COMMUNITY ASSOCIATION NEWS

All residents of Silverado, Belmont, and Yorkville are invited to attend our meetings. If you wish to join us or if you have any questions, please feel free to email us at info@silveradoca.ca.

Do you love to cook? Or want to learn? Have you come up with a yummy recipe? Or had one passed down through the generations? We would love to hear from you! We will be starting a Recipe of the Month section in our newsletter, and would love to include diverse items that represent our community! Please send any submissions to info@silveradoca.ca!

Accidental Poisoning

by Alberta Health Services

Emergency Medical Services (EMS) would like to remind parents and caregivers of precautions to prevent accidental childhood poisonings around the home. Ingesting prescription or over the counter (OTC) medications is a significant cause of accidental childhood poisonings. Other causes of poisoning include ingesting or coming into contact with household items such as dishwasher tablets, mouthwash, or chemicals such as paints, solvents and cleaning products.

Medication Storage

- Place all medications in locked containers and store in an area inaccessible to children
- For easy identification, store all medications in their original packaging; do not mix multiple medications in a single bottle
- Install child locks on all cabinets, or drawers where medications are stored

Safety Tips

- Child-resistant medication bottles are not child proof. They can still be opened by a child
- Take extra precaution with medicines designed to appeal to children such as chewable vitamins or flavored cough and cold syrups
- Promptly dispose of any medications or toxic household products no longer in use

Prevention

- Store household products, cleaning supplies, and cosmetics in locked cabinets or drawers
- Install child latches on cabinets children might also access by climbing on counters or chairs
- Label all plants in and around your home and garden
- Antifreeze, windshield washer fluid, and pesticides are extremely poisonous. Even small amounts of these can cause serious illness if ingested

Poisoning information can be obtained by calling the Poison and Drug Information Service (PADIS) at: 1-800-332-1414.

In case of a poisoning emergency, call 9-1-1. Provide the name of the product ingested and, if it is safe to do so, a sample of the substance for EMS to inspect on their arrival.

Dear constituents,

With just over a month of summer remaining, I hope you've had the opportunity to enjoy the warm weather and relax – whether with your family at Fish Creek Park, with friends at a local patio, or alone taking a day for yourself; this is always a great time of year to sit back and enjoy our beautiful city.

I had a jam-packed July and kicked it off by celebrating Canada Day here in Calgary Midnapore. I joined newly minted Canadian citizens at a citizenship ceremony in Heritage Park, stopped by the Parkland Community Hall for some lunch and fun games, met with members of Calgary's Ahmadiyya Muslim community, and enjoyed some celebrations with my family.

Seemingly right after, I put my cowboy boots on and enjoyed the Greatest Outdoor Show on Earth! I caught up with constituents at local pancake breakfasts, BBQs, and on the Stampede grounds. I always enjoy these two weeks where our city comes together to welcome visitors from across the country and globe in grand Calgary Stampede fashion!

I also welcomed Conservative Party Leader, Pierre Poilievre back to his home town of Calgary and our riding of Calgary Midnapore, where he grew up right here in Shawnessy!

I'm looking forward to another great month of meeting constituents and will share your stories and experiences with my conservative team in Ottawa.

To stay up-to-date on my ongoing work and to hear about my remaining summer plans in the riding, including my annual Ice Cream Social, please sign up for my monthly e-newsletter at StephanieKusieMP.ca.

Sincerely,

Stephanie Kusie

MP Calgary Midnapore

YOUR CITY OF CALGARY

Cigarette Litter

from the City of Calgary

Did you know that cigarette litter is a major environmental concern and contributes to a disproportionate amount of litter in our city? Contrary to popular belief, those white sponge-like butts are not made from cotton or paper — instead, they're a synthetic microfibre that takes years to break down and are unsightly around our city.

- Cigarette filters are one of the most littered items in the world.
- Chemicals that can leach out of cigarette butts include arsenic, ammonia, and lead. The chemicals found in one cigarette butt can leach out and contaminate approximately 7.5 litres of water within one hour. This contaminated water is lethal to aquatic life.
- Sunlight will degrade a cigarette filter and break it into very small particles. These small pieces do not disappear or biodegrade but wind up in the soil or swept in water, contributing to water pollution.
- The fines for the improper disposal of cigarette litter range from \$250 to \$500, with a maximum fine of \$750 for throwing a butt out of a car window.

If you're a smoker, consider buying a pocket ashtray available locally and from popular online retailers.
