Community Notice: Pump Track Safety and Respect

Marda Loop Communities Association (MLCA) is aware of the recent concerning activities at the Pump Track and understands the concerns these incidents may raise among community members.

The Pump Track was built to bring our community together and provide a welcoming space for children, families, and biking enthusiasts of all ages to enjoy the sport, stay active, and connect with one another.

Unfortunately, we have received concerns about littering and inappropriate items being left at the facility, including used condoms, vapes, and general garbage. These items create an unpleasant environment and can pose health and safety concerns for those using the space, particularly children and families. A garbage bin is conveniently located nearby, and we ask all visitors to dispose of their waste responsibly.

A Message to Parents and Guardians

We encourage parents and guardians to have open conversations with their children who regularly visit the Pump Track about respecting shared community spaces, disposing of garbage properly, and ensuring their behaviour contributes to a safe and welcoming environment for everyone. The Pump Track is a shared space, and we all have a responsibility to take care of it.

Working Together for a Safer Community

Activities that compromise the safety, cleanliness, or enjoyment of this space will not be tolerated. The MLCA has been working with the Calgary Police Service, the City of Calgary, and community members to address these concerns and help ensure the Pump Track remains a safe and enjoyable space for everyone.

We believe the Pump Track can continue to be a positive gathering place for our community, but that requires everyone to do their part. We appreciate the community members who have brought these concerns forward and those who continue to help us maintain a welcoming space for all.

Thank you for helping us keep the Community Pump Track safe, clean, and enjoyable for everyone.

The Marda Loop Communities Association (MLCA)

Rink Volunteers Needed!

Fall is here, and that means it's almost outdoor rink time! Love hockey and skating, and searching for a way to give back to your community? The MLCA is looking for volunteers to help set up and maintain the outdoor rink at the MLCA. Please reach out to sportsrec@mardaloop.com if you're interested!

MARDA LOOP COMMUNITIES ASSOCIATION
PRESCHOOL

What our parents are saying:

"Through the MLCA Preschool, my child has made so many wonderful friends in our neighbourhood. Watching those friendships grow beyond the classroom has been incredibly meaningful for our family.

What started as schoolmates has turned into playdates, birthday parties, and genuine friendships between parents as well. MLCA Preschool has given us more than just a preschool experience—it has helped us build a supportive community and lasting connections that we truly value."

Seniors "Introduction to World Religions" Continues with Visit to Buddhist Temple

The Jam Tse Cho Ling Tibetan Buddhist Temple in Forest Lawn warmly welcomed a group of our Seniors to their sacred space. Tsewong Chazotsang introduced us to Tibetan Buddhism which was too complex to cover during our short visit. She did emphasize that the ultimate aim is the cessation of suffering and the attainment of a state of perfect peace and liberation called Nirvāna. This is not a place, but a profound, unconditioned state of mind free from greed, hatred, and delusion. She shared a few practices towards the attainment of this state and gave us a tour of the temple which houses a life size image of their leader, the Dalai Lama.

The next in this series is a visit to a Ukrainian Museum and Sebor with other religious centres to follow in the coming months.

Calgary Folk Dancers Share Their Talents with Seniors in the Loop

In response to our invitation, dancers from the "Calgary International Folk Dancers Club" came to our Hall recently and performed as well as taught us a select number of dances from Romania, Armenia, Macedonia, Greece, Kenya and Brittany. Members of the club are mostly retired seniors, though all ages 16+ are welcome. They are multicultural and more importantly, their dances are. Their repertoire consists of dances from around the world with an emphasis on Eastern Europe and the Balkans.

They tempted us to join them in some of the dances which made the evening a very enjoyable and entertaining one. If you would like to get to know them a little better, you may want to check out the Calgary International Folk Dancers on https://calgaryfolkdance.ca/about/.

Monthly Gathering Focuses on Scams

Odeta Doroftei, Manager Community Education and Outreach at the Better Business accompanied by Floria Badger, Branch Manager and Pablo Vasquez, Senior Financial Advisor at our local ATB shared the latest scam trends and provided practical prevention tips. Topping the list of top 10 scams was investment followed by home improvement, online purchases, phishing and stories that pull at the heartstrings. Scammers may keep coming up with new tricks but with awareness and research we can stay one step ahead of them

Heather Bhatty

Planning Update

Message From the City of Calgary:

Proposed updates to approved local area plans limited scale policies — from the City of Calgary's planning department.

