Word of the Month

Syzygy: noun (si-zuh-jee)

A nearly straight line-up of three celestial bodies in a gravitational system.

During an eclipse, the Earth, moon, and sun align to form a syzygy.

PRESIDENT'S MESSAGE

Summer is rapidly progressing, vegetable gardens are maturing, and before you know it schools will be back in. Summer is never long enough!

The MLCA Community Hall Revitalization Project continues to progress, and we will have a new modernized community hall hopefully by the end of September. There is a rendering of the finished front view on the MLCA website if you would like a preview.

We still have available spots for our wonderful pre-school program with a September start, particularly for afternoon slots. If you want your child to be as prepared as possible for kindergarten and grade one, this is the place to go.

Stay tuned, we will soon be sharing information on fall programs and activities, everything from yoga to swim club, and prancing peanuts. We expect most programs will be back up running by October in line with the Hall Revitalization Project completion.

As always, we are looking for volunteers for a number of community roles, just use the MLCA website to express your interest. The MLCA Board has openings for Vice President, and Facilities and Volunteer Directors. We are also looking for members of the Sustainability, Development Planning and Mobility, and Sponsorship subcommittees. Being a community volunteer is fulfilling and a great way to meet your neighbours.

The MLCA Sponsorship team is actively pursuing opportunities to raise funds for future MLCA capital

projects. We are canvassing local businesses for common interest opportunities, including selling space on the hockey/volleyball boards, and we have a donate function on the MLCA website.

The MLCA website is a great place to get more information on all activities, events, and programs.

If you aren't already a MLCA member, I recommend you sign up. For a reasonable cost, you get access to a number of activities and programs, as well as a long list of local vendor discount programs.

We have had a couple of MLCA personal changes. Welcome to new General Manager Nii Amah Ayi who will be responsible for managing MLCA's activities, and I would like to take this opportunity to thank Alyssa Yoemans, the MLCA Hall Rentals and Program Support Coordinator for the last couple of years, who is leaving us for a new position. Alyssa has made a significant contribution to the MLCA in her time with us and we wish her well.

Planning and Development

We have many new projects slated for construction in the Marda Loop area. As a development committee we provide comments on the projects and meet with developers to voice concerns on resident's behalf. We also meet with City representatives and those from the Ward 8 office. You can email us your concerns or questions at development@mardaloop.com.

A few upcoming projects which are also posted on the Marda Loop website under Planning and Development

- LOC2025-0010 - 2234 34 Ave SW, 2230 34 Ave SW, 2236 34 Ave SW, 2240 34 Ave SW, 2224 34 Ave SW Revised Applicant Submission – June 2026.
- From O2 Planning's application - this seeks to amend the site's existing 'Mixed-Use – General' district (MU-1) in response to stakeholder feedback from the original application to a maximum of ten stories. The amended application will still enable a transit oriented, mixed-use development that will revitalize under-utilized parcels while activating a section of 34 Ave with ground floor retail commercial and providing multi-residential housing in Marda Loop.
- DP2026-03690 1508 34 Ave SW.
- Calgary Housing has submitted a development application for 19 units.
- Sarina 1,500 on the South side of 33 Ave and 14 St SW DP2026-02795.
- It is a mixed-use building with commercial space and five stories of residential space.

Also check out our Instagram account for developments <https://www.instagram.com/mardaloopyyc/>.

Residents have the option of using Dmap as well to submit their comments. <https://developmentmap.calgary.ca>.

Citywide Rezoning

Council's decision to repeal citywide rezoning is now underway, with Administration going ahead with implementing the repeal. The City's webpage provides current information and updates <https://www.calgary.ca/planning/projects/rezoning.html>.

Mobility updates

The Glenmore Trail study is ongoing, and you can give your feedback at <https://engage.calgary.ca/glenmorestudy>.

Construction Begins in Mid-Summer for 26 Ave SW

This is information from the City of Calgary.

Hello Neighbour,

Please be advised that construction related to the 26 Avenue SW Improvements project is expected to start in early August. Whether it's a walk to the park, a bike ride to school, a bus trip to the store, or a drive home, these improvements will help everyone travelling along 26 Avenue SW get where they're going safely.

To reduce the need for future disruptions, additional work, including water main and storm system upgrades, will be completed at the same time as the safety and mobility improvements. Find out more here <https://www.calgary.ca/planning/transportation/26-ave-sw-improvements.html>.

Volunteer With Us!

We do need more people on our Planning and Mobility Committee! We need people with an architecture background, communications, or planning. We have unique communities within our association that needs representation. South Calgary, Marda Loop, Altadore, River Park and Garrison Woods are all part of the Marda Loop Communities Association. Email us at development@mardaloop.com.

Help Cyclists Get Home Safely This Summer

Seven people have been killed and more than 1,700 cyclists injured in Calgary over the past decade, underscoring the risks as more people use pathways and roads during the summer months.

Many of these incidents are preventable and often come down to speed, spacing, and predictability on shared pathways. Riders are reminded to keep right, yield to pedestrians, and adjust their speed to suit conditions. While the posted pathway speed limit is 20 km/h, cyclists are expected to slow further in crowded areas, on corners, and near underpasses where sightlines are reduced.

Safe passing remains a key focus. Riders should signal early using a bell or voice, leave at least one metre of space, and wait for a clear opportunity to pass. Passing in tight spaces or on blind corners increases the risk of collisions, especially as children, pets, and groups can move unpredictably.

Please use extra caution while using shared e-bikes and e-scooters. Their added speed, weight, and quiet operation can reduce reaction time for others, requiring earlier slowing and clearer signaling.

On roadways, cyclists have the same rights and responsibilities as drivers but are more vulnerable.

Motorists are required to leave at least one metre when passing at lower speeds and 1.5 metres at higher speeds, and to check carefully before turning, opening doors, or pulling away from the curb.

Consistent, predictable behaviour from all users is key to reducing injuries and preventing further loss of life. Learn how you can keep our pathways safe calgary.ca/besafe.

ALTADORE

GARRISON WOODS

SOUTH CALGARY

Recruiting for the Facilities and Volunteer Director Positions

Facilities Director

The Marda Loop Communities Association is looking for a volunteer Facilities Director to help make our community hall a safe, reliable, accessible, and welcoming place for everyone. Working with our General Manager, you'll help

- prioritize building improvements.
- support grant-funded projects.
- guide the long-term care of one of Calgary's busiest community facilities.

This rewarding volunteer role includes monthly committee and Board meetings (September through June). Experience in the trades, construction, or facilities management is an asset, but enthusiasm, organization, and a passion for improving our community are what matter most.

Volunteer Director

The Volunteer Director is responsible for recruiting, coordinating, and supporting volunteers for Association programs and events. This role oversees volunteer scheduling, assigns event roles and responsibilities, and leads the organization of the Association's casino fundraising event. The Director also maintains volunteer records and data to support planning and communication. Working collaboratively with Board members, staff, and volunteers, they help create a positive volunteer experience while strengthening community engagement. Strong organizational, communication, and leadership skills are key to success in this role.

Interested in applying to either role? Contact Lee at president@mardaloop.com for more information!

BIG HISTORY, LITTLE ARMS

Want to know something cool? SUE the T. Rex is the most well-preserved *Tyrannosaurus rex* ever found, and she is currently right here in Calgary. Spanning over 5,000 square feet, this fossil is 90% intact. Pretty good for something over six million years old.
