Oakridge and Area Seniors Update

The Oakridge and Area Seniors warmly extend our invitation to weekly calendar events which mainly include Tuesday walks, Wednesday Chats and Learning, plus various Thursday innovative opportunities. The monthly calendars are posted on bulletin boards all around the Oakridge Community Centre.

We are a growing group that values developing friendships, enjoying the outdoors, assisting housebound residents, and adding leadership for intergenerational community activities.

Join us every Wednesday at the Oakridge Community Centre from 9:15 to 11:15 am for coffee and chat. This age-friendly activity is open to everyone.

Looking For Volunteers

If you have ideas about potential community events and some time to help organize them, the Oakridge Community Association would like to hear from you. Please send us an email to oakcomm@telus.net with your idea(s) and contact information, and we will be in touch.

THE YOUNGEST COUNTRY

While some countries and nations are hundreds of years old, some are barely older than a decade! This is the case for South Sudan in Africa; in 2011, they gained independence from Sudan, making them the youngest country on Earth! Other young countries include Kosovo (2008), Montenegro (2006), and Serbia (2006).

Nature's Ottoman

Capybaras, the largest rodents on Earth, are one of the friendliest creatures in the animal world. They're referred to as "nature's ottomans" because they'll allow birds, monkeys, rabbits, and other small critters to cuddle with them or hitch a ride on their backs. Capybaras will even befriend crocodiles and ride on their backs!

THE FIRST CANADIAN SATELLITE

On September 29, 1962, Canada became the third country (after the Soviet Union and U.S.) to launch a satellite into space. Named after a popular French song, Alouette-1 was sent to study the ionosphere. It exceeded its expected lifespan of one year, remaining operational for 10 years, and sent millions of groundbreaking data back to Earth.
