PRESIDENT'S MESSAGE

by Lisa Burton

Join Us for Family-Friendly Fun on Saturday, June 20!

The City of Calgary will celebrate its 13th annual Neighbour Day this year, in commemoration of the incredible outpouring of support and generosity of neighbours following the 2013 floods.

To mark the occasion, the Community Association invites you and your family to our annual celebration on Saturday, June 20 from 10:00 am to 1:00 pm. There will be food trucks and free pony rides, lawn games, face painting, and more. Mark your calendar for a fun, family-friendly Saturday morning, and a great way to meet your neighbours!

Limited Spots Available for Summer Day Camps!

There are still a few spots available for select weeks in our very popular summer day camps. Choose from multi-sport camp or art and activity camp. Camps will start July 6 and run through to the week of August 24. Please note that participants can be registered in a maximum of two weeks in total.

These popular camps for kids aged six to eleven years utilize the community centre gymnasium, surrounding green spaces, Glenmore reservoir pathways, and recreational facilities throughout North Glenmore Park including the Glenmore Aquatic Centre. To register visit www.ngpca.ca/summercamps.

Best wishes for a safe and happy summer!

Neighbour Day

Saturday, June 20
10:00am to 1:00pm

Food trucks, free pony rides
and outdoor fun!

2231 Longridge Dr.

Underfoot: The Broadleaf Plantain

by H.N Wells

Plantago major, or, the broadleaf plantain, is a Eurasian plant commonly referred to as a weed in North America. It was likely introduced into the Americas during the seventeenth century and can now be found widespread across both Canada and the US. Plantain is an incredibly resilient plant, and thrives in almost any conditions, including compact or disturbed soil - as a result, *Plantago major* and other members of its genus tend to grow alongside human-made trails easily and are abundant in urban and agricultural settings.

This funky little flora has some interesting uses! Historically, the plant has been used for both its antibacterial and anti-inflammatory properties, often as a quick in-the-field remedy. Its use dates back as far as the Romans! Pliny the Elder, in *The Natural History*, describes *Plantago lagopus* and *Plantago altissima*, relatives of *Plantago major*, as having natural cauterizing properties. Traditional herbalism also utilizes plantain (and its relatives) for these purposes. Plantain poultices were (and still are) very common. That being said, urban and agricultural weeds are often treated with herbicides, so tread carefully should you decide to try it out.

The broadleaf plantain has since become a naturalized plant - as in, it no longer requires human intervention to spread or to be maintained, as is the case with many ornamental plants. Flora of this category may become invasive should they begin to diminish the resources available to native flora. At this time, *Plantago major* is typically considered to be invasive.

The next time you're walking along the pavement, take a look at the ground! You might notice a small plant with round leaves and spike-like flower stems - that's the plantain, always underfoot.

The Calgary Foundation

by Anne Burke

The Calgary Foundation provides grants which must benefit Calgary and area communities for grassroots community initiatives and other purposes. Its mission is to inspire philanthropy, support the charitable sector, and build a permanent endowment for the current and future needs of people living within these boundaries. The organization was incorporated provincially in 1955 as the Calgary Community Foundation, and is a registered charity. It launched with an endowment of \$100,000, from twenty donors each pledging \$5,000, and its first grants totalled \$1,500. The first Board Chair was author and historian Grant MacEwan (1902 to 1986) who was a Calgary Alderman, Mayor of Calgary, MLA and Party Leader, then Lieutenant-Governor of Alberta. He was invested with the Order of Canada in 1975. Daryl K. "Doc" Seaman was described as a hero, icon, pioneer, philanthropist, visionary, and legend. Donor legacies, such as the Grant MacEwan Nature Protection Fund, the Daryl K. Seaman Canadian Hockey Fund, and MacEwan Family Charity Fund, made larger-scale grants possible. By its 70th anniversary, support for community priorities increased with grants to an estimated 1,313 groups. The organization remains focused on reducing poverty, stronger relations with Indigenous communities, creative living, boosting mental health, and a sustainable future. Today the organization carries on its mandate, with scholarships, awards like the Brenda Strathern Writing Prize, and bursaries. Major grants significantly benefit large-scale initiatives with transformational impact to broadly enrich the community. The Community Grants Program aims to strengthen the charitable sector and engage communities. Strategic Opportunity Grants provide support to small charities. Grassroots Grants like Stepping Stones and Neighbour Grants are smaller amounts. Since 1990, The Sherling Animal Welfare Fund pays for capital projects, animal or public education programs, or services for animals brought to a shelter.

Backyard Play Safety

by Emergency Health Services

Emergency Health Services (EHS) Alberta would like to encourage parents and caregivers to ensure that their backyard play area(s) is made safe for children. Although direct supervision is the best method to reduce the chance of injury, always ensure play equipment in your yard is in good repair and is suited to the age and skill of the children using it. Check the equipment often; replace or repair any worn or broken parts.

Lawn and Garden Tools

- Keep young children away from outdoor power equipment.
- Serious burns may result from touching hot engine surfaces.
- Ensure that all sharp tools, fuel, chemicals, and other hazardous substances are stored in a secure, locked area. A simple latch may not be sufficient.

