PRESIDENT'S MESSAGE

Hi there neighbours,

Fall is here, winter is knocking on the door, our municipal election and AGM are behind us, and we have some changes on the Kingsland Community Association board.

On Thursday, October 23 we had our Annual General Meeting (AGM), where Terry Casey - Membership director retired from the board after many years of service and contributions, we will miss his great smile and sense of humour and great volunteering. Corey Fitzgerald our current co-chair of the Kingsland School Site subcommittee put himself forward to be our new Membership director and we wish him the best in his new role. Carmen Buckner Vice President will be taking over the helm as President of the board as I am retiring from the board, I know her energy and organizational skills will be put to great use as President. Teresa Bristow has come forward to take on the Vice President role; she and her husband moved to Kingsland in the past eighteen months, have volunteered with the ice rink maintenance, and attended multiple KCA events. We wish her great success and enjoyment on the board. Please check our website as we update director pictures and bios for backgrounds on our new members. Ben Ethier has retired from open director role and previously our Trico Liaison role - wishing him all the best.

A big thank you to current board members, retiring board members, and future board members, your time and work on the board is greatly appreciated.

We are looking for community members for our Social Committee to help plan and facilitate KCA social events for the year. Please reach out to social@kingslandcommunity.ca to join! Without this committee and our volunteers, it is challenging as a volunteer-based organization to have the people power to put on our events.

To stay up to date on all things Kingsland community, make sure to check out our website's homepage to see what's new in our neighbourhood and follow us on social media @kingslandcommunityyyyc! We also have an email newsletter that goes out every month or two - subscribe to the eNewsletter using the purple button at the very bottom of our website.

We love input and ideas for events, activities, or community enrichment from our residents, connect with us! If you are interested in board positions, please see our website for open roles and send an email to admin@kingslandcommunity.ca to discuss joining the board.

It has been an honour and a privilege to be your President these past two years. Working with the City and our subcommittee to get the school site confirmed for green space is a success I will always treasure. Attending meetings with developers and City officials and employees to convey our concerns on projects and planning bylaw changes was informative and impactful. Working with other community presidents to discuss shared issues impacting our communities was connection building and meaningful work. Meeting and talking with residents at family day, neighbour day, mini global fest, our flower fundraisers, board meeting, through emails and calls, has been rewarding. I have enjoyed my time on the board, working within the community with our Kingsland connectors group through the City of Calgary social work program, and being a proud Kingsland resident.

Wishing every resident of Kingsland all the best,

David Sanderson

CRIME PREVENTION AND SAFETY

Kingsland is Growing

It's no secret Calgary's population is rapidly growing. As elsewhere in the city, in Kingsland it's very noticeable as more multi-dwelling buildings are popping up around the neighbourhood replacing single dwelling homes. Our community has always been very safe, friendly, and welcoming. However, as crime rates fluctuate (see Crime Stats below), and communities face new challenges, the importance of vigilance among residents has never been more critical. A proactive approach to monitoring and reporting suspicious activities can significantly enhance the safety and well-being of our neighbourhoods. By fostering a culture of awareness and cooperation, we can create a united front against crime, ensuring that our community remains a safe place to live, work, and thrive.

Knowing Who to Call and When

Keeping that in mind, there may be times when you question whether or not to call the police regarding a

particular situation. Maybe you believe the police wouldn't be interested in your concern because it isn't a 'real emergency'; or is it? What may seem unimportant to you, may be a vital piece of information to the police.

How Do I Know When to Call the Police? Which Number Should I Call?

Whenever you see any type of crime in progress or that has just occurred and immediate action is required, call 9-1-1. That includes any crime happening 'now' involving an immediate threat to a person or property such as break and enters (if there is a suspect on scene), car accidents with injuries, screams, attacks, gunshots, arson, impaired driving, assault (fights), domestic violence, painting graffiti, prowlers, and robbery. Although this list isn't conclusive, keep in mind if it's a crime in progress or that just occurred, call 9-1-1.

Knowing When It's Non-Urgent

Police concerns of a non-urgent nature are crimes that have already happened and are not of an immediate threat to a person or property. These are examples to consider: minor accidents, late in reporting incidents including stolen or damaged property, used drug paraphernalia found in the alley, discarded ID or personal property (stolen), to mention a few. Similar concerns should be reported to the police non-emergency number at 403-266-1234.

Should I Call Crime Stoppers or 9-1-1?

"Crime Stoppers is a community, media, and police co-operative program designed to involve the public in the fight against crime. Crime Stoppers provides citizens with a vehicle to anonymously supply the police with information about a crime or potential crime.

If you are the victim of a crime, you must contact police directly as your identity must be known for an investigation to occur."

It's important to remember Crime Stoppers keeps the identity of the caller anonymous. When you call 9-1-1 or the Police non-emergency number, your identity is not kept confidential.

If you would like further information regarding Crime Stoppers or to submit a report, go to: <https://calgarycrimestoppers.org> or call 403-262-8477.

About 3-1-1

3-1-1 is a City of Calgary citizen information/service call centre for questions or concerns. They are the 'go to'

site for calls that aren't true emergencies but maybe a cause for concern. For example, graffiti not witnessed, abandoned vehicles, traffic signals not working, or noise complaints, to mention a few.

It's important - if you see it - report it. Keeping Kingsland safe happens as we all do our part.

Green Cart Collection Update

by the City of Calgary

Starting in November, green cart collection will shift to an every-other-week schedule. This seasonal change helps match service to the lower volumes of yard waste we typically see once colder weather arrives.

