This was a significant, multi-year project that Sam led from the initial planning stages for the park, through to the installation and maintenance of the current, well-used pump track. He also took on the role of treasurer on the executive and committed countless hours to Fairview events. Thank you for everything, Sam!

## Celebrating 65 Years: The Enduring Spirit of the Fairview Eagle

As we celebrate a significant milestone – the 65th anniversary of the Fairview Community Association – it's a perfect time to reflect on our rich history. Recently, while sifting through some old memorabilia, a vintage Fairview Community Association pin came to light, featuring our original logo: the magnificent Eagle. This find is a reminder of our community's story, highlighting how this symbol is an important part of Fairview's heritage.

The Eagle wasn't merely a design choice; it was a reflection of our collective identity, born from the spirited Fairview Eagles community and school sports teams. For generations, these teams have been a source of pride, with countless young athletes taking to the fields and rinks – from flag football to hockey – all representing the competitive drive and camaraderie that defines our neighbourhood.

For many years, this iconic Eagle logo held a place of importance as the official emblem of our Community Association. It was more than just a logo; it was a symbol of our shared aspirations and unity. Its presence was proudly displayed on the side of the Fairview Community Association building, a visible reminder of our collective spirit.

While our Community Association's branding has since changed to reflect our established, unique, and evolving mission, the Eagle's legacy continues to soar. It remains a cherished symbol within our community, including at Fairview School. Here, the Eagle is not just an image, but an active part of their identity, proudly featured in their slogan: "Come Soar with the Eagles". This enduring presence at the school serves as a reminder that despite

changes over time, we are all connected through a shared history and a vibrant, continuing community spirit.

## Share Your Fairview Eagle Memories!

As we celebrate our 65th anniversary this year, we're collecting stories and memorabilia from Fairview's rich past. Do you have any Fairview Eagle memories or memorabilia you'd like to share? Perhaps you were even a Fairview Eagle yourself! We'd love to hear from you.

# Typewriter

### Heat Related Illness

by Alberta Health Services

EMS would like to remind everyone to stay safe in the heat and sun this season. While children and the elderly may be more susceptible to the effects of heat and sun, basic prevention measures should be taken by all to avoid a heat related illness during periods of hot and humid weather.

#### Heat Exhaustion

- Heat exhaustion can occur due to excessive fluid loss during periods of prolonged sweating in a hot and/or humid environment (indoors or outdoors).
- Patients may suffer headaches, weakness, fatigue, nausea/vomiting, thirst, chills, and profuse sweating.
- The patient is usually cold and damp to the touch and the skin may appear pale or dusky gray.

#### Heat Stroke

- Heat stroke is a medical emergency which, without prompt treatment, could be fatal.
- It occurs when the body can't cool itself naturally (e.g., perspiration). The body's temperature will continue to rise to dangerous levels.
- Due to severe dehydration and the inability to sweat, the patient may appear flushed, and skin may be hot and dry to the touch.

#### First Aid

- First aid for all heat related illness begins with removing or sheltering the patient from the hot environment.
- Remove excess, or tight-fitting clothing, and allow them to rest in a cool environment.

- If the patient is conscious and alert, provide suitable fluids such as water, juice, or a sports drink.
- If you are concerned, seek medical attention.

#### Prevention

- Stay well-hydrated by drinking plenty of water at all times.
- Be aware that excessive alcohol consumption will promote dehydration.
- Always wear a broad brimmed hat to keep the sun off your face and neck.
- Apply a broad spectrum, waterproof sunscreen with a minimum SPF of 30+, especially for children. The sun's UV rays peak between 11:00 am and 3:00 pm, even on cloudy days.

## BEFORE THE BEATLES

John Lennon, Paul McCartney, and George Harrison are well-known for their incredible roles in the English rock band *The Beatles*. But did you know that it wasn't the first band these three talented musicians were in together? First, they were in a band called *The Quarrymen*!

## Celebrating Calgary 150 - Oil Town

by Anthony Imbrogno (*The Calgary Heritage Initiative Society/Heritage Inspires YYC*)

Calgary was booming by 1920.

The CPR built the Palliser Hotel, called the “Castle by the Tracks”, which employed immigrants like my Nona and father. The Kings Arm Tavern inside was frequented by gay men. Meanwhile, Fort Calgary was razed.

A splendid City Hall reflected Calgary’s prominence. And another public building is Heritage Hall, Western Canada’s first post-secondary institution. Hudson’s Bay’s new store opened with a granite columned arcade, unique in North America.

Parks Superintendent William Reader sought to beautify Calgary with Reader Rock Garden, his experimental site. Shaganappi (“rawhide lacing” in Cree), an Indigenous gathering place, became the first municipal golf course (ca.1914).

St. George’s Island became the zoo’s home, with concrete dinosaurs added in 1935. Dinny is the only survivor. Annie Gale, the British Empire’s first woman city councillor, supported self-sufficiency through the Vacant Lot Gardens Club.

Energy resources started dominating the economy. Coal was mined in the Crowsnest Pass - my great-grandfather Salvatore was a miner who died in an accident. Nearby is Turtle Mountain, known to Indigenous peoples as “the mountain that moves”. On April 29, 1903, the Frank Slide destroyed the mine and several homes. Between 70 and 90 people perished.

At Turner Valley, William Herron’s well struck gas. He’s considered the father of Alberta’s petroleum industry. The Herald wrote, “a lively but fairly sane cow town became a madhouse”. Oil was discovered in 1936, sealing Calgary’s fate as Oil Town.

New main streets developed. Off 10 Street NW is the Art Deco-style Plaza Theatre (ca.1934). Apartment buildings also appeared, including Spanish Colonial-style President Apartments and Tudor Revival-style Barnhart Apartments.

Another kind of community formation occurred in 1928 when Métis Nation of Alberta was founded to establish eight settlements.

Then the Great Depression began in 1929. Public works projects generated employment, including the Glenmore Reservoir and Banff-Jasper Highway. Norman Luxton spearheaded Banff’s Winter Carnival and Buffalo Nations Museum. Mount Norquay and Sunshine became ski resorts.

During hard times, sport offered respite. The Calgary Tigers played rugby football and threw Canada’s first forward pass in 1929. The Stampeders won their first game in 1945, perfect for a city approaching 100,000.

## Bow River

by Garth Paul Ukrainetz

Bow River, Bow River, O where is your quiver  
Where are the arrows you hide deep inside  
Take aim for the moon, let them fly thru the heavens  
Shooting like stars over Calgary skies

Bow River, Bow River, melt of glaciers deliver  
Water flows pure from the mountaintops high  
Your destiny's duty to guard and protect it  
Transporting for all under big prairie sky

Bow River, Bow River, always generous giver  
Jubilation you bring to Alberta's dry land  
For water is life, you bestow of it freely  
Grateful animals drink from the palm of your hand

Bow River, Bow River, mighty warrior consider  
While forward you lead, we'll be watching your back  
To be perfectly clear, we can't take you for granted  
Drought and pollution will sneak and attack