Water Hazards

- Drowning contributes to unintentional injury-related death among young children.

- Children can drown in just a few centimetres of water if it covers their mouth and nose.
- Ensure all backyard swimming pools are fenced. The fence must be at least 1.8 metres high and have a self-latching, self-closing, and lockable gate.

Insect Bites and Stings

- Minimize the risk of attracting insects by not wearing strong perfumes or scented lotions.
- Avoid wearing brightly coloured clothing outdoors.
- Consider destroying or relocating hives and nests situated near your home.
- To avoid injury through inadvertently stepping on a stinging insect, always wear footwear outdoors.
- If your child has received an 'EpiPen Junior' prescription from your physician (for anaphylactic reactions) ensure they understand when and how to use it.
- If your child experiences a severe reaction to an insect sting, or other environmental cause, seek medical attention or call 9-1-1.

Divorce: Who Gets the House?

by Christopher Bungay, Divorce Lawyer

The decision of “should we or should we not” get a divorce is not easy. It is a process that involves asking yourself a lot of questions about the future. A common question people ask themselves is “If we get a divorce, who will get the house?”

Many divorcing couples own a home together. There are a lot of emotions and memories attached to the home: A child’s first steps, family dinners, family movie nights, the list goes on.

Most often, the question of “who gets the house” arises from another important question: “What is best for the kids?” Children who grew up in the house likely attend schools nearby. Their friends may live in the neighbourhood.

50/50 Roadblock

One major roadblock to one parent owning the house is this: the law (in most cases) says the house is a 50/50 split after a divorce. This means that each spouse is entitled to 50% of the value of the home.

In cases such as this, there are options to avoid this 50/50 roadblock. As part of the divorce process, most couples can negotiate with each other and agree how property and other assets will be split between them. This can be seen from the following example:

- Mr. and Mrs. Lahey own a home worth \$1 million dollars. They also have investments in stocks worth \$1 million dollars.
- Mrs. Lahey wants to stay in the home with the kids. Her aging mom also lives with them. The children attend school near the house.
- Mr. Lahey is okay with moving out, but he does not want to lose out on the money tied up in the house.

Solution: they can agree that Mr. Lahey gets the \$1 million dollars in stock investments, and in turn, Mrs. Lahey becomes sole owner of the family home that is also worth \$1 million dollars.

If Spouses Can’t Agree, a Judge Can Step In

If a couple cannot agree on who stays in the house, there are times when an Alberta judge will step in

and make this decision for them. Sometimes, a judge will order the house to be sold, and the proceeds split between the couple.

However, in other cases, a judge can issue something called an “exclusive possession order.” This is a legal directive that says, “Who lives in the house, and who does not.”

The following are circumstances where a judge might order that one spouse can live in the home:

- There is an economic imbalance – example: a stay-at-home mom has no income, and dad earns \$300,000 per year.
- The children need the home for stability – Here, educational needs, health, or extra-curricular activities may require a child to continue living in the home with one parent.

When deciding what to do with the house, it is always best if a couple can agree on something fair for each of them. However, when that is not possible, one spouse may have to go to Court and ask a judge for help.

Celebrate Canada Day!

by The City of Calgary

Come downtown on July 1 for The City of Calgary's Canada Day celebrations, a full day of fun, connection, and culture for all ages.

Starting at 11:00 am, festivities take place throughout downtown, including The Confluence Historic Site and Parkland, Eau Claire Plaza, Prince's Island Park, Sien Lok Park, and the Municipal Building. Each location offers unique activities and experiences that reflect the diversity of communities that call Canada home.

Featured highlights include an Indigenous spotlight and powwow, the Cultural Carousel showcasing cultural accessories, the Main Stage show with live performances and a variety of food trucks.

Wrap up the day with a spectacular fireworks show above Stampede Park just after 11:00 pm.

Plan your visit with our interactive map and full event schedule at calgary.ca/CanadaDay.

Please consider buying a community association membership, a cost-effective way to support your community. Benefits include:

- Free drop-in playgroup for kids aged 0 to 5 and their caregivers. Watch for updates.
- Free drop-in gym time with access to the equipment room on Friday afternoons from 3:30 to 6:00 pm (call ahead for availability other times of the week).
- Free family skating at Flames Community Arenas (Sunday afternoons between October and February).
- Discounted programs such as FUNctional fitness for adults.
- Access to Lakeview Bridge Club. Members can join the Wednesday afternoon bridge club at no cost.
- Discounted birthday parties including two hours of gym time and a bouncy castle.
- Discounted gym and room rentals at the community association facility.
- A community advocate for development and civic affairs, and a vote at the community association's Annual General Meeting.

To purchase a community membership, visit www.ngpca.ca or complete and return the form found in this publication.

Albertosaurus

Did you know that Alberta has its own dinosaur? The *Albertosaurus*, or "Alberta lizard," was a large theropod first discovered along the Red Deer River, near Drumheller, Alberta in 1884.