Weekly green cart collection will return in April 2026, just in time for spring clean-up season when yard waste begins to pick up again.

We understand Calgary's weather can be unpredictable, and to keep the Green Cart program reliable and cost-effective, we set the schedule using long-term trends. This means collection times are based on when green cart volumes usually decline and when snow conditions are more likely. By planning well in advance, the City ensures the right number of trucks, drivers, and resources are in place to keep the program running smoothly.

There are a few easy ways to stay on top of your collection days and keep things simple:

- Visit calgary.ca/cartschedule to check your cart pickup schedule or sign up for free reminders.
- Download the Calgary Garbage Day app to get automatic notifications about collection days and seasonal changes.

Thank you for helping keep Calgary clean and green, no matter the season!

Raising Non-Anxious Kids

by Nancy Bergeron, R.Psych | info@nancybergeron.ca

Modern parenting has become highly involved. Many of us may hover, protect, and step in quickly to solve problems for our kids. While this comes from love, too much intervention can make it harder for children to build resilience, confidence, and coping skills. Add in the constant pull of screens and social media, and many kids grow up struggling with boredom, frustration, and independence.

A New Approach: Obstacle Parenting

Instead of removing every challenge, obstacle parenting gives kids space to face small struggles and learn from them. It's about doing less, not more, and trusting that kids can figure things out.

1. Resilience Comes Through Struggle

- Shielding kids from every difficulty robs them of practice in handling life's challenges.
- Small frustrations (like a tricky puzzle or waiting a few minutes for help) build patience and problem-solving skills.

2. Boredom Isn't Bad

- Constant stimulation from screens can dull curiosity.
- Letting kids experience boredom creates space for imagination, creativity, and self-discovery.

3. Screens and Social Media

- Technology isn't going away, but heavy use can lead to loneliness and anxiety.
- Balance matters: limiting screen time, teaching mindful use, and modelling healthy habits are key.

4. Parents Need Restraint Too

- Kids notice when adults are glued to their phones.
- Modelling presence—reading, drawing, or simply sitting quietly—teaches kids that life doesn't have to be constantly filled with screens.

Practical Tips for Parents

- **Pause Before Helping:** If your child asks for help, wait a few minutes. Encourage them to try first.
- **Make Things Just a Bit Harder:** Give challenges that require effort—like board games, chores, or puzzles.
- **Encourage Real-World Play:** Let kids play outside, climb, build, and explore with peers—even if it's messy or imperfect.

- **Embrace Boredom:** Remind kids (and yourself): "It's okay to be bored." Often, creativity follows.
- **Create Screen-Free Zones:** Mealtimes, bedtime routines, and family outings can be tech-free moments.
- **Model Healthy Habits:** Put your own phone down. Show your kids how to be present, curious, and engaged in the real world.
- **Build Community:** Rely on neighbours, friends, and extended family. Kids need more than just parents—they thrive with a wider circle of support.

Obstacle parenting isn't about making life hard for children. It's about giving them space to:

- Build confidence.
- Develop focus and endurance.
- Learn how to handle frustration.
- Discover creativity in boredom.
- Grow into resilient, less anxious adults.

Sometimes, the best gift we can give our kids is to step back, let them struggle a little, and trust that they can rise to the challenge.

Yielding to Emergency Vehicles

by Alberta Health Services

For everyone's safety, it is important motorists understand how to correctly yield right-of-way to emergency vehicles when their lights and sirens are activated. You can help all first responders navigate roads quickly and safely by following these basic rules.

When an emergency vehicle approaches with lights and siren activated:

- If you're in the middle of an intersection when an emergency vehicle approaches with lights and siren activated, safely clear the intersection; be prepared to pull over.
- On a one- or two-lane road, motorists should move to the right side of the road, slow down, and then stop, remaining parallel with the road. Remember to signal.
- On one-way streets move to the nearest curb, either the right or left.
- On a road with three or more lanes, motorists should move to the nearest side of the road and stop. If driving in the centre lane, move to the right side of the road and stop. Remember to signal.
- Come to a complete stop and wait for the emergency vehicle to pass. Shoulder check for more emergency vehicles before re-entering traffic flow. Remember to signal.
- Emergency vehicles might use any available road space to maneuver. This could include shoulders or turning lanes, etc., in order to safely pass other traffic.

When operating a vehicle:

- Reduce speed to 60 km/h or the posted speed, whichever is lower, when passing any stopped roadside vehicle with flashing lights activated (emergency vehicles, tow trucks, maintenance trucks, etc.). This law applies to the lane immediately next to the stopped vehicles. If you're not in the lane next to the stopped vehicles, it is recommended to reduce speed and leave lots of space between yourself and emergency personnel.
- Do not break the rules of the road in order to give right of way to an emergency vehicle. This could include proceeding through a red light or making an illegal turn. Actions such as these jeopardize all motorists in the area.

- Drivers must place their full attention on the road and the safe operation of their vehicle at all times. The fine for distracted driving in Alberta is \$300 and three demerit points.
- Do not drive within 150 meters of an emergency vehicle with its siren and/or flashing lights on. For reference, 150 m is nearly 1.5 times the length of a football field.

Magic Carpet Ride

Family Literacy Program

A family that reads together, grows together.

The Magic Carpet Ride program is for 3-5 year olds and their parents or caregivers. We help families learn to use everyday activities to build a love of literacy and learning. Held at convenient locations across Calgary.
