Get Involved

Did you know that SBCA is run entirely by volunteers?

If you loved our past events like the Easter event, Winter Event, Clothing exchanges, Community Cleanup, or one of the many other events SBCA puts on in the community, you should know that they were put together by community members just like yourself who volunteer their time to bring our community together.

Volunteers are the backbone of a community. A community that works together, supports its members, and thrives together. It is a great way to participate in decisions made, help organize events, and be aware of what is happening in your neighbourhood.

If this is something you are interested in or want to share your ideas of what we could do next, please join us. All of our meetings are open to everyone. They are held the first Wednesday of every month at 7:15 pm at the Cardel Rec Centre in the Jets Room.

- Can you donate a few hours of your time?
- Do you have a special talent that you would like to share?
- Can you support the Community Association during events?
- Do you have ideas that would bring the community together?
- Do you have fun ideas to engage individuals and families?

We Want Your Input!

There is no mandatory time commitment if you want to help with just one event, share ideas, or if you want to be very involved, we have space for you. Please come to a meeting and see what we are all about!

We are consistently looking for new members, volunteers, and board members to join the Community Association. The old saying, "Many hands make light work", is still alive and oh so accurate!

If you have ideas or projects that would involve the community, we would love to hear from you! mysbcacalgary.wordpress.com/get-involved/.

Cupid and the Mighty Bow

by Garth Paul Ukrainetz

Cupid has a plan they say
To change the world on Valentine's Day
The opposite of nuclear war
Where love bombs fall forevermore

Projectiles full of love's sweet glow
These arrows need a Mighty Bow
Creating new reality
Great river flows thru Calgary

The arrows launch like missiles fly
Around the world they'll fill the sky
London, Moscow, Houston, Seoul
From Mighty Bow they'll reach their goal

On city streets we'll look above
The mountains shall bring peace and love
Descending to all jaded land
From Mighty Bow and angel's hand

Yes, all is fair in love and war
A cherub stands on rivershore
Lil' Cupid has a plan they say
To change the world on Valentine's Day

February Is Heart Month

by Alberta Health Services

Do you know the signs and symptoms of a heart attack and what to do if someone experiences these? Knowing may make the difference between life and death. Recognizing and responding immediately to the warning signs of a potential heart attack may significantly improve survival and recovery. February is Heart Month: take the time to be heart safe and learn how you can reduce your risk.

Common Signs of a Heart Attack

(Any, or all, of these signs and symptoms may occur)

- Chest discomfort described as simply a mild pressure up to a 'crushing' pain; may also be 'squeezing' or a 'heavy' sensation.
- Discomfort may move to the shoulders, arm, neck, or jaw.
- May include shortness of breath, sweating, or nausea/vomiting.
- Signs may vary person to person and can differ between men, women, and the elderly.

Heart Attack Risk Factors

- Obesity*
- Sedentary lifestyle*
- Smoking*

- High cholesterol*
- Age/Gender
- Family history

Speak with your doctor about how to treat your modifiable (*) risk factors and learn to be heart safe.

What To Do When Seconds Count

- Call 9-1-1, immediately. Early treatment can greatly reduce heart damage and be the difference between life and death.
- Treatment starts the moment EMS arrives. Paramedics can provide oxygen, start an intravenous, and perform an electrocardiogram (ECG).
- Paramedics can also administer important medication(s) in the early minutes of a heart attack to lessen heart damage.
- During transport, EMS will share information with the hospital so that definitive treatment can begin immediately upon arrival.
- Take a CPR/AED course. Training is widely available from many reputable organizations. It's easy and could make a significant difference in the outcome of someone experiencing a heart attack.

Winter Tips to Keep Our Rivers Healthy

by The City of Calgary

When snow melts, water runs off our streets, driveways, and yards, and ultimately ends up in our rivers, creeks, and wetlands. This runoff is called stormwater. Stormwater picks up garbage, chemicals, pet waste, salt, gravel, dirt, and other debris, washing it into our storm drains and our rivers.

The City of Calgary and Calgarians need to work together to manage our stormwater. In newer communities, The City uses storm ponds to help naturally treat stormwater by slowing the flow, allowing sediment and pollution to settle before entering our rivers. While these are found in newer communities, stormwater is not cleaned by a treatment plant, which is why keeping it pollution free is so important. Clean stormwater ensures our rivers, creeks, and wetlands, as well as local wildlife and fish, remain healthy for future generations.

Together we can keep our rivers and creeks healthy by:

- Shovelling shortly after it snows to prevent ice and reduce salt, sand, or gravel use.
- Following the manufacturer's instructions if using salt on your driveway or sidewalks, so you're not using more than needed.
- Sweeping up excess salt, sand, and gravel from your driveway and sidewalks.
- Continuing to pick up pet waste and litter off the ground and dispose of them in the right disposal bin.

What ends up on our streets, ends up in our rivers. For more tips and information, visit calgary.ca/stormwater.

Family Day

by Danielle Robbertze

From big to small, blood related or chosen, family forms an important aspect in all our lives.

That is why Family Day, celebrated on February 16 this year, is a delightful honour to those we hold so near and dear in our lives. Family Day in Alberta was first celebrated in 1990 and introduced by then Premier Don Getty. In fact, Alberta was the first province to declare Family Day as a statutory holiday. Over the years, other provinces followed Alberta's example. They include British Columbia, New Brunswick, Ontario, and Saskatchewan.

The aim of the day? To highlight the importance of family values. Moreover, Family Day gives us a much-needed break during one of the coldest months of the year. Before Family Day there was a large gap between statutory holidays (New Year's Day to Good Friday).

So, what exactly is family? Family can be defined in many different ways depending on the person you ask. From nuclear to single-parent families, adoptive to chosen families, blended to extended families, and even work families—we all find a way to be part of a familial bond. With such a diverse population in this province, a single Albertan's family could be separated by five kilometres to 15,000 kilometres.

And with Family Day falling so close to Valentine's Day each year, February truly is solidified as the month of love in Alberta. Remember this Family Day to call that long-distance relative, hug the ones close by, and celebrate all the family memories created over the years, and while you do all that you can create even more long-lasting memories.
