Brunch Asparagus with Goat Cheese

by Jennifer Puri

Native to the Mediterranean, the roots of the asparagus plant can be traced back to the ancient Egyptians, Romans, and Greeks. Records show it was a prized vegetable in Rome during the Middle Ages. Asparagus saw a rise in popularity in France during the reign of Louis XIV and was enjoyed by fashionable society across Europe. Asparagus was always considered a luxury item until recent times.

Asparagus or “sparrow grass” has been referred to as the King of Vegetables and is low in calories, high in fiber and folate, and rich in vitamins, minerals, and antioxidants.

There are 300 species of asparagus and people have been eating these dark green vegetable spears with tiny leaves on top for centuries. Asparagus has a distinct flavour and is related to onions, leeks, and garlic. Green asparagus is eaten worldwide. White and purple asparagus are sweeter and more flavourful.

Contrary to popular belief, thickness is not an indication of toughness or tenderness. Asparagus stalks are thick or thin from the moment they spring from the ground.

Asparagus can be steamed, sautéed, grilled, or roasted as it is in the following brunch asparagus with goat cheese recipe.

Prep Time: 20 minutes

Cook Time: 25 minutes

Servings: 3 to 4

Ingredients:

- 1 lb. Asparagus spears
- 1 tbsp. Dijon mustard
- 2 tbsp. rice wine vinegar
- ½ tsp. salt
- ½ tsp. coarse ground black pepper
- ½ cup extra virgin olive oil
- 2 cups of cubed white, brown, or multigrain bread
- 2 cups of cherry tomatoes
- ½ cup of crumbled goat cheese or feta cheese
- 2 tbsp. of finely chopped parsley, basil, or chives

Directions:

- Prepare marinade by combining mustard, vinegar, salt, pepper, and olive oil in a small bowl. Stir until all ingredients are blended and form a smooth mixture.
- Heat Oven to 375 degrees Fahrenheit.
- In a medium size bowl, toss together bread cubes, cherry tomatoes, and 2 tbsp. of the marinade. Spread the bread cubes and cherry tomatoes in a single layer on a baking tray. Place tray on the middle rack of the oven and bake until bread cubes turn a light brown and cherry tomatoes have softened (approximately 12 minutes).
- Remove from oven and set aside.
- Increase oven heat to 400 degrees Fahrenheit.
- Prep the asparagus spears by rinsing under cold water and patting dry with paper towel. Remove and discard the tough bottom parts of the spears and then spread them in a single layer on a foil lined baking tray. Drizzle remaining marinade over the spears and then place on the middle rack in oven. Bake time is 8 to 10 minutes for thin spears, 10 to 12 minutes for medium spears, and 12 to 14 minutes for thick spears.
- Remove asparagus when cooked and arrange on a serving platter. Top with croutons, cherry tomatoes, crumbled goat cheese, and garnish with chopped fresh parsley, chives, or basil leaves.

Brunch asparagus with goat cheese can be served at lunch or brunch and pairs well with eggs, roast ham, chicken, or turkey.

Bon Appétit!

10 Signs That You May Be Suffering from Anxiety

by Nancy Bergeron, R.Psych. | info@nancybergeron.ca

Feeling anxious at times is completely normal. However, unchecked it can become maladaptive and cause distress in our daily lives. How can we tell if our feelings of anxiousness have crossed over into a disorder? Sometimes it's not easy, as anxiety can show up in many different forms such as phobias, social anxiety, and panic attacks.

You may be suffering from unchecked anxiety if you experience any of the following on a regular basis.

- 1. Perfectionism.** Putting expectations on yourself that are not realistic to meet, setting yourself up to fail or not even starting a task due to fear of failure.
- 2. Compulsive Behaviour.** Repeated behaviours like checking locks and washing your hands, overindulging in mood altering substances to relax, or experiencing constant intrusive thoughts.
- 3. Self-Doubt.** Constant negative thoughts or talk that is negative about yourself.
- 4. Muscle Tension.** May cause discomfort around the neck and shoulder area, leading to ongoing headaches and other physical problems.
- 5. Chronic Indigestion.** Trouble enjoying meals because of chronic indigestions and stomach issues.
- 6. Self Consciousness.** Frequent worry about how you present yourself to others in terms of appearance, speech, and mannerisms.
- 7. Panic and Flashbacks.** Feelings of doom and extreme worry that may cause shortness of breath, dizziness, and nausea. This may include flashes of something traumatic from your past.
- 8. Irrational Fears.** Frequent thoughts that are causing fear and discomfort about certain situations. These thoughts lead you to equate those experiences with feelings of dread and worry resulting in self-limiting behaviour.
- 9. Sleep Problems.** Trouble falling asleep or staying asleep, with frequent thoughts related to worry waking you up.
- 10. Excessive Worry.** Difficulty focusing due to intrusive thoughts and frequent worry. This may lead to nervousness, the inability to focus, and feelings of panic.

If any of these symptoms describe how you feel on a regular basis, please seek professional guidance from a psychologist for a formal diagnosis. Cognitive Behavioural Therapy (CBT) is generally the first step and the gold standard for anxiety management. Additionally, your psychologist can help you decide if seeking medical/ pharmaceutical intervention from your doctor may also be necessary.

Guess That Animal!

1. Male _____ are the only creatures in the animal kingdom to undergo pregnancy and give birth.
2. This tree-hugging marsupial's fingerprints are almost indistinguishable from humans', which has confused some forensic crime scene investigators.
3. This monogamous species mates for life and courts one another by gifting each other pebbles.
4. This large rodent is one of the friendliest in the animal kingdom and has been known to befriend crocodiles, monkeys, dogs, and even humans!
5. The _____ is the only mammal that can truly fly and not simply glide.
6. _____ are the only venomous primates; their armpits secrete venom that they lick to coat their teeth before attacking and biting.
