Residential Traffic Safety Unit

from Calgary Police Service

One of the key tools to help Calgary Police Service monitor and track these issues is the Traffic Service Request (TSR).

IF YOU HAVE A TRAFFIC SAFETY CONCERN:

Go to	Traffic Service Request	or Go to : www.calgarypolice.ca
Scroll Down and Click	REPORT A TRAFFIC CONCERN	A TSR form deals with persistent traffic violation(s) that are noted by the public
Then choose (click)	Click here to submit a traffic service request	 <p>Please ensure you choose the Traffic Service Request Green Light</p>
Confirm that this is not parking related then choose	Start Report	Complete the entire report
<p>Please complete as detailed and accurately as possible to assist officers in enforcement. Please Include directions, times, and any additional information you feel may assist in resolving the issue.</p>		

"A Traffic Service Request deals with persistent traffic violation(s) that are noted by the public in a specific area and that can be expected to re-occur when a responding Officer attends to the complaint. **"One Off" complaints where a specific violator or license number can be identified may be referred to 403-266-1234 for appropriate dispatched response.** If contact information is not provided, and pertinent details are missing, there is no guarantee that action will be taken to address the concerns outlined. A member of the Traffic Section will contact you about your request, to obtain any additional information required and a pre-post contact call from the assigned Officer will inform you of the action taken and results."

RESIDENT PERSPECTIVES

Carolyn's Corner: Plan Your Front Yard Edible Garden

Get ready to move your vegetable garden beyond the back yard this year. In many cases, the front yard may be the only place with the full sun needed for tomatoes, strawberries, squash, peppers, and other delicious edible plants.

Concerns about what the neighbours might think prevents some homeowners from planting in their front yard. Consider telling them your plans in advance with a pledge to keep the garden neat and attractive. Another concern in planting front yard edibles is that passersby might take the produce. You may lose the odd tomato, strawberry or handful of raspberries, but will be surprised at how respectful of your plantings people are.

From self-watering heirloom cedar planters to in-ground galvanized in all shapes and sizes, to small space layered garden boxes, you can grow above or in the ground. Squeeze something in between driveways. Create interesting patterns in the middle of the yard with geometric shapes. You might choose circles or a series of rectangles and squares to create a formal pattern like those found on old European estates. Utilize paths made out of brick, stump rounds, flagstone, or just mulch, to ensure safe and clean movement through the area.

When well-designed and well-tended, a vegetable garden can be attractive enough to serve as a focal point of the landscape. The key is providing structure for the layout. Remember that fruit trees, bushes, and herbs all combine to create 'stories' in the garden. Plant colourful vegetable varieties, flowering shrubs, striking perennials, spring bulbs, and ornamental grasses for year-round interest. Consider leaving a strip of grass along the sidewalk to blend into adjoining yards.... and to keep the veggie snatchers at bay!

This attractive front yard in SW Calgary proves that with purposeful planning, you can create a functional and beautiful vegetable garden right in the middle of your street. Photo compliments of Kathy Cameron.