City Council directed Administration to amend six of the approved local area plans (LAPs) following the repeal of citywide rezoning.

The proposed amendments would limit the areas where rowhouse and townhouse development (i.e. three or more units on a parcel) is considered appropriate by applying consistent policy across all the approved local area plans by applying the same location-based Limited Scale Policies in the Westbrook Communities and Heritage Communities LAPs to North Hill Communities, Riley Communities, West Elbow Communities, East Calgary International Avenue Communities, South Shaganappi Communities and Chinook Communities LAPs.

What are the Proposed Changes?
The proposed updates would limit where rowhouses and townhouses are supported to parcels that have a rear lane and meet one of the following location criteria:

- Within a transit station area,
- Along or adjacent to an identified main street,
- On a corner parcel,
- Or adjacent to a school, park or open space.

More information about the proposed updates can be found on calgary.ca/LAPLimitedScalePolicy.

Planning and Development Services are Gathering Community Feedback
The City of Calgary is conducting a Planning and Development Public Service Satisfaction Survey to better understand the experience of Community Associations and how information from the City related to local planning and development is used. Feedback will be reviewed to improve City service offerings. Comments and suggestions aim to help improve:

- The clarity and accessibility of planning information available to the public.
- The types of information related to planning and development provided by The City.
- How we communicate opportunities for public participation.
- Overall experience of interacting with our services.

Complete the survey at calgary.questionpro.ca/CalgaryPlanningSurvey by December 31, 2026.

Recent Approved Land Use and DP's
On September 24, 2026, two important items passed at planning commission. The first is the development permit for Marc and Mada at 21 and 33 Avenue SW and the second is the Land Use Redesignation for land at 22 Street and 34 Avenue SW.

You can watch all of the planning commission's proceedings here https://www.calgary.ca/council/meetings/agenda-minutes.html#agendas.

To find out more about the white signs you see on a site visit https://developmentmap.calgary.ca.

To ask a question about a development, send an opinion, or ask about the community's stance on a project you can go to our website Planning + Development — Marda Loop Communities Association or email us at development@mardaloop.com.

We are looking for a new Planning and Mobility Director! Send an email to president@mardaloop.com.

Mobility Update

Active School Zone Enforcement and Warnings
Following the back-to-school transition, the Calgary Police Service (CPS) Traffic Safety Team shifted its focus from summer noise enforcement directly onto school and playground zones.

The "Zoo" Effect: Updates from Calgary Parking highlight that school drop-off and pick-up windows remain the most safety-critical times of day, with parents frequently calling out specific corners as "complete zoos and accidents waiting to happen" due to blocked sightlines.

Enforcement Numbers: In recent ticketing sweeps across city school zones, officers visited dozens of schools and handed out scores of speeding violations, speeding warnings, and parking penalties — including

catching drivers going more than double the limit in playground zones, though we don't have any numbers specific to our neighborhood.

School Safety Upgrades
The City of Calgary has been rolling out infrastructure upgrades to combat the community's prominent speeding and pedestrian "near-miss" incidents.

Completed Upgrades: The City recently finalized safety upgrades at 50 schools. If you are driving around local schools in the Altadore/Marda Loop area, watch for newly installed speed cushions, speed humps, curb extensions, and Rectangular Rapid Flashing Beacons (RRFBs).

New Traffic Calming: These specific features — like the speed humps recently added nearby on Vimy Way SW — are generally supported by the Community Association to intentionally slow down vehicles and reduce intersection collisions by up to 80%.

Mobility Projects Under Review
The MLCA Mobility team continues to work with the Ward 8 Councillor's office to discuss traffic, pedestrian, cycling, and mobility safety concerns throughout our community. Some areas currently being evaluated for safety improvements are below:

16 Street 40 Ave: Crosswalk improvements

Passchendaele Avenue SW and Passchendaele Road SW: Traffic calming

31 Avenue SW and 16 Street SW: Crosswalk improvements

20 Street between 33 and 26 Aves SW: Traffic calming and bike lane improvements

33 Ave and 20 Street SW: Traffic signal improvements

Speed Reductions Are Being Implemented
As announced last month, speed reductions are being implemented for several important connector roads in our community.

