city's natural areas and green spaces where extremely dry vegetation covering the ground provides readily combustible fuel if an ignition source is applied.

Reducing Risk

- Do not store propane tanks, firewood, or yard waste next to your house.
- Prune all tree branches within two metres of the ground and plant new trees at least three metres apart.
- Assess potential fire hazards within 1.5 metres of your home, including natural debris, trees, and other structures.

Smoke Alarms

Having working smoke alarms saves lives – more than one-third of all fire fatalities are associated with having no smoke alarm.

Cigarette Litter

Did you know that cigarette litter is a major environmental concern and contributes to a disproportionate amount of litter in our city? Contrary to popular belief, those white sponge-like butts are not made from cotton or paper — instead, they're a

synthetic microfibre that takes years to break down and are unsightly around our city.

- Cigarette filters are one of the most littered items in the world.
- Chemicals that can leach out of cigarette butts include arsenic, ammonia, and lead. The chemicals found in one cigarette butt can leach out and contaminate approximately 7.5 litres of water within one hour. This contaminated water is lethal to aquatic life.
- Sunlight will degrade a cigarette filter and break it into very small particles. These small pieces do not disappear or biodegrade but wind up in the soil or swept in water, contributing to water pollution.
- The fines for the improper disposal of cigarette litter ranges from \$250 to \$500, with a maximum fine of \$750 for throwing a butt out of a car window.

If you're a smoker, consider buying a pocket ashtray available locally and from popular online retailers.

Photo Gallery by Kim Chulsky

Moroccan Style Meatballs

by Jennifer Puri

The red (Marrakech), white (Casablanca), and blue (Chefchaouen) cities of Morocco represent a vibrant mix of past and present and are a contrast of modernity with traditional customs and architecture.

Home to ancient palaces, mosques, and colleges, these cities are also famous for their gardens, fountains, medinas, and souks.

Medinas are walled cities with narrow winding streets which are notable for their absence of cars but abundance of bicycles and donkey carts.

Souks are the captivating street markets where you can purchase leather goods, lanterns, lamps, textiles, carpets (not the flying kind), spices, tagines, and good luck charms.

All sorts of foods are also available to the hungry shopper including local breads, dried fruits, and olives.

The most cooked meals are couscous salads, spicy lamb, and chicken stews, traditionally followed by cups of Moroccan Green Mint Tea.

Moroccan Style Meatballs can be enjoyed with Pita or Naan, couscous or salad greens, or Moroccan style carrot salad.

Prep Time: 30 minutes

Cook Time: 30 minutes

Servings: 4

Ingredients:

- 500 gms lean ground beef
- ½ cup fine breadcrumbs
- ½ onion, finely chopped
- 3 garlic cloves, minced
- 3 tbsps. finely chopped mint
- 2 tps. smoked paprika
- 1 tsp. ginger, minced
- 1 tsp. ground cumin
- ½ tsp. ground cinnamon
- ½ tsp. salt
- ½ tsp. black pepper
- ½ tsp. red pepper flakes
- 1 egg
- 2 tbsps. olive oil
- 1 red bell pepper, sliced
- 1 400 ml jar of Moroccan style meatball sauce
- ¾ cup water
- 12 seedless green olives (optional)
- 3 tbsps. of yoghurt (optional)

Directions:

1. Place ground beef in a medium size bowl and add breadcrumbs, onion, garlic, mint, smoked paprika, ginger, cumin, cinnamon, salt, black pepper, egg, and mix well.
2. Preheat oven to 400 degrees Fahrenheit.
3. Divide beef into 20 portions, shape into golf ball size meatballs, and place on a foil lined baking tray. Bake on middle rack of oven for 18 to 20 minutes or until cooked.
4. Add two tablespoons of olive oil to a wok or skillet and sauté the red pepper for three to four minutes. Next add the Moroccan style sauce, water, and cooked meatballs, and simmer for four to five minutes.
5. Remove from heat, garnish with olives, yoghurt, and fresh mint or coriander leaves, and serve.

Bon Appétit!

No matter how much you sweat, we can get the stink out!

We offer cleaning services for sports equipment and personal protective equipment, including helmets, shoulder and elbow pads, knee and shin pads, footwear, skates, or gloves – almost any equipment used by athletes or workers can be cleaned, disinfected, & refreshed.

OUR OZONE PROCESS

Using ozone, our system breaks down and penetrates stains, mucus, blood, sweat, fungus, bacteria, and mould. Ozone destroys 99.9% of bacteria and viruses it comes in contact with – this includes odour causing bacteria and illness causing viruses, like staph infections.
