A Holiday Message from the Editor

The holiday season is here—a wonderful time to celebrate our incredible Haysboro community! I feel so grateful to live here and to help provide programs, events, and activities that bring us all together.

Looking ahead to 2026, we have so much to be excited about: tot time returning in January, our monthly Lunch and Learn series, family-friendly events and activities, workshops, classes, markets, seasonal celebrations, and countless ways to connect, learn, and have fun. But none of this happens on its own—it truly takes a village. We rely on volunteers, neighbours, and community members like you to help make these events possible. If you've ever thought about lending a hand, there's no better time to get involved, meet new friends, and help our community thrive.

Thank you to everyone who contributes to making Haysboro a welcoming, vibrant, and caring place. Your energy, support, and participation make all the difference, and we can't wait to share another year of connection, laughter, and memorable moments with all of you.

From all of us at the Haysboro Community Association, happy holidays and best wishes for a joyful, healthy, and exciting new year!

YOUR CITY OF CALGARY

Create More Memories and Less Waste This Holiday Season

by The City of Calgary - Waste and Recycling Services

The holidays bring joy—and extra waste. We generate about 25% more this time of year from wrapping paper, packaging, and leftover food. Small changes can make a big impact:

- Give experiences instead of things. Time together creates lasting memories.
- Make or repurpose gifts. Handmade or passed-down items tell a story.
- Wrap creatively. Reuse bags, bows, or wrap with fabric.
- Shop with purpose. Plan ahead and choose thoughtful gifts.
- Reduce food waste. Stick to a grocery list, use leftovers, or send extras home with guests.

Christmas Tree Composting

When the holidays are over, give your real Christmas tree a green goodbye by choosing one of the following options:

- Green Cart Pickup: Remove decorations, cut into small pieces, and place in your green cart.
- Drop-Off (until January 31): Take your undecorated, unbagged tree to a designated site.

Find locations at calgary.ca/christmastree.

Holiday Collection Changes

Please note blue, black, and green cart pickup date changes in your community!

- Thursday, December 25 moves to Monday, December 22.
- Thursday, January 1 moves to Monday, December 29.

Regular Thursday collection resumes January 8. Check your schedule at calgary.ca/cartschedule.

Thank you for helping keep Calgary clean and green. Happy holidays!

Cold Weather Safety

by Alberta Health Services

Emergency Health Services (EHS) – Alberta responds to cold weather emergencies each winter. You can reduce your risk of sustaining a cold weather emergency by taking a few precautions. Dress by wearing warm, insulating layers close to the body covered with wind and waterproof layers on the exterior – cover as much skin as possible. Carry an emergency roadside kit in your vehicle containing extra clothing, blankets, and emergency supplies and ensure your mobile phone is fully charged.

Frostnip

- Frost-nipped skin is extremely cold, but not yet frozen.
- It commonly affects the ears, nose, cheeks, fingers, and toes.
- The skin may look red and possibly feel numb to the touch.
- When treated promptly, frostnip usually heals without complication.
- Move to a warm environment and immediately, but gently, re-warm the affected area through skin-to-skin contact (i.e. hand covering tips of ears).

Frostbite

- Frostbite occurs when skin becomes so cold, the skin and underlying tissues freeze.

- Affected skin may look white and waxy and will feel hard to the touch.
- Move to a warm environment immediately and place the affected area in warm, not hot, water until fully re-warmed.
- Seek further medical attention as required.

Hypothermia

- Hypothermia is abnormally low body temperature, less than about 35°C (as compared to normal body temperature of about 37°C).
- Early hypothermia may manifest as profound shivering; moderate hypothermic patients may act inappropriately: stumbling, mumbling, and fumbling, as their body temperature continues to drop resulting in severe hypothermia (<30°C).
- Left untreated, severe hypothermia may progress to unconsciousness or death.
- Early recognition and prompt medical attention is key. Don't forget to protect yourself from the factors that originally lead to the patient's situation.
- Initiate gentle re-warming as quickly as possible. Remove any wet or constrictive clothing; cover with blankets or sleeping bags. Protect from further heat loss: eliminate contact with cold surfaces, and shield from wind and moisture.

Haysboro Community Firepit Usage

The HCA Firepit is open for
community member use.

Please follow these rules
to keep everyone safe!

1. Fire must stay low and inside fire pit.
2. Keep the grate and cradle in place. Only move the grate to add wood.
3. No gas or accelerants allowed.
4. Bring your own wood. Do not burn any garbage or food.
5. Put out fire before you leave. Bring your own water to extinguish. Sand kept in the fire shed is for emergencies only.

The fire pit is a public area. Please
share the space and be safe!

dianabatten_ @DianaBatten_

This past year has been one of growth and collaboration across Calgary-Acadia. From legislative work to local events, town halls, and community projects, I've seen the dedication and compassion that make our community so strong. I'm grateful for the trust you've placed in me and for the many residents, leaders, and volunteers who make Calgary-Acadia such a vibrant place to live.

Since returning to session in late October, our office has heard from hundreds of constituents about the issues that matter most. Education remains a top concern. The government's use of the notwithstanding clause to order teachers and students back into classrooms has left many Albertans feeling unheard and unsafe. Forcing people back into schools that lack adequate safety measures and resources does not solve the real challenges facing public education. I will always stand up for public education and for the educators who give so much of themselves to help every child learn and thrive. Every Albertan deserves the best start possible through smaller class sizes, safe classrooms, respect for staff, and a lasting commitment to inclusion. When our children and educators succeed, Alberta succeeds.

Many residents are also deeply concerned about the government's growing reliance on the notwithstanding clause and what it could mean for other rights and freedoms. I share those concerns and will continue to speak out against any misuse of power that threatens fairness and democracy.

Looking ahead, my focus remains on the priorities I hear most from Calgary-Acadia residents: strong public education, accessible health care, affordability, community safety, and inclusion. Your voices guide my work, and I'm committed to ensuring they are heard in the Legislature.

Thank you for your continued engagement and trust. It's an honour to serve as your MLA.

Cheers,

Diana
