SBCA Meetings

Meetings are held the first Wednesday of every month
in the Jets Room in the Cardel Rec Centre at 7:00 pm.

Get a SBCA Membership!

Some Membership Benefits Include:

- Perks with local business incentives (check out our website for details)
- Free access to community events
- Access to the community garden

If you have any questions, contact Lena at
sbcamembershipcalgary@gmail.com.

Get Involved

Did you know that SBCA is run
entirely by volunteers?

If you loved our past events
like the Easter event, Winter
Event, Clothing exchanges,
Community Cleanup, or one of the many other events
SBCA puts on in the community, you should know
that they were put together by community members
just like yourself who volunteer their time to bring our
community together.

Volunteers are the backbone of a community. A
community that works together, supports its members,
and thrives together. It is a great way to participate in
decisions made, help organize events, and be aware of
what is happening in your neighbourhood.

If this is something you are interested in or want to
share your ideas of what we could do next, please join
us. All of our meetings are open to everyone. They are
held the first Wednesday of every month at 7:15 pm at
the Cardel Rec Centre in the Jets Room.

- Can you donate a few hours of your time?
- Do you have a special talent that you would like to share?
- Can you support the Community Association during events?
- Do you have ideas that would bring the community together?
- Do you have fun ideas to engage individuals and families?

We Want Your Input!

There is no mandatory time commitment if you want to
help with just one event, share ideas, or if you want to
be very involved, we have space for you. Please come to
a meeting and see what we are all about!

We are consistently looking for new members, volunteers,
and board members to join the Community Association.
The old saying, "Many hands make light work", is still alive
and oh so accurate!

If you have ideas or projects that would involve
the community, we would love to hear from you!

SBCA SNIPPETS

The last couple of months of the year may be winding down, but the Somerset Bridlewood Community Association hasn't slowed down a bit! Your small but mighty volunteer Board of Directors is busy planning a winter celebration for you! Watch for details on our social media and on our website — you don't want to miss this!

September and October were busy with the creation of a beautiful mural for our community garden, a Good Places grant project awarded to us by The Federation of Calgary Communities. We will be hosting an official mural unveiling soon — keep on top of our socials and website for the date and join us!

The SBCA took part in the South Calgary Community Fair on October 3 at Cardel Rec South. It's always a delight connecting with our neighbours and chatting about ways we can create engagement in the future.

Finally, an urgent call for volunteers to join our Board of Directors! We need:

- Events Director(s) — more than one person to serve in this role would be fantastic!
- Grant Writing Director
- Directors at Large — there are no specific portfolios for these directors; they assist wherever needed or in whatever projects interest them.

Board experience is always a good way to give back to your communities and add new skills to your CV. We are flexible and adaptable and offer support in all roles, so don't be afraid to try it out! We encourage everyone to explore their talents and passions so that your rewards from volunteering are as great as your service to your communities. No previous Board experience is needed; we'll help you succeed! Email Sheryl at sbcagardencalgary@gmail.com if you have questions or want to help! Our programs and events can't happen without the support of the people in our communities!

Community Spotlight

Community Cleanups are annual events hosted by Community Associations in partnership with the City of Calgary. Support is offered by various recyclers and other organizations, and the work of event day is undertaken by tireless volunteers. At this year's event

on September 13, the Somerset Bridlewood Community Association via Shank Computer Recycling diverted 1.4 tons of electronics from the landfill. An additional 9.8 tons of waste were collected by the City of Calgary packer trucks which saved Calgary residents a bundle on landfill fees! Metal recycler ALCOP Resource Recycling collected additional metal waste.

SBCA Membership Benefits

Please check out our website at mysbcacalgary.wordpress.com for full membership benefits and details. Your Somerset Bridlewood Community Association membership card must be presented to the businesses in order to access SBCA membership benefits.