14 Street SW and 33 Avenue to 38A Avenue

38 Avenue SW and 14 Street to 16 Street

16 Street SW and 34 Avenue to 50 Avenue

20 Street SW and 26 Avenue to 50 Avenue

50 Avenue SW Improvements — Construction Underway
This project improves connections from Crowchild Trail SW to 14A Street SW. It makes it easier to move between neighbourhoods, parks, and schools, supporting access to key destinations, like Glenmore Athletic Park, River Park and Sandy Beach. Improvements include a continuous pathway from Sandy Beach to Mount Royal University and upgrading the street for everyone who uses it. You can find regular updates from the City at: https://www.calgary.ca/planning/transportation/50-ave-sw-improvements.html.

26 Avenue SW Improvements — Construction Underway
The City's 26 Avenue SW Improvements Project continues, with construction taking place along the corridor between 14 Street and 37 Street SW. You can find regular updates from the City at: https://www.calgary.ca/planning/transportation/26-ave-sw-improvements.html.

We will continue advocating for practical measures that improve safety while maintaining reasonable access and mobility issues throughout the community.

Help Us Identify Traffic Safety Concerns
Please continue to let us know about traffic and mobility issues in your neighbourhood. Your observations help us identify recurring problems and determine where further improvements may be needed. You can contact the Mobility Team at:mobility@mardaloop.com.

We also encourage residents to report concerns directly to the City through 311. Every 311 report creates a record and contributes to the City's data and metrics. A greater number of reports can help demonstrate the extent and frequency of an issue and can increase the priority for investigation and potential action. See below for details how to report safety concerns to 311.

Thank you for helping us make our streets safer for everyone who lives, walks, cycles and drives in our community.

November Crossword

Visit bit.ly/mycalgaryanswers or scan the QR code for the answers

Across

6. Directed by Guillermo del Toro, this retelling of a famous novel was released November 7, 2025.

7. This warm yellow gemstone is said to prevent injury and bring strength. It is also November's birthstone.

8. Born November 10, 1989, this actor is most recently known for his role as Dr. Frank Langdon on *The Pitt*.

10. As a treat during the fall, this fruit is typically dipped in melted chocolate or caramel and then covered with various toppings.

11. In Greek mythology this man is cursed to push a boulder up a mountain for all eternity.

12. Born November 7, 1913, Albert ____ was the French philosopher who wrote *The Stranger* in1942.

Down

1. Good for tea and relaxation, these spidery flowers are the birth flower of November.

2. Remembrance Day is celebrated in Canada on what day of November?

3. Watch your French fries! Despite their oceanic nickname, these white and gray birds are found inmany parts of Alberta, including Calgary parking lots.

4. This Indian celebration known as the "Festival of Lights" happens between mid to late-October and mid-November.

5. Toni _____, born November 1, 1972, is an Australian actress who has been in an impressive collection of movies including, *"The Sixth Sense, Little Miss Sunshine, and Knives Out"*.

9. These small brown nuts come from oak trees and have a distinct cup shape.

RECIPE OF THE MONTH

Double Baked Sweet Potato Casserole

by S. Law

As fall approaches, I find myself spending more and more time in the kitchen. As such, there are always a few new recipes I end up trying before winter hits. The most recent would be this recipe for a double baked sweet potato casserole requested to me by a friend. Full of warm spices and the perfect balance between sweet and savoury, this dish is sure to be a crowd pleaser at your next family gathering.

Ingredients

- 5 to 7 medium sweet potatoes
- 1/4 cup butter, cut into small cubes
- 1 egg
- 1/2 tbsp cinnamon
- ½ tbsp nutmeg
- 3 tbsps maple syrup
- ½ tbsp ground cloves
- ½ tbsp ground ginger
- Salt to taste
- 2 cups mini marshmallows (optional)

Directions

1. Begin by peeling and roughly chopping your sweet potatoes. Boil them in a large pot until they are soft enough to mash.
2. Drain the chunks and add them into a glass casserole dish with your butter and egg.
3. Mash the chucks while evenly incorporating the other ingredients. You want everything to be mixed in with no large clumps.
4. Add all your spices and incorporate fully.
5. Put the dish in a 450° F oven and cook for about 35 minutes, or until the top begins to brown slightly.
6. In the last 15 minutes, if you would like to cover the top in mini marshmallows, and place the entire thing back in the over, it does add a little extra sweetness, but it isn't required.
7. Once it's cooked, serve warm and enjoy with family and friends.
