## PRESIDENT'S MESSAGE

Greetings, isn't it great to see how quickly our days are getting longer!

Taking an opportunity here to give a shout out to our wonderful rink volunteers, they keep our outdoor rink in great shape, Trevor and the team are excellent. We really thank them for the quick action and tons of mopping up help on Boxing Day when the pipe that floods the rink broke and there was lots of water seeping into the main hall. Along with our community coordinator Jen, they all went above and beyond, and severe damage was prevented.

As well as our work on facility upkeep and developing programs, part of our mandate as the PBPCA board is to participate and advocate for our community with all City initiatives. At the January PBPCA board meeting we were appreciative to have a visit from our new Ward 11 councillor, Rob Ward.

Rob spoke with us about his first few months in office, his and Council's priorities and emphasis on core services. Infrastructure, policing, firefighting capability, and general safety will be his focus for his term; these basics need attention and support before considering any growth projects. Of course, our questions included queries about the future of water assets and infrastructure. Hopefully by the time you read this the January water main crisis will have been fully addressed, however we have several years of remedial and renewal work in front of us and will likely have intermittent restrictions of some sort in years ahead. Rob suggested it will be valuable for all of our households to implement some form of rainwater capturing for our gardens to supplement City water.

Also mentioned is the upcoming item to replace blanket rezoning, with the public hearing in March anticipated to be at least as long and busy as the previous one! We'll be watching and participating with interest.

Rob's final word was to contact him with any questions or concerns. He strongly suggests contacting 3-1-1 by phone or online with concerns as the first step. When you do that, a Service Record number is assigned and when you contact Rob's office with that number, it enables him to follow up directly with the department confirmed, speeding things up.

I will mention again - we have been approved for a casino April 21 to 22 and will need volunteers! This is a great way to contribute to the community in a way that helps finance all the ideas and maintenance needs of our space.

Our Annual General Meeting is Tuesday, March 3 at 7:00 pm, PBP hall, 2323 Palliser Drive. Please join us!

Email me anytime with comments, questions or concerns.

### The Voice of Cartoon Legends

What do Bubbles from *The Powerpuff Girls*, Timmy Turner from *The Fairly OddParents*, and Dil Pickles from *Rugrats* have in common? They were all brought to life by the same Canadian voice actress: Tara Strong. Celebrating her birthday on February 12, Tara has built an extraordinary career from *Teen Titans* to *Ben 10* and beyond.

### Word of the Month

**Malapropism: noun (mal-uh-prop-iz-uhm)**

The unintentional use of a word that sounds somewhat like the one intended but is very wrong in the context.

Jane was so nervous about her speech she did not realize she had made a malapropism until an audience member made a joke about her word use.

# February Is Heart Month

by Alberta Health Services

Do you know the signs and symptoms of a heart attack and what to do if someone experiences these? Knowing may make the difference between life and death. Recognizing and responding immediately to the warning signs of a potential heart attack may significantly improve survival and recovery. February is Heart Month: take the time to be heart safe and learn how you can reduce your risk.

### Common Signs of a Heart Attack

(Any, or all, of these signs and symptoms may occur)

- Chest discomfort described as simply a mild pressure up to a 'crushing' pain; may also be 'squeezing' or a 'heavy' sensation.
- Discomfort may move to the shoulders, arm, neck, or jaw.
- May include shortness of breath, sweating, or nausea/vomiting.
- Signs may vary person to person and can differ between men, women, and the elderly.

### Heart Attack Risk Factors

- Obesity\*
- Sedentary lifestyle\*
- Smoking\*
- High cholesterol\*
- Age/Gender
- Family history

Speak with your doctor about how to treat your modifiable (\*) risk factors and learn to be heart safe.

### What To Do When Seconds Count

- Call 9-1-1, immediately. Early treatment can greatly reduce heart damage and be the difference between life and death.
- Treatment starts the moment EMS arrives. Paramedics can provide oxygen, start an intravenous, and perform an electrocardiogram (ECG).
- Paramedics can also administer important medication(s) in the early minutes of a heart attack to lessen heart damage.
- During transport, EMS will share information with the hospital so that definitive treatment can begin immediately upon arrival.
- Take a CPR/AED course. Training is widely available from many reputable organizations. It's easy and could make a significant difference in the outcome of someone experiencing a heart attack.