Winter Parking Choices Matter Around Schools

As days get shorter and winter conditions arrive, visibility around schools becomes even more important. Snowbanks, early darkness, and icy roads can make it harder to see children crossing streets. Parking rules help reduce these risks by keeping corners, crosswalks, and sidewalks clear. Parking too close to intersections or in prohibited areas can further limit sightlines when visibility is already reduced. Choosing safe, legal parking options and allowing extra time during winter conditions helps protect students and families during the busiest parts of the school day. Learn more: calgaryparking.com/safeschools.

Can You See? Winter Conditions can Make School Areas Harder to Navigate

When visibility is reduced, small parking choices can make a big difference near schools. Shorter days, snow, ice, and changing weather can make it harder for children and drivers to see each other. School areas remain busy during drop-off and pick-up times, with children and families walking, wheeling, cycling, taking the bus, and driving. When vehicles stop or park in the wrong place, they can block sightlines at crosswalks, corners, sidewalks, driveways, bus zones, and school entrances. Even a quick stop can make it harder for

children, families and drivers to see one another clearly.

The Calgary Parking School Patrol Program helps support safer school journeys throughout the school year. Parking Safety and Compliance Officers visit school areas where there are recurring parking or stopping concerns. They focus on education, reminders, and visibility. Enforcement may be used when unsafe parking continues or creates a safety or access issue.

Drivers can help by slowing down, leaving extra travel time, and choosing a safe, legal place to stop or park. Sometimes the safest choice is parking a little farther away and walking the remaining distance. Keeping crossings, corners, and travel lanes clear helps everyone move more safely. Before stopping near a school, ask yourself a simple question: Can children and drivers see each other clearly?

Students can help make school journeys safer by entering the Travel Safe Student Video Contest Parking category. Students are encouraged to submit creative video ideas that show how safe parking choices help everyone travel to and from school. Learn more about school-area safety and the Travel Safe Student Video Contest at CalgaryParking.com/SafeSchools.

A Flower to Remember

Red poppy seeds can remain dormant in the soil for years. During the First World War, artillery and trench warfare disturbed the earth along the Western Front, allowing poppies to bloom across the landscape. The sight inspired Canadian Lieutenant-Colonel John McCrae's 1915 poem "In Flanders Fields", helping the red poppy become an enduring symbol of remembrance.

New Abilities

by Michelle Macdonald, Letter Writing and Mail Club Enthusiast.

If you could wake up tomorrow with the ability to do something new, what would it be? What if it were a completely far-fetched or magical skill? How would you use it, and where would it take you?

Dear reader,

Considering magically gaining a skill overnight made me think of many potential scenarios. One of the first things that came to me was having unlimited home and car maintenance skills because I would be able to use them frequently to support my family. However, when I thought about it, I realized I would not want to spend my time on those tasks because they are messy, time-consuming, and often done alone.

I would want a skill that is more social and homes in on my interests. So, I thought about what I've been attracted to learning in the past. One skill I've worked on for many years is speaking Spanish. It's been an on-and-off process since my twenties, and I'm still at the intermediate level. This gets me by when I'm traveling, but I've always felt frustrated not being fluent because it holds me back from fully expressing myself or truly understanding the people I meet. Wouldn't it be wonderful to communicate effortlessly in another language and just say what's on your mind?

Since we're considering magically gained abilities, I'd take it a step further than fluency in Spanish; I'd wake up ready to communicate in any language. Imagine the opportunities it would open up! I could

use multilingualism to immerse myself entirely in any place and culture.

I absolutely love to travel. I find it's the best way to learn and gain new perspectives. The more different the destination from my home, the more it opens my mind. Being able to speak the local language would vastly improve my understanding of things I'm curious about: history, politics, geography, regional customs, and culture. Reading about these things in books or watching videos online can never match the insights gained by speaking directly with people who have lived the history and experience its culture every day.

My magical language skills could be used for a greater purpose: recording endangered languages before they disappear, deciphering ancient manuscripts or petroglyphs, and even collecting valuable international intelligence. The possibilities feel endless!

Your turn! If you could wake up tomorrow with a new skill, what would it be? Write in your journal or to your pen pal.

Happy writing,

Michelle

Now it's your turn to write it forward. Write a friend, neighbour, or family about our monthly reflection.
